

The AGO instructs its chapters to use AGO's compensation schedules and formulas to develop regionally applicable compensation schedules. AGO chapters used the AGO compensation schedules and formulas to develop and publicize regionally applicable compensation schedules. AGO members used the compensation schedules to determine what to charge for their services.

The purpose, effect, tendency, or capacity of the combination, agreement, acts and practices of the AGO has been and is to restrain competition unreasonably and to injure consumers by discouraging and restricting competition among organists and choral directors.

II. The Proposed Order

The Proposed Order has the following substantive provisions.

Paragraph II of the Proposed Order requires the AGO to cease and desist from restraining or declaring unethical, interfering with, or advising against price competition by members, and from creating or recommending lists, guidelines, or model contract provisions for its members to use to determine fees or compensation. It also requires the AGO to cease and desist from restricting members freedom to seek or accept positions or engagements. Paragraph II also prohibits the AGO from accepting as a chapter or maintaining a relationship with any chapter that the AGO knows engages in conduct prohibited by the Proposed Order.

Paragraph III of the Proposed Order requires the AGO to remove from its organization documents and Web site any statement inconsistent with the Proposed Order, including the challenged Code of Ethics restrictions. The AGO must publicize to its members, new members, leaders, employees, and the public the changes the AGO must make to the Code of Ethics, and a statement describing the Consent Agreement. Paragraph III also requires the AGO to terminate recognition of chapters that fail to certify Compliance with the Proposed Order, and chapters that the AGO learns have engaged in any prohibited practice, if such chapters do not commit to ending such practices.

Paragraph IV of the Proposed Order requires the AGO to design, maintain, and operate an antitrust compliance program. Paragraphs V–VII contain standard reporting, notification, and cooperation requirements.

The Proposed Order will expire in 20 years; the Proposed Order limits certain provisions to a period of five years.

By direction of the Commission.

Donald S. Clark,

Secretary.
