SUPPLEMENTARY INFORMATION: ONMS serves as the trustee for a network of underwater parks encompassing more than 600,000 square miles of marine and Great Lakes waters from Washington state to the Florida Keys, and from Lake Huron to American Samoa. The network includes a system of 13 national marine sanctuaries and Papahānaumokuākea and Rose Atoll marine national monuments. National marine sanctuaries protect our nation's most vital coastal and marine natural and cultural resources, and through active research, management, and public engagement, sustain healthy environments that are the foundation for thriving communities and stable economies. One of the many ways ONMS ensures public participation in the designation and management of national marine sanctuaries is through

the formation of advisory councils. National marine sanctuary advisory councils are community-based advisory groups established to provide advice and recommendations to the superintendents of national marine sanctuaries on issues including management, science, service, and stewardship; and to serve as liaisons between their constituents in the community and the sanctuary. Additional information on ONMS and its advisory councils can be found at <http://sanctuaries.noaa.gov>. Materials related to the purpose, policies, and operational requirements for advisory councils can be found in the charter for a particular advisory council (http://sanctuaries.noaa.gov/management/ac/council_charters.html) and the *National Marine Sanctuary Advisory Council Implementation Handbook* (<http://sanctuaries.noaa.gov/management/ac/acref.html>).

[Docket No. ED–2017–ICCD–0058]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; 2016–17 Baccalaureate and Beyond Longitudinal Study (B&B: 16/17) Main Study

AGENCY: Department of Education (ED), National Center for Education Statistics (NCES).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a revision of an existing information collection.

DATES: Interested persons are invited to submit comments on or before May 31, 2017.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED–2017–ICCD–0058. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 224–82, Washington, DC 20202–4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact NCES Information Collections at NCES.Information.Collections@ed.gov.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand the Department’s information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the

respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: 2016–17

Baccalaureate and Beyond Longitudinal Study (B&B: 16/17) Main Study.

OMB Control Number: 1850–0926.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 22,481.

Total Estimated Number of Annual Burden Hours: 9,812.

Abstract: This request is for the National Center for Education Statistics (NCES) to conduct the 2016/17 Baccalaureate and Beyond Longitudinal Study (B&B:16/17). The B&B studies of the education, work, financial, and personal experiences of individuals who have completed a bachelor’s degree at a given point in time are a series of longitudinal studies. Every 8 years, students are identified as bachelor’s degree recipients through the National Postsecondary Student Aid Study (NPSAS). B&B:16/17 is the first follow-up of a panel of baccalaureate degree recipients identified in the 2015–16 NPSAS, and part of the fourth cohort (B&B:16) of the B&B series. B&B cohorts prior to B&B:16 were approved under OMB# 1850–0729. The B&B:16 cohort is submitted and reviewed under OMB# 1850–0926. The primary purposes of the B&B studies are to describe the post-baccalaureate paths of new college graduates, with a focus on their experiences in the labor market and post-baccalaureate education, and their education-related debt. B&B also focuses on the continuing education paths of science, technology, engineering, and mathematics (STEM) graduates, as well as the experiences of those who have begun careers in education of students through the 12th grade. Since graduating from college in 2014–15 for the field test, and 2015–16 for the full-scale study, members of this B&B:16 cohort will begin moving into and out of the workforce, enrolling in additional undergraduate and graduate education, forming families, and repaying undergraduate education-related debt. Documenting these choices and pathways, along with individual, institutional, and employment characteristics that may be related to those choices, provides critical information on the costs and benefits of a bachelor’s degree in today’s workforce. B&B studies include both traditional-age and non-traditional-age college graduates, whose education options and
