III. Discussion and Commission Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of Section 6 of the Act,8 and the rules and regulations thereunder applicable to a national securities exchange.9 In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(1) of the Act,10 which requires a national securities exchange to be so organized and have the capacity to carry out the purposes of the Act and to comply, and to enforce compliance by its members and persons associated with its members, with the provisions of the Act. The Commission also finds that the proposed rule change is consistent with Section 6(b)(3) of the Act,11 which requires that the rules of a national securities exchange assure a fair representation of its members in the selection of its directors and administration of its affairs and provide that one or more directors shall be representative of issuers and investors and not be associated with a member of the exchange, broker, or dealer. The Commission further finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,12 which requires, among other things, that a national securities exchange have rules designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

In particular, the Commission notes that the proposal to require at least five directors for the Board, rather than a required range of not less than 12 and not more than 16, is comparable to the directors for the Board, rather than a proposal to require at least five directors, to protect investors and the mechanism of a free and open market to foster cooperation and manipulation acts and practices, to national securities exchange have rules.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,21 that the proposed rule change (SR–C2–2017–009) be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.22

Eduardo A. Aleman, Assistant Secretary.
