SUPPLEMENTARY INFORMATION:

Title: National Visitor Use Monitoring.

OMB Number: 0596-0110.

Expiration Date of Approval: August 31, 2017.

Type of Request: Extension with revision.

Abstract: The Government Performance and Results Act of 1993 requires that Federal agencies establish measurable goals and monitor their success at meeting those goals. Two of the items the Forest Service must measure are: (1) The number of visits that occur on the National Forest System lands for recreation and other purposes, and (2) the views and satisfaction levels of recreational visitors to National Forest System lands about the services, facilities, and settings. The Agency receives requests for this kind of information from a variety of organizations, including Congressional staffs, newspapers, magazines, and recreational trade organizations.

The data from this collection provides vital information for strategic planning efforts, decisions regarding allocation of resources, and revisions of land and resource management plans for national forests. It provides managers with reliable estimates of the number of recreational visitors to a national forest, activities of those visitors (including outdoor physical activities), customer satisfaction, and visitor values. The knowledge gained from this effort helps identify recreational markets as well as the economic contributions visitors' spending has on economic areas around forest lands. For the Forest Service, the collection is designed for a five-year cycle of coverage across all national forests. Conducting the collection less frequently puts information updates out of cycle with forest planning and other data preparation and reporting activities.

At recreation sites or access points, agency personnel or contractors will conduct onsite interviews of visitors as they complete their visit. Interviewers will ask about the purpose and length of the visit, the trip origin, activities, annual visitation rates, trip-related spending patterns, use of recreation facilities, satisfaction with agency services and facilities, and the composition of the visiting party. Primary analysis of the information for the Forest Service and partnering agencies will be performed by Forest Service staff in the Washington Office and by scientists in one or more of the agency's research stations.

Estimate of Annual Burden: 9 minutes (average).

Type of Respondents: Visitors to lands and waters managed by the U.S. Forest Service.

Estimated Annual Number of Respondents: 45,000.

Estimated Annual Number of Responses per Respondent: One.

Estimated Total Annual Burden on Respondents: 6,400 hours.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the agency, including whether the information will have practical or scientific utility; (2) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the request for Office of Management and Budget approval.

Dated: March 30, 2017.

Acting Associate Deputy Chief, National Forest System.

Foreign-Trade Zones Board

[Order No. 2032]

Approval of Subzone Status; Wacker Polysilicon North America LLC, Charleston, Tennessee

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones Act provides for “. . . the establishment . . . of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes,” and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board's regulations (15 CFR part 400) provide for the establishment of subzones for specific uses;

Whereas, the Chattanooga Chamber Foundation, grantee of Foreign-Trade Zone 134, has made application to the Board for the establishment of a subzone at the facility of Wacker Polysilicon North America LLC, located in Charleston, Tennessee (FTZ Docket B-71-2016, docketed October 28, 2016);

Whereas, notice inviting public comment has been given in the **Federal Register** (81 FR 76331, November 2, 2016) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's memorandum, and finds that the requirements of the FTZ Act and the Board's regulations are satisfied;

Now, therefore, the Board hereby approves subzone status at the facility of Wacker Polysilicon North America LLC, located in Charleston, Tennessee

(Subzone 134B), as described in the application and **Federal Register** notice, subject to the FTZ Act and the Board's regulations, including Section 400.13.

Dated: March 30, 2017.

Antidumping Duty Orders on Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China and Antidumping Duty Orders on Certain Crystalline Silicon Photovoltaic Products From the People's Republic of China: Final Results of Changed Circumstances Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On March 6, 2017, the Department of Commerce (the "Department") published its notice of initiation and preliminary results of changed circumstances reviews ("CCRs") of the antidumping duty ("AD") orders on crystalline silicon photovoltaic cells, whether or not assembled into modules, ("solar cells") from the People's Republic of China ("PRC") and certain crystalline silicon photovoltaic products ("solar products") from the PRC (*Preliminary Results*).

The Department preliminarily determined that Hanwha Q CELLS (Qidong) Co. Ltd. ("Q CELLS Qidong") is the successor-in-interest to Hanwha SolarOne (Qidong) Co., Ltd. ("SolarOne Qidong") for purposes of the AD orders on solar cells and solar products from the PRC and that Hanwha Q CELLS Hong Kong Limited ("Q CELLS Hong Kong") is the successor-in-interest to Hanwha SolarOne Hong Kong Limited ("SolarOne Hong Kong") for purposes of the AD order on solar products from the PRC. As such, the Department preliminarily determined that Q CELLS Qidong is entitled to SolarOne Qidong's AD cash deposit rates for purposes of the AD orders on solar cells and solar products from the PRC and Q CELLS Hong Kong is entitled to SolarOne Hong Kong's AD cash deposit rate for

purposes of the AD order on solar products from the PRC.

We provided interested parties 14 days from the date of publication of the *Preliminary Results* to submit case briefs or request a hearing. No interested parties submitted case briefs or requested a hearing.

For these final results, the Department finds that Q CELLS Qidong is the successor-in-interest to SolarOne Qidong for purposes of the AD orders on solar cells and solar products from the PRC and Q CELLS Hong Kong is the successor-in-interest to SolarOne Hong Kong for purposes of the AD order on solar products from the PRC.

DATES: Effective April 13, 2017.

on solar cells and solar products from the PRC.⁵ The Department received comments on October 11, 2016 from SolarWorld Americas, Inc. ("Petitioner") concerning Q CELLS Hong Kong and Q CELLS Qidong's CCR request.⁶ On February 24, 2017, the Department initiated the instant CCRs and made a preliminary finding that: Q CELLS Qidong is the successor-in-interest to SolarOne Qidong and is entitled to SolarOne Qidong's AD cash deposit rates with respect to the AD orders on solar cells and solar products from the PRC and Q CELLS Hong Kong is the successor-in-interest to SolarOne Hong Kong and is entitled to SolarOne Hong Kong's AD cash deposit rate with respect to the AD order on solar products from the PRC.⁷ We provided interested parties 14 days from the date of publication of the *Preliminary Results* to submit case briefs. No interested parties submitted case briefs or requested a hearing.

Scope of the Orders

The merchandise covered by the *Solar Cells Order* is crystalline silicon photovoltaic cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels, and building integrated materials. Imports of the merchandise subject to the *Solar Cells Order* are currently classified under the following subheadings of the Harmonized Tariff Schedule of the United States ("HTSUS"): 8501.61.0000, 8507.20.80, 8541.40.6020, 8541.40.6030, and 8501.31.8000.⁸
