Abstract: Part 22 of the Commission’s regulations under the CEA establish rules for the protection of customer collateral held by FCMs and DCOs to serve as margin in cleared swaps transactions. As part of this regulatory scheme, regulations 22.2(g), 22.5(a), 22.11, 22.12, 22.16, and 22.17 impose recordkeeping and third-party disclosure requirements on FCMs and DCOs. In addition, regulation 22.13(c)(2) indirectly requires FCMs who post excess collateral with DCOs to perform certain computations regarding such collateral, although it is not expected to materially affect the total paperwork burden associated with part 22.

Regulation 22.2(g) requires each FCM with Cleared Swaps Customer Accounts to, among other things, compute daily and report to the Commission the amount of Cleared Swaps Customer Collateral on deposit in such accounts, the amount of such collateral required to be on deposit in such accounts and the amount of the FCM’s residual financial interest in such accounts. Regulation 22.5(a) requires an FCM or DCO to obtain, from each depository with which it deposits cleared swaps customer funds, a letter acknowledging that such funds belong to the Cleared Swaps Customers of the FCM or DCO, and not the FCM, DCO, or any other person. Regulation 22.11 requires each FCM that intermediates cleared swaps for customers on or subject to the rules of a DCO, whether directly as a clearing member or indirectly through a Collecting FCM, to provide the DCO or the Collecting FCM, as appropriate, with information sufficient to identify each customer of the FCM whose swaps are cleared by the FCM. Regulation 22.12 requires that each Collecting FCM and DCO, on a daily basis, calculate, based on information received pursuant to regulation 22.11 and on information generated and used in the ordinary course of business by the Collecting FCM or DCO, and record certain information about the amount of collateral required for each Cleared Swaps Customer and the sum of these amounts. Regulation 22.16 requires that each FCM who has Cleared Swaps Customers disclose to each of such customers the governing provisions, as established by DCO rules or customer agreements between collecting and depositing FCMs, relating to use of customer collateral, transfer, neutralization of the risks, or liquidation of cleared swaps in the event of default by a Depositing FCM relating to a Cleared Swaps Customer Account. Regulation 22.17 requires that FCM produce a written notice of the reasons and the details concerning withdrawals from Cleared Swaps Customers Account not for the benefit of Cleared Swap Customers if such withdrawal will exceed 25% of the FCMs residual interest in such account.

The Commission believes that the information collection obligations imposed by Commission regulations 22.2(g), 22.5(a), 22.11, 22.12, 22.16, and 22.17 are essential (i) to ensuring that FCMs and DCOs develop and maintain adequate customer protections and procedures over Cleared Swap Customer funds as required by the CEA, and Commission regulations, and (ii) to the effective evaluation of these registrants’ actual compliance with the CEA and Commission regulations. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently validOMB control number.

With respect to the collection of information, the CFTC invites comments on:

• Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
• The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
• Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
• Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology: e.g., permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in §145.9 of the Commission’s regulations. The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from http://www.cftc.gov that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the information collection request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Estimated Average Burden Hours per Registrant: 365.
Estimated Aggregate Burden Hours: 24,820.
