Applicants’ Representations

1. The Fund is a Delaware statutory trust that is registered under the Act as a diversified, closed-end management investment company. The Fund’s investment objective is to seek long-term capital appreciation through compound growth.

2. The Adviser is a Delaware limited liability company and is registered as an investment adviser under the Investment Advisers Act of 1940. The Adviser serves as investment adviser to the Fund.

3. The applicants seek an order to permit the Fund to issue multiple classes of shares, each having its own fee and expense structure, and to impose asset-based service and/or distribution fees, EWCs and Early Repurchase Fees.

4. Applicants request that the order also apply to any continuously-offered registered closed-end management investment company that may be organized in the future for which the Adviser or any entity controlling, controlled by, or under common control with the Adviser, or any successor in

interest to any such entity,¹ acts as investment adviser and which operates as an interval fund pursuant to rule 23c-3 under the Act or provides periodic liquidity with respect to its shares pursuant to rule 13e-4 under the Securities Exchange Act of 1934 (“Exchange Act”) (each, a “Future Fund” and together with the Fund, the “Funds”).²

5. The Fund intends to make a continuous public offering of its Class I Shares following the effectiveness of its registration statement (File Nos. 333-201801 and 811-23028) on September 15, 2015. Applicants state that additional offerings by any Fund relying on the order may be on a private placement or public offering basis. Shares of the Funds will not be listed on any securities exchange, nor quoted on any quotation medium. The Funds do not expect there to be a secondary trading market for their shares.

6. If the requested relief is granted, the Fund intends to continuously offer at least one additional class of shares (“Class A Shares”) and may also offer additional classes of shares in the future. Because of the different asset-based service and/or distribution fees, services and any other class expenses that may be attributable to a class of a Fund’s shares, the net income attributable to, and the dividends payable on, each class of shares may differ from each other.

7. Applicants state that, from time to time, the Fund may create additional classes of shares, the terms of which may differ from Class I Shares and Class A Shares in the following respects: (i) The amount of fees permitted by different distribution plans or different service fee arrangements; (ii) voting rights with respect to a distribution plan of a class; (iii) different class designations; (iv) the impact of any class expenses directly attributable to a particular class of shares allocated on a class basis as described in the application; (v) any differences in dividends and net asset value resulting from differences in fees under a distribution plan or in class expenses; (vi) any EWC or other sales load structure; (vii) any Early Repurchase Fees; and (viii) exchange or conversion privileges of the classes as permitted under the Act.

¹ A successor in interest is limited to an entity that results from a reorganization into another jurisdiction or a change in the type of business organization.

² Any Fund relying on this relief in the future will do so in a manner consistent with the terms and conditions of the application. Applicants represent that each entity presently intending to rely on the requested relief is listed as an applicant.

⁶ *Id.*

⁷ 17 CFR 200.30-3(a)(31).

8. Applicants state that currently no Fund intends to impose an Early Repurchase Fee. However, in the future, Funds may subject shares to an Early Repurchase Fee at a rate of 2 percent of the aggregate net asset value of a shareholder's shares repurchased by the Fund if the interval between the date of purchase of the shares and the valuation date with respect to the repurchase of those shares is less than one year. Any Repurchase Fee will apply equally to all shareholders of the applicable Fund, regardless of the class of shares held by such shareholders, consistent with Section 18 of the Act and Rule 18f-3 thereunder. To the extent a Fund determines to waive, impose scheduled variations of or eliminate the Early Repurchase Fee, the Fund will comply with the requirements of Rule 22d-1 under the Act as if the Early Repurchase Fee were a CDSL (defined below) and as if the Fund were an open-ended investment company. The Fund's waiver, scheduled variation in, or elimination of, the Early Repurchase Fee will apply uniformly to all shareholders of the Fund regardless of the class of shares held by such shareholders.

9. Applicants state that the Fund may provide periodic liquidity with respect to its shares pursuant to rule 13e-4 under the Exchange Act.³ A Future Fund may adopt a fundamental investment policy to repurchase a specified percentage of its shares in compliance with rule 23c-3 and make quarterly repurchase offers to its shareholders or provide periodic liquidity with respect to its shares pursuant to rule 13e-4 under the Exchange Act. Any repurchase offers made by the Funds will be made to all holders of shares of each such Fund.

10. Applicants represent that any asset-based service and distribution fees for each class of shares will comply with the provisions of NASD Rule 2830(d) ("NASD Sales Charge Rule").⁴ Applicants also represent that each Fund will disclose in its prospectus the fees, expenses and other characteristics of each class of shares offered for sale by the prospectus, as is required for open-end multiple class funds under Form N-1A. As is required for open-end funds, each Fund will disclose its expenses in shareholder reports, and

³ Applicants submit that rule 23c-3 and Regulation M under the Exchange Act permit an interval fund to make repurchase offers to repurchase its shares while engaging in a continuous offering of its shares pursuant to Rule 415 under the Securities Act of 1933.

⁴ Any reference to the NASD Sales Charge Rule includes any successor or replacement rule that may be adopted by the Financial Industry Regulatory Authority ("FINRA").

describe any arrangements that result in breakpoints in or elimination of sales loads in its prospectus.⁵ In addition, applicants will comply with applicable enhanced fee disclosure requirements for fund of funds, including registered funds of hedge funds.⁶

11. Each of the Funds will comply with any requirements that the Commission or FINRA may adopt regarding disclosure at the point of sale and in transaction confirmations about the costs and conflicts of interest arising out of the distribution of open-end investment company shares, and regarding prospectus disclosure of sales loads and revenue sharing arrangements, as if those requirements applied to the Fund. In addition, each Fund will contractually require that any distributor of the Fund's shares comply with such requirements in connection with the distribution of such Fund's shares.

12. Each Fund will allocate all expenses incurred by it among the various classes of shares based on the net assets of the Fund attributable to each class, except that the net asset value and expenses of each class will reflect distribution fees, service fees, and any other incremental expenses of that class. Expenses of the Fund allocated to a particular class of shares will be borne on a pro rata basis by each outstanding share of that class. Applicants state that each Fund will comply with the provisions of rule 18f-3 under the Act as if it were an open-end investment company.

13. Applicants state that each Fund may impose an EWC on shares submitted for repurchase that have been held less than a specified period and may waive the EWC for certain categories of shareholders or transactions to be established from time to time. Applicants state that each of the Funds will apply the EWC (and any waivers, scheduled variations, or eliminations of the EWC) uniformly to all shareholders in a given class and consistently with the requirements of rule 22d-1 under the Act as if the Funds were open-end investment companies.

⁵ See Shareholder Reports and Quarterly Portfolio Disclosure of Registered Management Investment Companies, Investment Company Act Release No. 26372 (Feb. 27, 2004) (adopting release) (requiring open-end investment companies to disclose fund expenses in shareholder reports); and Disclosure of Breakpoint Discounts by Mutual Funds, Investment Company Act Release No. 26464 (June 7, 2004) (adopting release) (requiring open-end investment companies to provide prospectus disclosure of certain sales load information).

14. Each Fund operating as an interval fund pursuant to rule 23c-3 under the Act may offer its shareholders an exchange feature under which the shareholders of the Fund may, in connection with the Fund's periodic repurchase offers, exchange their shares of the Fund for shares of the same class of (i) registered open-end investment companies or (ii) other registered closed-end investment companies that comply with rule 23c-3 under the Act and continuously offer their shares at net asset value, that are in the Fund's group of investment companies (collectively, "Other Funds"). Shares of a Fund operating pursuant to rule 23c-3 that are exchanged for shares of Other Funds will be included as part of the amount of the repurchase offer amount for such Fund as specified in rule 23c-3 under the Act. Any exchange option will comply with rule 11a-3 under the Act, as if the Fund were an open-end investment company subject to rule 11a-3. In complying with rule 11a-3, each Fund will treat an EWC as if it were a contingent deferred sales load ("CDSL").

Applicants' Legal Analysis

Multiple Classes of Shares

1. Section 18(a)(2) of the Act makes it unlawful for a closed-end investment company to issue a senior security that is a stock unless (a) immediately after such issuance it will have an asset coverage of at least 200% and (b) provision is made to prohibit the declaration of any distribution, upon its common stock, or the purchase of any such common stock, unless in every such case such senior security has at the time of the declaration of any such distribution, or at the time of any such purchase, an asset coverage of at least 200% after deducting the amount of such distribution or purchase price, as the case may be. Applicants state that the creation of multiple classes of shares of the Funds may violate section 18(a)(2) because the Funds may not meet such requirements with respect to a class of shares that may be a senior security.

2. Section 18(c) of the Act provides, in relevant part, that a closed-end investment company may not issue or sell any senior security if, immediately thereafter, the company has outstanding more than one class of senior security. Applicants state that the creation of multiple classes of shares of the Funds may be prohibited by section 18(c), as a class may have priority over another class as to payment of dividends because shareholders of different classes would pay different fees and expenses.

3. Section 18(i) of the Act provides that each share of stock issued by a registered management investment company will be a voting stock and have equal voting rights with every other outstanding voting stock. Applicants state that multiple classes of shares of the Funds may violate section 18(i) of the Act because each class would be entitled to exclusive voting rights with respect to matters solely related to that class.

4. Section 6(c) of the Act provides that the Commission may exempt any person, security or transaction or any class or classes of persons, securities or transactions from any provision of the Act, or from any rule or regulation under the Act, if and to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Applicants request an exemption under section 6(c) from sections 18(a)(2), 18(c) and 18(i) to permit the Funds to issue multiple classes of shares.

5. Applicants submit that the proposed allocation of expenses relating to distribution and voting rights among multiple classes is equitable and will not discriminate against any group or class of shareholders. Applicants submit that the proposed arrangements would permit a Fund to facilitate the distribution of its shares and provide investors with a broader choice of shareholder services. Applicants assert that the proposed closed-end investment company multiple class structure does not raise the concerns underlying section 18 of the Act to any greater degree than open-end investment companies' multiple class structures that are permitted by rule 18f-3 under the Act. Applicants state that each Fund will comply with the provisions of rule 18f-3 as if it were an open-end investment company.

Early Withdrawal Charges

1. Section 23(c) of the Act provides, in relevant part, that no registered closed-end investment company shall purchase securities of which it is the issuer, except: (a) On a securities exchange or other open market; (b) pursuant to tenders, after reasonable opportunity to submit tenders given to all holders of securities of the class to be purchased; or (c) under other circumstances as the Commission may permit by rules and regulations or orders for the protection of investors.

2. Rule 23c-3 under the Act permits a registered closed-end investment company (an "interval fund") to make repurchase offers of between five and

twenty-five percent of its outstanding shares at net asset value at periodic intervals pursuant to a fundamental policy of the interval fund. Rule 23c-3(b)(1) under the Act permits an interval fund to deduct from repurchase proceeds only a repurchase fee, not to exceed two percent of the proceeds, that is paid to the interval fund and is reasonably intended to compensate the fund for expenses directly related to the repurchase.

3. Section 23(c)(3) provides that the Commission may issue an order that would permit a closed-end investment company to repurchase its shares in circumstances in which the repurchase is made in a manner or on a basis that does not unfairly discriminate against any holders of the class or classes of securities to be purchased.

4. Applicants request relief under section 6(c), discussed above, and section 23(c)(3) from rule 23c-3 to the extent necessary for the Funds to impose EWCs on shares of the Funds submitted for repurchase that have been held for less than a specified period.

5. Applicants state that the EWCs they intend to impose are functionally similar to CDSLs imposed by open-end investment companies under rule 6c-10 under the Act. Rule 6c-10 permits open-end investment companies to impose CDSLs, subject to certain conditions. Applicants note that rule 6c-10 is grounded in policy considerations supporting the employment of CDSLs where there are adequate safeguards for the investor and state that the same policy considerations support imposition of EWCs in the interval fund context. In addition, applicants state that EWCs may be necessary for the distributor to recover distribution costs. Applicants represent that any EWC imposed by the Funds will comply with rule 6c-10 under the Act as if the rule were applicable to closed-end investment companies. The Funds will disclose EWCs in accordance with the requirements of Form N-1A concerning CDSLs.

Asset-Based Service and/or Distribution Fees

1. Section 17(d) of the Act and rule 17d-1 under the Act prohibit an affiliated person of a registered investment company, or an affiliated person of such person, acting as principal, from participating in or effecting any transaction in connection with any joint enterprise or joint arrangement in which the investment company participates unless the Commission issues an order permitting the transaction. In reviewing applications submitted under section

17(d) and rule 17d-1, the Commission considers whether the participation of the investment company in a joint enterprise or joint arrangement is consistent with the provisions, policies and purposes of the Act, and the extent to which the participation is on a basis different from or less advantageous than that of other participants.

2. Rule 17d-3 under the Act provides an exemption from section 17(d) and rule 17d-1 to permit open-end investment companies to enter into distribution arrangements pursuant to rule 12b-1 under the Act. Applicants request an order under section 17(d) and rule 17d-1 under the Act to the extent necessary to permit the Funds to impose asset-based service and/or distribution fees. Applicants have agreed to comply with rules 12b-1 and 17d-3 as if those rules applied to closed-end investment companies, which they believe will resolve any concerns that might arise in connection with a Fund financing the distribution of its shares through asset-based service and/or distribution fees.

3. For the reasons stated above, applicants submit that the exemptions requested under section 6(c) are necessary and appropriate in the public interest and are consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Applicants further submit that the relief requested pursuant to section 23(c)(3) will be consistent with the protection of investors and will insure that applicants do not unfairly discriminate against any holders of the class of securities to be purchased. Finally, applicants state that the Funds' imposition of asset-based service and/or distribution fees is consistent with the provisions, policies and purposes of the Act and does not involve participation on a basis different from or less advantageous than that of other participants.

Applicants' Condition

Applicants agree that any order granting the requested relief will be subject to the following condition:

Each Fund relying on the order will comply with the provisions of rules 6c-10, 12b-1, 17d-3, 18f-3, 22d-1, and, where applicable, 11a-3 under the Act, as amended from time to time, as if those rules applied to closed-end management investment companies, and will comply with the NASD Sales Charge Rule, as amended from time to time, as if that rule applied to all closed-end management investment companies.

For the Commission, by the Division of Investment Management, under delegated authority.

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-80348; File No. SR-NASDAQ-2017-032]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Nasdaq Rule 5710

March 30, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 22, 2017, The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Nasdaq Rule 5710 (Securities Linked to the Performance of Indexes and Commodities (Including Currencies)).

The text of the proposed rule change is available on the Exchange’s Web site at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Nasdaq Rule 5710 (Securities Linked to the Performance of Indexes and Commodities (Including Currencies)), which allows the listing of Linked Securities.³ The proposed rule change will modify language in Nasdaq Rule 5710(e) to reflect a substantially similar change previously made by NYSE Arca, Inc. (“Arca”) to Arca Rule 5.2(j)(6)(A)(e)⁴ so both the Nasdaq and Arca provisions will be substantively identical.

Specifically, Nasdaq Rule 5710(e) states that for listing of a Linked Security,⁵ the issuer will be expected to have a minimum tangible net worth in excess of \$250 million and exceed by at least 20% the earnings requirements set forth in Nasdaq Rule 5405(b)(1)(A).⁶ The proposed rule change deletes the portion of this rule that requires that a company exceed by at least 20% the earnings requirements set forth in Nasdaq Rule 5405(b)(1)(A).⁷

The proposed rule change will also modify the \$250 million minimum tangible net worth requirement with a parenthetical stating that if the Linked Securities are fully and unconditionally guaranteed by an affiliate of the company, Nasdaq will rely on such affiliate’s tangible net worth for purposes of this requirement.

Nasdaq Rule 5710(e) also provides an alternative listing requirement where a

³ See Nasdaq Rule 5710, which in defining Linked Securities states that “Nasdaq will consider for listing and trading equity index-linked securities (“Equity Index-Linked Securities”) and commodity-linked securities (“Commodity-Linked Securities”), fixed income index-linked securities (“Fixed Income Index-Linked Securities”), futures-linked securities (“Futures-Linked Securities”) and multifactor index-linked securities (“Multifactor Index-Linked Securities” and, together with Equity Index-Linked Securities, Commodity-Linked Securities, Fixed Income Index-Linked Securities and Futures-Linked Securities, “Linked Securities”) that in each case meet the applicable criteria of this Rule.”

⁴ See Securities Exchange Act Release No. 56637 (Oct. 10, 2007), 72 FR 58704 (Oct. 16, 2007) (SR-NYSEArca-2007-92). At the time of Arca’s initial filing, this rule was Arca Rule 5.2(j)(6)(e).

⁵ This requirement will also apply for continued listing effective August 1, 2017. See Securities Exchange Act Release No. 79784 (Jan. 12, 2017), 82 FR 6664 (Jan. 19, 2017) (SR-NASDAQ-2016-135).

⁶ Nasdaq Rule 5405(b)(1)(A) requires a company under the “Income Standard” alternative for the initial listing of a primary equity security on the Nasdaq Global Market to have “Annual income from continuing operations before income taxes of at least \$1,000,000 in the most recently completed fiscal year or in two of the three most recently completed fiscal years.”

⁷ *Id.*

company can list a Linked Security with tangible net worth requirement in excess of \$150 million (instead of \$250 million), provided that the original issue price of all the company’s other index-linked note offerings (combined with index-linked note offerings of the company’s affiliates) listed on a national securities exchange does not exceed 25% of the company’s tangible net worth.

This alternative listing requirement also will be modified to be substantively identical to the Arca provision. Thus, while a company’s listing of a Linked Security under the Nasdaq provision must currently also meet the requirement that the company also exceed by at least 20% the earnings requirements set forth in Nasdaq Rule 5405(b)(1)(A), that earnings test will likewise be deleted.⁸

The proposed rule change will both delete the Nasdaq language discussed above, as well as add the following substantively identical language from the Arca provision, to substantially conform the Nasdaq language to the Arca language. First, that the original issue price of the Linked Securities, combined with all of the company’s other Linked Securities listed on a national securities exchange or otherwise publicly traded in the United States, must not be greater than 25 percent of the company’s tangible net worth at the time of issuance. Second, a parenthetical will be added following this to say that if the Linked Securities are fully and unconditionally guaranteed by an affiliate of the Company, Nasdaq will apply the provisions of this paragraph to such affiliate instead of the Company and will include in its calculation all Linked Securities that are fully and unconditionally guaranteed by such affiliate. Third, as with the Arca provision, a sentence at the end of this listing standard will state that Government issuers and supranational entities will be evaluated on a case-by-case basis.

The Exchange believes that conforming Nasdaq’s listing standards to Arca’s does not impact investor protections and will enhance competition by establishing an equivalent listing standard across Arca and Nasdaq for Linked Securities. Although Nasdaq will be deleting the earnings test, investors will not be adversely affected since a Company will still be required to have at least either (i) \$250 million, or (ii) \$150 million in tangible net worth and subject to a maximum issuance threshold
