

other things, are clear and transparent and specify clear and direct lines of responsibility. According to OCC, the proposed amendments to OCC's By-Laws, Rules, charters and policies will provide clear and transparent statements of the responsibilities of its Executive Chairman/CEO, COO and CAO within the overall management structure of OCC. In addition, the proposed amendments support clarity and transparency by reflecting in OCC's By-Laws and Rules organizational changes to provide that the President will no longer be a recognized officer of OCC, to provide that the Board will appoint the COO and CAO, and to separate the positions of Treasurer and CFO. Finally, the proposed changes, in specifying the responsibilities of the Chairman/CEO, COO and CAO, support the requirement that OCC provide for governance arrangements that specify clear and direct lines of responsibility, helping to clarify the roles that each individual will fulfill and fostering accountability at OCC.

III. Conclusion

On the basis of the foregoing, the Commission finds that the proposed change is consistent with the requirements of the Act, and in particular, with the requirements of Section 17A of the Act²¹ and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,²² that the proposed rule change (SR-OCC-2017-002) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²³

Self-Regulatory Organizations; Bats BZX Exchange, Inc.; Order Granting Approval of a Proposed Rule Change, as Modified by Amendment Nos. 3 and 5, To List and Trade Shares of the Amplify YieldShares Oil Hedged MLP Fund, a Series of the Amplify ETF Trust, Under BZX Rule 14.11(i), Managed Fund Shares

April 26, 2017.

I. Introduction

On February 17, 2017, Bats BZX Exchange, Inc. ("Exchange" or "BZX") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act" or "Exchange Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade shares ("Shares") of the Amplify YieldShares Oil Hedged MLP Fund ("Fund"), a series of the Amplify ETF Trust ("Trust"). The proposed rule change was published for comment in the **Federal Register** on March 7, 2017.³ On March 30, 2017, the Exchange filed Amendment No. 2 to the proposed rule change.⁴ On April 7, 2017, the Exchange filed Amendment No. 3 to the proposed rule change,⁵ and on April 24, 2017, the Exchange filed Amendment No. 5 to the proposed rule change.⁶ The Commission

⁴ The Exchange filed and withdrew Amendment No. 1 on March 30, 2017. Amendment No. 2 replaced the original filing in its entirety.

⁵ In Amendment No. 3, which amended and replaced the proposed rule change, as modified by Amendment No. 2, in its entirety, the Exchange: (a) Added representations clarifying that the proposed rule change will constitute continued listing requirements for listing Shares on the Exchange; (b) added representations that the Fund will conform with certain requirements applicable to Managed Fund Shares; and (c) made other technical and clarifying amendments. Because Amendment No. 3 does not materially alter the substance of the proposed rule change or raise unique or novel regulatory issues, it is not subject to notice and comment. Amendment No. 3 is available at <https://www.sec.gov/comments/sr-batsbzx-2017-14/batsbzx201714-1692102-149689.pdf>.

⁶ The Exchange filed Amendment No. 4 on April 19, 2017, and withdrew it on April 24, 2017. In Amendment No. 5, the Exchange: (1) Clarified how the composition of the Fund's holdings would be calculated; and (2) provided additional detail regarding the historical average daily contract volume for WTI Crude Oil Futures (as defined below). Because Amendment No. 5 does not materially alter the substance of the proposed rule change or raise unique or novel regulatory issues, it is not subject to notice and comment. Amendment No. 5 is available at <https://www.sec.gov/comments/sr-batsbzx-2017-14/batsbzx201714-1719288-150433.pdf>.

received no comments on the proposed rule change. This order approves the proposed rule change, as modified by Amendment Nos. 3 and 5.

II. Exchange's Description of the Proposal

The Exchange proposes to list and trade the Shares under BZX Rule 14.11(i), which governs the listing and trading of Managed Fund Shares on the Exchange. The Shares will be offered by the Trust, which is registered with the Commission as an investment company and has filed a Registration Statement on Form N-1A with the Commission.⁷

The Exchange states that the Fund will invest in equity securities of energy master limited partnerships ("MLPs") and selectively hedge its positions to limit the correlation of its performance to the price of West Texas Intermediate Crude Oil ("WTI Crude Oil"). WTI Crude Oil, also known as Texas light sweet, is a grade of crude oil used as a benchmark in oil futures contracts pricing. According to the Exchange, the Fund will seek to exceed the performance of the Oil Hedged MLP Index ("Benchmark")⁸ by actively selecting its investments from the underlying components of the Benchmark. The Exchange represents that the Fund is not an index tracking exchange-traded fund and is not required to invest in all of the components of the Benchmark. However, the Exchange states that generally, the Fund will seek to hold similar instruments to those in the Benchmark and will therefore invest in MLPs and short exposure oil futures contracts included in the Benchmark.

The Exchange represents that it submitted the proposal in order to allow the Fund to hold listed derivatives, specifically WTI Crude Oil futures traded on the New York Mercantile Exchange and ICE Futures Europe ("WTI Crude Oil Futures"), in a manner that would exceed the limitations of BZX Rule 14.11(i)(4)(C)(iv)(b), which prevents, among other things, a series of Managed Fund Shares from holding listed derivatives based on any single underlying reference asset in excess of 30 percent of the weight of its portfolio (including gross notional exposures) ("30% Limitation").⁹ Namely, the

⁸ See Post-Effective Amendment No. 27 to Registration Statement on Form N-1A for the Trust, dated January 6, 2017 (File Nos. 333-207937 and 811-23108).

⁹ The Benchmark is developed, maintained, and sponsored by ETP Ventures LLC.

⁹ BZX Rule 14.11(i)(4)(C)(iv)(b) requires that the aggregate gross notional value of listed derivatives

²¹ In approving this proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

²² 15 U.S.C. 78s(b)(2).

²³ 17 CFR 200.30-3(a)(12).

Exchange proposes to allow the Fund to hold up to 50 percent of the weight of its portfolio (including gross notional exposures) in WTI Crude Oil Futures. Notwithstanding this, the Exchange also states that, in order to achieve its investment objective, under Normal Market Conditions,¹⁰ the Fund will invest at least 80 percent of its total assets in equity securities of MLPs and up to 20 percent of its total assets in fixed income securities, cash, and the cash value¹¹ of futures positions.¹² The Exchange notes that this is different than the calculation used to measure the Fund's holdings in WTI Crude Oil Futures as it relates to the Fund holding up to 50 percent of the weight of its portfolio, which includes gross notional exposures gained through the WTI Crude Oil Futures in both the numerator and denominator, which is consistent with the derivatives exposure calculation under BZX Rule 14.11(i)(4)(C)(iv).

According to the Exchange, allowing the Fund to hold a greater portion of its portfolio in WTI Crude Oil Futures than would be permitted under the 30% Limitation would reduce the Fund's operational burden, mitigate the Fund's dependency on holding over-the-counter ("OTC") instruments, and reduce counter-party risk associated with holding OTC instruments. The Exchange notes that the Fund may also hold certain fixed income securities and cash and cash equivalents in compliance with BZX Rules

based on any five or fewer underlying reference assets to not exceed 65% of the weight of the portfolio (including gross notional exposures), and the aggregate gross notional value of listed derivatives based on any single underlying reference asset to not exceed 30% of the weight of the portfolio (including gross notional exposures). The Exchange states that the proposal is to allow the Fund to exceed the specific requirement of BZX Rule 14.11(i)(4)(C)(iv)(b) that prevents the aggregate gross notional value of listed derivatives based on any single underlying reference asset from exceeding 30% of the weight of the portfolio (including gross notional exposures). According to the Exchange, the Fund will meet the other requirement of BZX Rule 14.11(i)(4)(C)(iv)(b).

¹⁰ As defined in BZX Rule 14.11(i)(3)(E), the term "Normal Market Conditions" includes, but is not limited to, the absence of trading halts in the applicable financial markets generally; operational issues causing dissemination of inaccurate market information or system failures; or force majeure type events, such as natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption, or any similar intervening circumstance.

¹¹ The Exchange states that the cash value of futures positions is based on the value of the Fund's daily margin account with the applicable futures exchange(s).

¹² The Exchange states that the combination of MLPs, fixed income securities, cash, and the cash value of futures positions will constitute the entirety of the Fund's holdings.

14.11(i)(4)(C)(ii) and (iii) in order to collateralize its derivatives positions.

The Exchange represents that, except for the 30% Limitation, the Fund's proposed investments will satisfy, on an initial and continued listing basis, all of the generic listing standards under BZX Rule 14.11(i)(4)(C) and all other applicable requirements for Managed Fund Shares under BZX Rule 14.11(i).

III. Discussion and Commission Findings

After careful review, the Commission finds that the Exchange's proposal to list and trade the Shares, as modified by Amendment Nos. 3 and 5, is consistent with the Exchange Act and the rules and regulations thereunder applicable to a national securities exchange.¹³ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Exchange Act,¹⁴ which requires, among other things, that the Exchange's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission notes that, according to the Exchange, the Shares will meet each of the initial and continued listing criteria in BZX Rule 14.11(i), with the exception of the 30% Limitation.

According to the Exchange, the liquidity in the WTI Crude Oil Futures mitigates the concerns that Rule 14.11(i)(4)(C)(iv)(b) is intended to address and that such liquidity would prevent the Shares from being susceptible to manipulation.¹⁵ In addition, the Exchange represents that its surveillance procedures are adequate to properly monitor the trading of the Shares on the Exchange during all trading sessions and to deter and detect violations of Exchange rules and the applicable federal securities laws. The Exchange further represents that all of the futures contracts held by the Fund will trade on markets that are members

¹³ In approving this proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹⁴ 15 U.S.C. 78f(b)(5).

¹⁵ According to the Exchange, as of January 31, 2017, the average daily contract volume combined on the New York Mercantile Exchange and ICE Futures Europe over the last year was 558,353, 307,289, and 110,208, respectively, for the front, second, and third month WTI Crude Oil Futures contracts. At today's price levels, that equates to an average daily traded notional of approximately \$29.4 billion, \$16.2 billion, and \$5.8 billion for the first, second, and third month contracts, respectively.

of the Intermarket Surveillance Group ("ISG") or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. Moreover, the Exchange represents that it may obtain information regarding trading in the Shares and the underlying futures contracts held by the Fund via the ISG from other exchanges who are members or affiliates of the ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement.¹⁶

The Exchange states that the Trust is required to comply with Rule 10A-3 under the Act for the initial and continued listing of the Shares of the Fund. The Exchange further represents that the Shares of the Fund will comply with all other requirements applicable to Managed Fund Shares including, but not limited to, requirements relating to the dissemination of key information such as the Disclosed Portfolio,¹⁷ net asset value, and the Intraday Indicative Value,¹⁸ and rules governing the trading of equity securities, trading hours, trading halts, surveillance, and the information circular, as set forth in Exchange rules applicable to Managed Fund Shares and the orders approving such rules.

The Exchange represents that all statements and representations made in the filing regarding (a) the description of the portfolio, (b) limitations on portfolio holdings or reference assets, or (c) the applicability of Exchange rules shall constitute continued listing requirements for listing the Shares on the Exchange. The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund or the Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will surveil for compliance with the continued listing requirements. If the Fund or the Shares are not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under BZX Rule 14.12.

This approval order is based on all of the Exchange's representations and description of the Fund, including those set forth above and in Amendment Nos. 3 and 5 to the proposed rule change.

¹⁶ For a list of the current members and affiliate members of ISG, see www.isgportal.com. The Exchange notes that not all components of the Disclosed Portfolio for the Fund may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

¹⁷ See BZX Rule 14.11(i)(4)(B)(ii).

¹⁸ See BZX Rule 14.11(i)(4)(B)(i).

The Commission notes that the Shares must comply with the requirements of BZX Rule 14.11(i), other than the 30% Limitation, to be listed and traded on the Exchange on an initial and continuing basis.

For the foregoing reasons, the Commission finds that the proposed rule change, as modified by Amendment Nos. 3 and 5, is consistent with Section 6(b)(5) of the Exchange Act¹⁹ and the rules and regulations thereunder applicable to a national securities exchange.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,²⁰ that the proposed rule change (SR-BatsBZX-2017-14), as modified by Amendment Nos. 3 and 5, be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²¹

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-80530; File No. SR-ISE-2017-32]

Self-Regulatory Organizations; Nasdaq ISE, LLC; Notice of Filing of Proposed Rule Change To Harmonize the Corporate Governance Framework With That of the NASDAQ Stock Market LLC, NASDAQ PHLX LLC, and NASDAQ BX, Inc.

April 26, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 11, 2017, Nasdaq ISE, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to a rule change (the "Proposed Rule Change") in connection with the proposed merger (the "Merger") with a newly-formed Delaware limited liability company under the Exchange's ultimate parent, Nasdaq, Inc., resulting in the Exchange as the surviving entity. Following the Merger, the Exchange's board and committee structure, and all related corporate governance processes, will be harmonized with that of the three other registered national securities exchanges and self-regulatory organizations owned by Nasdaq, Inc., namely: The NASDAQ Stock Market LLC ("NSM"), NASDAQ PHLX LLC ("Phlx"), and NASDAQ BX, Inc. ("BX" and together with NSM and Phlx, the "Nasdaq Exchanges").

The text of the proposed rule change is available on the Exchange's Web site at www.ise.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange was recently acquired by Nasdaq, Inc. ("HoldCo").³ Following the acquisition, the Exchange has continued to operate as a separate self-regulatory organization ("SRO") and continues to have separate rules,

membership rosters, and listings, distinct from the rules, membership rosters, and listings of the Nasdaq Exchanges as well as from ISE Gemini and ISE Mercury. The Exchange now proposes to harmonize the corporate governance framework of the Exchange with that of the Nasdaq Exchanges, and submits this Proposed Rule Change to seek the Commission's approval of various changes to the Exchange's organizational documents and Rules that are necessary in connection with the Merger, as described below.

The proposed changes consist of: (1) Deleting the Exchange's current Third Amended and Restated Limited Liability Company Agreement (the "Current LLC Agreement") in its entirety and replacing it with a new limited liability company agreement (the "LLC Agreement") that is based on the limited liability company agreement of NSM, (2) deleting the Exchange's current Second Amended and Restated Constitution ("Current Constitution" and together with the Current LLC Agreement, the "Current Governing Documents") in its entirety and replacing it with a new set of by-laws (the "Bylaws" and together with the LLC Agreement, the "New Governing Documents") that is based on the by-laws of NSM, and (3) amending certain rules to reflect the changes to its constituent documents through the adoption of the New Governing Documents to replace the Current Governing Documents.⁴

All of the proposed changes are designed to align the Exchange's corporate governance framework to the existing structure at the Nasdaq Exchanges, particularly as it relates to board and committee structure, nomination and election processes, and related governance practices.⁵ The Exchange is not proposing any amendments to its ownership structure and International Securities Exchange Holdings, Inc. ("ISE Holdings") will remain as the Exchange's sole limited liability company member ("Sole LLC Member") and owner of 100% of the Exchange's limited liability company

⁴ The Exchange's affiliates, ISE Gemini and ISE Mercury, will submit nearly identical proposed rule changes.

⁵ The new LLC Agreement and Bylaws are based in form and substance on the NASDAQ Stock Market LLC's Second Amended Limited Liability Company Agreement (the "NSM LLC Agreement") and By-Laws (the "NSM Bylaws"). Additionally, the majority of provisions in the organizational documents of Phlx and BX were also based on those of NSM with differences that relate mainly to disciplinary processes (for Phlx) or to corporate structure (for BX). Notwithstanding, the vast majority of the new governance framework and processes proposed herein are materially identical to those of all three Nasdaq Exchanges.

³ On June 30, 2016, HoldCo acquired all of the capital stock of U.S. Exchange Holdings, Inc., the Exchange's indirect parent company (the "Acquisition"). As a result, the Exchange, in addition to its affiliates Nasdaq GEMX, LLC ("ISE Gemini") and Nasdaq MRX, LLC ("ISE Mercury"), became a wholly-owned subsidiary of HoldCo, and also became an affiliate of NSM, Phlx, and BX through common, ultimate ownership by HoldCo. HoldCo is the ultimate parent of the Exchange. See Securities Exchange Act Release No. 78119 (June 21, 2016), 81 FR 41611 (June 27, 2016) (SR-ISE-2016-11).
