DEPARTMENT OF COMMERCE

International Trade Administration

C–570–052

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Department) preliminarily determines that countervailable subsidies are being provided to producers and exporters of certain hardwood plywood products (hardwood plywood) from the People’s Republic of China (PRC). The period of investigation is January 1, 2015, through December 31, 2015.

DATES: Effective April 25, 2017.

FOR FURTHER INFORMATION CONTACT: Justin Neuman or Matthew Renkey, AD/CVD Operations, Office V, Enforcement
and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0486 or (202) 482–2312, respectively.

**SUPPLEMENTARY INFORMATION:**

**Background**

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (Act). The Department published the notice of initiation of this investigation on December 16, 2016.\(^1\) On January 27, 2017, the Department postponed the preliminary determination of this investigation to April 17, 2017.\(^2\) For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.\(^3\) A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

**Scope of the Investigation**

The product covered by this investigation is hardwood plywood from the PRC. For a complete description of the scope of this investigation, see Appendix I.

**Scope Comments**

In accordance with the preamble to the Department’s regulations,\(^4\) the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage.\(^5\) Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. We have evaluated the scope comments filed by the interested parties and are issuing our preliminary decision regarding the scope of the AD and CVD investigations in conjunction with this preliminary determination. We will issue final scope decisions after considering any relevant comments submitted in case and rebuttal briefs.

**Methodology**

The Department is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, the Department preliminarily determines that there is a subsidy, i.e., a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.\(^6\) The Department notes that, in making these findings, it relied, in part, on facts available and, because it finds that one or more respondents did not act to the best of their ability to respond to the Department’s requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.\(^7\) For further information, see “Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision Memorandum.

**Preliminary Affirmative Determination of Critical Circumstances, in Part**

In accordance with section 703(e)(1) of the Act, the Department preliminarily determines that critical circumstances exist with respect to imports of hardwood plywood from PRC for Shandong Dongfang Bayley Wood Co., Ltd. (Bayley Wood) and all other exporters or producers not individually examined (including those that did not respond to our quantity and value questionnaire), but do not exist with respect to Linyi Sanfortune Wood Co., Ltd. (Sanfortune). For a full description of the methodology and results of the Department’s analysis, see the Preliminary Decision Memorandum.

**Alignment**

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), the Department is aligning the final countervailing duty (CVD) determination in this investigation with the final determination in the companion antidumping duty (AD) investigation of hardwood plywood from the PRC based on a request made by Petitioners.\(^8\) Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than August 30, 2017, unless postponed.

**All-Others Rate**

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, the Department shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act. In this investigation, the Department preliminarily assigned a rate based entirely on facts available to Bayley Wood. Therefore, the only rate that is not zero, *de minimis*, or based entirely on facts otherwise available is the rate calculated for Sanfortune. Consequently, the rate calculated for Sanfortune is also assigned as the rate for all other producers and exporters.

**Preliminary Determination**

The Department preliminarily determines that the following estimated countervailable subsidy rates exist:

Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

International Trade Commission Notification In accordance with section 703(f) of the Act, the Department will notify the International Trade Commission (ITC) of its determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination.

Notification to Interested Parties This determination is issued and published pursuant to sections 703(f) and 777(f) of the Act and 19 CFR 351.205(c).

Dated: April 17, 2017.

Ronald K. Lorentzen,
Acting Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation The merchandise subject to this investigation is hardwood and decorative plywood, and certain veneered panels as described below. For purposes of this proceeding, hardwood and decorative plywood is defined as a generally flat, multilayered plywood or other veneered panel, consisting of two or more layers or plies of wood veneers and a core, with the face and/or back veneer made of non-veneered wood (hardwood) or bamboo. The veneers, along with the core may be glued or otherwise bonded together. Hardwood and decorative plywood may include products that meet the American National Standard for Hardwood and Decorative Plywood, ANSI/ HPVA HP–1–2016 (including any revisions to that standard).

Suspension of Liquidation In accordance with section 703(d)(1)(B) and (d)(2) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or

1 This company was listed as having the following two “aka” names: Shouguang Evergreen Co., Ltd. and Weifang Evergreen Wood Co., Ltd.

13 This company was listed as having the following “aka” name: Suqian Sulu Import and Export Trading.

14 See 19 CFR 351.309; see also 19 CFR 351.303 (for general filing requirements).
For purposes of this investigation a “veneer” is a slice of wood regardless of thickness which is cut, sliced or sawed from a log, bolt, or flitch. The face and back veneers are the outermost veneer of wood on either side of the core irrespective of additional surface coatings or covers as described below.

The core of hardwood and decorative plywood consists of the layer or layers of one or more material(s) that are situated between the face and back veneers. The core may be composed of a range of materials, including but not limited to hardwood, softwood, particleboard, or medium-density fiberboard (MDF).

All hardwood plywood is included within the scope of this investigation regardless of whether or not the face and/or back veneers are surface coated or covered and whether or not such surface coating(s) or covers obscures the grain, textures, or markings of the wood. Examples of surface coatings and covers include, but are not limited to: Ultra Violet light cured finishes; oil or oil-modified or water based polyurethanes; wax; epoxy-ester finishes; moisture-cured urethanes; paints; stains; paper; aluminum; high pressure laminate; MDF; medium density overlay (MDO); and phenolic film.

Additionally, the face veneer of hardwood plywood may be sanded, smoothed or given a “distressed” appearance through such methods as hand-scraping or wire brushing. All hardwood plywood is included within the scope even if it is trimmed, cut-to-size; notched; punched; drilled; or has undergone other forms of minor processing.

All hardwood and decorative plywood is included within the scope of this investigation, without regard to dimension (overall thickness, thickness of face veneer, thickness of back veneer, thickness of core, thickness of inner veneers, width, or length). However, the most common panel sizes of hardwood and decorative plywood are 1219 x 1829 mm (48 x 72 inches), 1219 x 2438 mm (48 x 96 inches), and 1219 x 3048 mm (48 x 120 inches).

Subject merchandise also includes hardwood and decorative plywood that has been further processed in a third country, including but not limited to trimming, cutting, notching, punching, drilling, or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the in-scope product.

The scope of the investigation excludes the following items: (1) Structural plywood (also known as “industrial plywood” or “industrial panels”) that is manufactured to meet U.S. Products Standard PS 1–09, PS 2–09, or PS 2–10 for Structural Plywood (including any revisions to that standard or any substantially equivalent international standard intended for structural plywood), and which has both a face and a back veneer of composite products which have a face and back veneer of cork; (3) multilayered wood flooring, as described in the antidumping duty and countervailing duty orders on Multilayered Wood Flooring from the People’s Republic of China, Import Administration, International Trade Administration. See Multilayered Wood Flooring from the People’s Republic of China, 76 FR 76690 (December 8, 2011) (amended final determination of sales at less than fair value and antidumping duty order), and Multilayered Wood Flooring from the People’s Republic of China, 76 FR 76693 (December 8, 2011) (amended final determination of sales at less than fair value and antidumping duty order), as amended by Multilayered Wood Flooring from the People’s Republic of China: Amended Antidumping and Countervailing Duty Orders, 77 FR 5484 (February 3, 2012); (4) multilayered wood flooring with a face veneer of bamboo, any composition entirely of bamboo; (5) plywood which has a shape other than a flat panel, with the exception of any minor processing described above; (6) products made entirely from bamboo and adhesives (also known as “solid bamboo”); and (7) Phenolic Film Faced Plyform (PFF), also known as Phenolic Surface Film Plywood (PSF), defined as a panel with an “Exterior” or “Exposure 1” bond classification as is defined by the Engineered Wood Association, having an opaque phenolic film layer with a weight equal to or greater than 90g/m² permanently bonded on both the face and back veneers and an opaque, moisture resistant coating applied to the edges.

Excluded from the scope of these investigations are wooden furniture goods that, at the time of importation, are fully assembled and are ready for their intended uses. Also excluded from the scope of these investigations is “ready to assemble” (“RTA”) furniture. RTA furniture is defined as furniture packaged for sale for ultimate purchase by an end-user that, at the time of importation, includes (1) all wooden components (in finished form) required to assemble a finished unit of furniture, (2) all accessory parts (e.g., screws, washers, dowels, nails, handles, knobs, adhesive glues) required to assemble a finished unit of furniture, and (3) instructions providing guidance on the assembly of a finished unit of furniture.

Excluded from the scope are kitchen cabinets that, at the time of importation, are fully assembled and are ready for their intended uses. Also excluded from the scope of these investigations are RTA kitchen cabinets. RTA kitchen cabinets are defined as kitchen cabinets packaged for sale for ultimate purchase by an end-user that, at the time of importation, includes (1) all wooden components (in finished form) required to assemble a finished unit of cabinetry, (2) all accessory parts (e.g., screws, washers, dowels, nails, handles, knobs, hooks, adhesive glues) required to assemble a finished unit of cabinetry, and (3) instructions providing guidance on the assembly of a finished unit of cabinetry.

Imports of hardwood plywood are primarily entered under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 4412.10.0500; 4412.10.0520; 4412.31.0540; 4412.31.0550; 4412.31.2510; 4412.31.2520; 4412.31.4040; 4412.31.4050; 4412.31.4060; 4412.31.4075; 4412.31.4080; 4412.31.5125; 4412.31.5135; 4412.31.5155; 4412.31.5165; 4412.31.5175; 4412.31.6000; 4412.31.9100; 4412.32.0520; 4412.32.0540; 4412.32.0550; 4412.32.2510; 4412.32.2525; 4412.32.2530; 4412.32.3125; 4412.32.3135; 4412.32.3155; 4412.32.3165; 4412.32.3175; 4412.32.3185; 4412.32.5600; 4412.94.1030; 4412.94.1050; 4412.94.3105; 4412.94.3111; 4412.94.3121; 4412.94.3141; 4412.94.3161; 4412.94.3175; 4412.94.4100; 4412.99.0600; 4412.99.1020; 4412.99.1030; 4412.99.1040; 4412.99.3110; 4412.99.3120; 4412.99.3130; 4412.99.3140; 4412.99.3150; 4412.99.3160; 4412.99.3170; 4412.99.4100; 4412.99.5115; and 4412.99.5710.

Aluminum Extrusions From the People’s Republic of China: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Department) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) and countervailing duty (CVD) orders on aluminum extrusions from the
