**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of this sunset review, the Department of Commerce (“Department”) finds that revocation of the antidumping duty (“AD”) order on furfuryl alcohol from the People's Republic of China (“PRC”) would be likely to lead to continuation or recurrence of dumping at the dumping margins identified in the “Final Results of Review” section of this notice.

**DATES:** Effective May 1, 2017.

### SUPPLEMENTARY INFORMATION:

#### Background

On January 3, 2017, the Department published the notice of initiation of the fourth sunset review of the *Order*,<sup>1</sup> pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”).<sup>2</sup> On January 21, 2017, Penn A Kem, LLC (“PennAKem”), a domestic interested party (formerly known as Penn

Specialty Chemicals, Inc. and Great Lakes Chemical, the former a petitioner in the underlying investigation), timely notified the Department of its intent to participate within the deadline specified in 19 CFR 351.218(d)(1)(i). On February 1, 2017, the Department received a complete substantive response from PennAKem within the 30-day period specified in 19 CFR 351.218(d)(3)(i).<sup>3</sup> The Department received no substantive responses from respondent interested parties. Based on the notice of intent to participate and adequate response filed by PennAKem, and the lack of response from any respondent interested party, the Department conducted an expedited sunset review of the *Order*, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2).

#### Scope of the Order

The merchandise covered by this order is furfuryl alcohol (C<sub>4</sub>H<sub>3</sub>OCH<sub>2</sub>OH). Furfuryl alcohol is a primary alcohol, and is colorless or pale yellow in appearance. It is used in the manufacture of resins and as a wetting agent and solvent for coating resins, nitrocellulose, cellulose acetate, and other soluble dyes. The product subject to this order is classifiable under subheading 2932.13.00 of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope is dispositive.

#### Analysis of Comments Received

A complete discussion of all issues raised in this sunset review is provided in the accompanying Issues and Decision Memorandum, which is hereby adopted by this notice.<sup>4</sup> The issues discussed in the Issues and Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margins of dumping likely to prevail if the *Order* were revoked. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and

Countervailing Duty Centralized Electronic Service System (“ACCESS”). ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

#### Final Results of the Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, the Department determines that revocation of the antidumping duty order on furfuryl alcohol from the PRC would be likely to lead to a continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average margins up to 50.43 percent.

#### Notification Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: April 25, 2017.
