#### Honey From the People's Republic of China: Final Rescission of the New Shipper Review of Shanghai Sunbeauty Trading Co., Ltd.

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On December 6, 2016, the Department of Commerce (the Department) published its *Preliminary Rescission* for the new shipper review (NSR) of the antidumping duty order on honey from the People's Republic of China (PRC). The period of review is December 1, 2014, through November 30, 2015. As discussed below, we preliminarily determined to rescind this review because we found the new shipper sales of Shanghai Sunbeauty Trading Co., Ltd. (Sunbeauty) to be non-*bona fide*. Based on our analysis of the comments received, we make no changes to the *Preliminary Rescission*. Accordingly, we have determined to rescind this NSR with respect to Sunbeauty.

**DATES:** Effective March 30, 2017.

**SUPPLEMENTARY INFORMATION:**

### Background

For a complete description of the events that followed the publication of the *Preliminary Rescission*,<sup>1</sup> see the Issues and Decision Memorandum.<sup>2</sup> A list of topics included in the Issues and Decision Memorandum is included as an Appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic version of the Issues and Decision Memorandum are identical in content.

### Scope of the Order

The products covered by this order are natural honey, artificial honey containing more than 50 percent natural honey by weight, preparations of natural honey containing more than 50 percent natural honey by weight and flavored honey. The subject merchandise includes all grades and colors of honey whether in liquid, creamed, comb, cut comb, or chunk form, and whether packaged for retail or in bulk form.

The merchandise subject to this order is currently classifiable under subheadings 0409.00.00, 1702.90.90, and 2106.90.99 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the Department's written description of the merchandise under order is dispositive.

### Analysis of Comments Received

All issues raised in the case briefs by parties are addressed in the Issues and Decision Memorandum.<sup>3</sup> A list of the

issues which parties raised is attached to this notice as an Appendix.

### Final Rescission of Sunbeauty's New Shipper Review

In the *Preliminary Rescission*, we announced our preliminary intent to rescind this review, because we found that Sunbeauty's sales are non-*bona fide* and could not be relied upon to calculate a dumping margin. Based on the Department's complete analysis of all the information and comments on the record of this review, we make no changes to the *Preliminary Rescission*. Accordingly, we have determined to rescind this NSR with respect to Sunbeauty. For a complete discussion, see the Preliminary *Bona Fides* Memo,<sup>4</sup> the Final Business Proprietary Memo,<sup>5</sup> and the Issues and Decision Memorandum.

### Assessment

As the Department is rescinding this NSR, we have not calculated a company-specific dumping margin for Sunbeauty. Sunbeauty's entries covered by this NSR will be assessed at the cash deposit rate required at the time of entry, which is the PRC-wide rate (*i.e.*, \$2.63 per kilogram).

### Cash Deposit Requirements

Effective upon publication of this notice of the final rescission of the NSR of Sunbeauty, the Department will instruct U.S. Customs and Border Protection to discontinue the option of posting a bond or security in lieu of a cash deposit for entries of subject merchandise from Sunbeauty. The following cash deposit requirements will be effective upon publication of these final results for all shipments of subject merchandise from Sunbeauty entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of Tariff Act of 1930, as amended (the Act): (1) For subject merchandise produced and exported by Sunbeauty, the cash deposit rate will continue to be the PRC-wide

rate (*i.e.*, \$2.63 per kilogram); (2) for subject merchandise exported by Sunbeauty but not manufactured by Sunbeauty, the cash deposit rate will continue to be the PRC-wide rate (*i.e.*, \$2.63 per kilogram); and (3) for subject merchandise manufactured by Sunbeauty, but exported by any other party, the cash deposit rate will be the rate applicable to the exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

#### Notifications to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

The Department is issuing and publishing these results in accordance with sections 751(a)(2)(B) and 777(i) of the Act and 19 CFR 351.214 and 19 CFR 351.221(b)(5).

After introductions and brief announcements, the meeting will begin with reports from the Council Chairman and Executive Director, NMFS's Regional Administrator for the Greater Atlantic Regional Fisheries Office (GARFO), liaisons from the Northeast Fisheries Science Center (NEFSC) and Mid-Atlantic Fishery Management Council, representatives from NOAA General Counsel and the Office of Law Enforcement, and staff from the Atlantic States Marine Fisheries Commission (ASMFC) and the U.S. Coast Guard. Following these reports, the Council will hear from its Scallop Committee, which will provide a progress report on 2017 work priorities. The Council also potentially may initiate a framework adjustment to the Atlantic Sea Scallop Fishery Management Plan to address

Northern Gulf of Maine Management Area issues.

After a lunch break, the Council will hear from its Skate Committee, which will provide a summary of comments received during recent scoping hearings for Amendment 5 to the Northeast Skate Complex Fishery Management Plan. The Council also will review and may consider revising the existing control dates for the skate bait and skate non-bait (wing) fisheries. The Council will close out the day with a report from its Habitat Committee, which first will present an overview of input received during two mid-March coral workshops. These workshops were held in New Bedford, MA and Portsmouth, NH with active fishermen to help refine the alternatives in the Council's Draft Omnibus Deep-Sea Coral Amendment. The Council then will identify preferred alternatives in the amendment to send to public hearing. Finally, the Council will receive a progress report on the Clam Dredge Exemption Area Framework Adjustment, which is under development.

*Wednesday, April 19, 2017*

The second day of the meeting will begin with an Ecosystem Status Report by NEFSC staff to update the Council on the state of the Northeast Continental Shelf ecosystem. This report will be followed by an update from the Council's Ecosystem-Based Fishery Management Committee on developing a worked example of harvest control rules for ecosystem management. Next, the Northeast Fisheries Science Center will provide a presentation on the Standardized Bycatch Reporting Methodology and outline steps for improvement. GARFO staff will summarize the peer review that was conducted regarding in-season discard estimation methods, known as the Discard Methodology Review. Members of the public then will be able to speak during an open comment period on issues that relate to Council business but are not included on the published agenda for this meeting. The Council asks the public to limit remarks to 3-5 minutes.

After a lunch break, the Whiting Committee will be up first. The Council will review and is expected to approve the range of limited access, permitting, and possession limit alternatives for the Draft Environmental Impact Statement for Amendment 22 to the Northeast Multispecies Fishery Management Plan. Amendment 22, referred to as "the whiting amendment," is focused on small-mesh multispecies. After that, the Council will spend the remainder of the afternoon on research-related issues.
