SUPPLEMENTARY INFORMATION:

Title: USDA Farmers Market Application.

OMB Number: 0581-0229.

Expiration Date of Approval: Three years from approval.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627) directs and authorizes the Secretary of Agriculture to conduct, assist, and foster research, investigation, and experimentation to determine the best methods of processing, preparation for market packaging, handling, transporting, distributing, and marketing agricultural products, 7 U.S.C. 1622(a). Moreover, 7 U.S.C. 1622(f) directs and authorizes the Secretary to conduct and cooperate in consumer education for more effective utilization and greater consumption of agricultural products. In addition, 7 U.S.C. 1622(n) authorizes the Secretary to conduct services and to perform activities that will facilitate the marketing and utilization of agricultural products through commercial channels.

On December 23, 2005, the AMS published a final rule in the **Federal Register** (70 FR 76129) to implement established regulations and procedures under 7 CFR part 170 for AMS to operate the USDA Farmers Market, specify vendor criteria and selection procedures, and define guidelines to be used for governing the USDA Farmers Market. In conjunction, the USDA Farmers Market Application was developed to receive information from farmers and small business owners who are interested in participating in the market. Prospective vendors fill out the Application online once per year.

The information collected on the Application allows AMS the means to review and select participants for the annual market season. The type of information requested on the Application includes: (1) Certification the applicant is the owner or representative of the farm or business; (2) applicant contact information including name(s), address, phone number, and email address; (3) farm or business location; (4) types of products grown or to be sold; (5) business practices and direct sourcing relationships with local farmers, ranchers and growers; (6) weekly sales data; (7) insurance coverage; and (8) all applicable food safety documents. Vendors selected to the market provide a signed copy of the Participant Agreement, which states that the vendor has read, understands and agrees to

adhere to all applicable rules and guidelines as outlined in the USDA Farmers Market Rules, Procedures, and Operating Guidelines. Sales Data is collected from vendors weekly. This information is useful in letting AMS know how well the market and vendors are doing overall.

Two new information collections—the USDA Farmers Market Customer Satisfaction Questionnaire and the VegUcation Questionnaire—are being requested so that AMS can receive feedback from market customers. The purpose of the USDA Farmers Market Customer Satisfaction Questionnaire is to learn who our customers are and what their preferences are in order to improve the USDA Farmers Market. Fruit and vegetable education classes called VegU take place weekly at the USDA Farmers Market. The classes are free for anyone to attend and are taught by USDA subject matter experts. The purpose of the VegUcation Questionnaire is to learn how familiar attendees are with the featured fruit or vegetable, if they found the class valuable, and if their attendance affected their market purchases.
