**SUPPLEMENTARY INFORMATION:**

**I. General Information**

*A. Does this action apply to me?*

This action applies to the public in general, and may be of particular interest to a wide range of stakeholders including members of the public interested in elemental mercury or mercury compounds generally or specifically in the supply, use, or trade of elemental mercury or mercury compounds, including mercury-added products and manufacturing processes, and interested in the assessment of chemical risks. As such, the Agency has not attempted to describe all the specific entities that may be interested in this action.

**II. What action is the Agency taking?**

As directed in TSCA section 8(b)(10)(B), EPA is publishing an inventory of mercury supply, use, and trade in the United States (15 U.S.C. 2507(b)(10)(B)). The Lautenberg Act defines “mercury” as “elemental mercury” or “a mercury compound” (15 U.S.C. 2507(b)(10)(A)). The purpose of the mercury inventory is to “identify any manufacturing processes or products that intentionally add mercury” (15 U.S.C. 2607(b)(10)(C)). This initial inventory report (Ref. 1) is a compilation of readily available, previously published data on the supply, use, and trade of elemental mercury and mercury compounds. Current, complete information is not available for some topics. EPA is not soliciting comments on this initial inventory report.

The Agency also is directed to carry out and publish such an inventory every

three years after April 1, 2017, as supported by a rule authorized in the Lautenberg Act (15 U.S.C. 2507(b)(10)(B)). That rule must be promulgated by June 22, 2018. (15 U.S.C. 2507(b)(10)(B)). For inventories subsequent to the initial inventory report, EPA is authorized to promulgate a rule to “assist in the preparation of the inventory” so that “any person who manufactures mercury or mercury-added products or otherwise intentionally uses mercury in a manufacturing process shall make periodic reports to the Administrator, at such time and including such information as the Administrator shall determine” (15 U.S.C. 2607(b)(10)(D)). Future triennial inventories of mercury supply, use, and trade are expected to include data collected directly from persons who manufacture (including import) mercury or mercury-added products or otherwise intentionally use mercury in a manufacturing process.

**Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority**

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction

Act (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

**DATES:** Written comments should be submitted on or before May 30, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Cathy Williams, FCC, via email [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [Cathy.Williams@fcc.gov](mailto:Cathy.Williams@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** For additional information about the information collection, contact Cathy Williams at (202) 418-2918.
