SUPPLEMENTARY INFORMATION:

Title: 30 CFR part 291, *Open and Nondiscriminatory Access to Oil and Gas Pipelines Under the OCS Lands Act.*

OMB Control Number: 1014-0012.

Abstract: The Outer Continental Shelf (OCS) Lands Act (OCSLA) at 43 U.S.C. 1334 authorizes the Secretary of the Interior to prescribe rules and regulations necessary for the administration of the leasing provisions of that Act related to mineral resources on the OCS. Such rules and regulations will apply to all operations conducted under a lease, right-of-way, or a right-of-use and easement. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

The OCSLA requires open and nondiscriminatory access to oil and gas pipelines. The OCSLA provides the Secretary of the Interior the authority to issue and enforce rules to assure open and nondiscriminatory access to pipelines. These regulations provide a mechanism for entities who believe they have been denied open and nondiscriminatory access to pipelines on the OCS. The BSEE established a process, via the subject regulations, to submit complaints alleging denial of access or discriminatory access for a shipper transporting oil or gas production from Federal leases on the OCS. The complaint should include a comprehensive written brief stating the legal and factual basis for the allegation that a shipper was denied open and nondiscriminatory access, together with supporting material. Upon completion, the BSEE Director will review the complaint, answer, and other information, and will serve all parties with a written decision that may include remedial action.

The Independent Offices Appropriations Act (31 U.S.C. 9701), the Omnibus Appropriations Bill (Pub. L. 104-133, 110 Stat. 1321, April 26, 1996), and OMB Circular A-25, authorize Federal agencies to recover the full cost of services that confer special benefits. Under the Department of the Interior's implementing policy, BSEE is required to charge fees for services that provide special benefits or privileges to an identifiable non-Federal recipient above and beyond those which
