

The NAC advises the FEMA Administrator on all aspects of emergency management. The NAC incorporates state, local, and tribal government, and private sector input in the development and revision of FEMA plans and strategies. The NAC includes a cross-section of officials, emergency managers, and emergency response providers from state, local, and tribal governments, the private sector, and nongovernmental organizations.

Agenda: On Tuesday, May 23, the NAC will hear about priorities across FEMA regions from the Region IV team and receive briefings on Federal Insurance and Mitigation as well as Protection and National Preparedness.

On Wednesday, May 24, the NAC will hear from the Office of Response and Recovery, and will engage in an open discussion with the Acting FEMA Administrator. The three NAC subcommittees (Federal Insurance and Mitigation Subcommittee, Preparedness and Protection Subcommittee, and Response and Recovery Subcommittee) and the GIS Ad Hoc Subcommittee will provide reports to the NAC about their work, whereupon the NAC will deliberate on any recommendations presented in the subcommittees' reports, and, if appropriate, vote on recommendations for the FEMA Administrator. Potential recommendation topics include (1) more effective use of technology in emergency management, (2) better incorporating access and functional needs and others with disabilities into emergency management training, (3) incorporating local mitigation investments into the state credit under the disaster deductible concept, and (4) better data standards, especially for geospatial data.

On Thursday, May 25, the NAC will review potential topics for research before the next in-person meeting, review agreed upon recommendations and confirm charges for the subcommittees, and receive a briefing on the National Incident Management System.

The full agenda and any related documents for this meeting will be posted by Friday, May 19 on the NAC Web site at <http://www.fema.gov/national-advisory-council>.
