Estimated Number of Respondents: 284.

Estimated Average Annual Burden Hours per Respondent: 9.5.

Estimated Total Annual Burden Hours: 2,704.

Frequency of Collection: Occasional.

Type of Respondents: Respondents include persons registered with the Commission (such as commodity pool operators, commodity trading advisors, derivatives clearing organizations, designated contract markets, futures commission merchants, introducing brokers, swap dealers, and swap execution facilities), persons seeking an exemption from registration, persons whose registration with the Commission is pending, trade associations and their members, eligible contract participants,

There are no capital costs or operating and maintenance costs associated with this collection.

These estimates, as set forth in greater detail below, include the burden hours for complying with the information requirements for exemptive, no-action and interpretative letters contained in section 140.99(c) of the Commission's regulations; effecting the filing of such letters pursuant to section 140.99(d); providing notice to Commission staff of materially changed facts and circumstances pursuant to section 140.99(c)(3)(ii); complying with any conditions that may be contained in a grant of no-action or exemptive relief; complying with requirements to make disclosures to third parties; and preparing and submitting withdrawals of requests for exemptive, no-action and interpretative letters, as provided in section 140.99(f). The estimates also

include burden hours related to a request for confidential treatment made pursuant to section 140.98(b) of the Commission's regulations.⁴

The burden hours associated with requests for exemptive, no-action and interpretative letters include both the drafting and filing of the request itself as well as performing the underlying factual or legal analysis generally to comply with the information collection. The burden hours associated with individual requests will vary widely, depending upon the type and complexity of relief requested, whether the request presents novel or complex issues, the relevant facts and circumstances, and the number of requestors or other affected entities. The Commission provides estimates of the amount of time that any requestor spends on any particular request as each request is unique, based upon the preceding factors.
