

The merchandise covered by the *Solar Products Order* is modules, laminates and/or panels consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including building integrated materials. Subject merchandise includes modules, laminates and/or panels assembled in the PRC consisting of crystalline silicon photovoltaic cells produced in a customs territory other than the PRC. Imports of the merchandise subject to the *Solar Products Order* are currently classified under the following subheadings of the HTSUS: 8501.61.0000, 8507.20.8030, 8507.20.8040, 8507.20.8060, 8507.20.8090, 8541.40.6020, 8541.40.6030 and 8501.31.8000. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of these orders is dispositive.⁹

Final Results of the Changed Circumstances Reviews

Because no interested party submitted comments on, and the record contains no information or evidence that calls into question, the *Preliminary Results*, the Department adopts the analysis from the *Preliminary Results* and Preliminary Decision Memorandum and continues to find that Q CELLS Qidong is the successor-in-interest to SolarOne Qidong with respect to the AD orders on solar cells and solar products from the PRC, and that Q CELLS Hong Kong is the successor-in-interest to SolarOne Hong Kong with respect to the AD order on solar products from the PRC. Therefore, Q CELLS Qidong is entitled to the AD cash deposit rate of SolarOne Qidong for purposes of the AD orders on solar cells and solar products from the PRC, and Q CELLS Hong Kong is entitled to the AD cash deposit rate of SolarOne Hong Kong for purposes of the AD order on solar products from the PRC.

Instructions to U.S. Customs and Border Protection

Based on these final results, we intend to instruct U.S. Customs and Border Protection (“CBP”) to collect estimated duties for all shipments of solar cells from the PRC and solar products from the PRC exported and produced by Q CELLS Qidong and entered, or withdrawn from warehouse,

for consumption on or after the publication date of this notice in the **Federal Register** at the current AD cash deposit rates for SolarOne Qidong. Those cash deposit rates are 13.18 percent¹⁰ and 30.06 percent,¹¹ respectively.¹²

The Department furthermore intends to instruct CBP to collect estimated duties for all shipments of solar products from the PRC exported by Q CELLS Hong Kong and produced by Q CELLS Qidong, and entered or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at the current AD cash deposit rate for SolarOne Hong Kong (*i.e.*, 30.06 percent).¹³ These cash deposit

The 30.06 rate is the adjusted rate.

¹² SolarOne Hong Kong and SolarOne Qidong's separate rates in both orders are combination rates. In the solar products antidumping duty proceeding, SolarOne Hong Kong's separate rate is classified under case number A-570-010-017, where SolarOne Hong Kong is identified as the exporter and SolarOne Qidong is identified as the manufacturer. In the same proceeding, SolarOne Qidong has a separate rate classified under case number A-570-010-016, where SolarOne Qidong is identified as the exporter and manufacturer. In the solar cells proceeding, SolarOne Hong Kong does not have a separate rate and SolarOne Qidong does have a separate rate, classified under case number A-570-979-014, where SolarOne Qidong is identified as the exporter and manufacturer. In updating these combination rates, we intend to revise both the names of the exporters and manufacturer consistent with our final determination that Q CELLS Hong Kong and Q CELLS Qidong are the successors-in-interest to SolarOne Hong Kong and SolarOne Qidong, respectively.

requirements shall remain in effect until further notice.

SUPPLEMENTARY INFORMATION:

Background

On December 1, 2016, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on malleable cast iron pipe fittings from the PRC.¹ On January 3, 2017, the Department received from Anvil International, LLC (“Petitioner”) a timely request to conduct an administrative review of the antidumping duty order on malleable cast iron pipe fittings from the PRC for four producers and/or exporters of the subject merchandise.² Based on this request, on February 13, 2017, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the “Act”), the Department published in the **Federal Register** a notice of initiation of an administrative review covering the period December 1, 2015, through November 30, 2016, with respect to four companies: Beijing Sai Lin Ke Hardware Co. Ltd., Jinan Meide Casting Co., Ltd., LDR Industries, Inc., and Langfang Pannext Pipe Fitting Co., Ltd.³ On March 7, 2017, Petitioner timely withdrew its request for an antidumping duty administrative review of JMC and Pannext.⁴

Partial Rescission

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party who requested a review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. Petitioner timely withdrew its request for an administrative review of JMC and Pannext; no other party requested a review of these companies. Accordingly, we are rescinding this review, in part, with respect to these companies, pursuant to 19 CFR 351.213(d)(1).

Assessment

The Department will instruct U.S. Customs and Border Protection (“CBP”) to assess antidumping duties on all

appropriate entries. For JMC and Pannext, the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to an administrative protective order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: April 10, 2017.

James Maeder,

Senior Director, Office I for Antidumping and Countervailing Duty Operations.
