AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On November 9, 2016, the Department of Commerce ("Department") initiated an administrative review of the antidumping duty order on certain new pneumatic off-the-road tires ("OTR Tires") from the People's Republic of China ("PRC") for ten companies. Based on timely withdrawal of requests for review, we are now rescinding this administrative review with respect to three of these companies: Weifang Jintongda Tyre Co., Ltd. ("Jintongda"); Trelleborg Wheel Systems (Xingtai) Co., Ltd. ("TWS China"); and Zhongce Rubber Group Company Limited ("Zhongce").

DATES: Effective April 4, 2017.

FOR FURTHER INFORMATION CONTACT: Alex Rosen, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-7814.

SUPPLEMENTARY INFORMATION:

Background

On September 8, 2016, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on OTR Tires from the PRC.¹ In September 2016, the Department received multiple timely requests to conduct an administrative review of the antidumping duty order on OTR Tires from the PRC. Based on these requests, on November 9, 2016, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the "Act"), the Department published in the **Federal Register** a notice of initiation of an administrative review covering the period September 1, 2015, through August 31, 2016, with respect to ten companies: Cheng Shin Rubber Industry Ltd.; Guizhou Tyre Co., Ltd.; Guizhou Tyre Import and Export Co., Ltd.; Qingdao Milestone Tyres Co. Ltd.;

¹ See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 81 FR 62096 (September 8, 2016).

Qingdao Qihang Tyre Co. Ltd.; Shandong Zhentai Group Co., Ltd.; Weihai Zhongwei Rubber Co., Ltd.; TWS China; Jintongda; and Zhongce.² On November 24, 2016, December 13, 2016, and February 7, 2017, Jingtongda,³ Zhongce,⁴ and TWS China,⁵ timely withdrew their respective requests for an administrative review.

Partial Rescission

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. Jingtongda, Zhongce, and TWS China timely withdrew their requests for an administrative review; no other party requested a review of these companies. Accordingly, we are rescinding this review, in part, with respect to these companies, pursuant to 19 CFR 351.213(d)(1).

Assessment

The Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries. For Jingtongda, Zhongce, and TWS China, the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review

period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping and/or countervailing duties.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to an administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

SUPPLEMENTARY INFORMATION:

Background

On November 14, 2016, the Department published the *Preliminary Determination* of sales at LTFV of CTL plate from Japan.¹ A summary of the events that occurred since the Department published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum, which is hereby adopted by this notice.²

Scope of the Investigation

The scope of the investigation covers CTL plate from Japan. For a complete description of the scope of the investigation, see Appendix I.

All issues raised in the case and rebuttal briefs by parties in this investigation are addressed in the Issues and Decision Memorandum. Lorentzen, Acting Assistant Secretary for Enforcement and Compliance, entitled "Issues and Decision Memorandum for the Final Affirmative Determination in the Less-Than-Fair-Value Investigation of Certain Carbon and Alloy Steel Cut-to-Length Plate from Japan," dated concurrently with this notice (Issues and Decision Memorandum).

Verification

As provided in section 782(i) of the Tariff Act of 1930, as amended (the Act), in November and December 2016, we verified the sales and cost information submitted by Tokyo Steel Manufacturing Co., Ltd. (Tokyo Steel) for use in our final determination. We used standard verification procedures, including an examination of relevant accounting and production records, and original source documents provided by Tokyo Steel.³

Changes Since the Preliminary Determination

Based on our analysis of the comments received and our findings at verification, we made certain changes to the margin calculations for Tokyo Steel. For a discussion of these changes, see the "Margin Calculations" section of the Issues and Decision Memorandum.

Adverse Facts Available

In the *Preliminary Determination*, because mandatory respondents JFE Steel Corporation (JFE) and Shimabun Corporation (Shimabun) failed to respond to the Department's questionnaire and informed the Department that they would not participate in this investigation,⁴ we applied adverse facts available (AFA) to these respondents, in accordance with sections 776(a) and (b) of the Act and 19 CFR 351.308. Because we could not corroborate the petition dumping margin of 179.2 percent, we assigned to JFE and Shimabun, as AFA, a dumping margin based on the highest transaction-specific dumping margin calculated for Tokyo Steel.⁵

The Department received no comments regarding its preliminary application of the AFA dumping margin to JFE and Shimabun. For the final
