

FEDERAL DEPOSIT INSURANCE CORPORATION

Notice of Termination; 10400 Sun Security Bank, Ellington, Missouri

The Federal Deposit Insurance Corporation (FDIC), as Receiver for 10400 Sun Security Bank, Ellington, Missouri (Receiver) has been authorized to take all actions necessary to terminate the receivership estate of Sun Security Bank (Receivership Estate); the Receiver has made all dividend distributions required by law.

The Receiver has further irrevocably authorized and appointed FDIC-Corporate as its attorney-in-fact to execute and file any and all documents that may be required to be executed by the Receiver which FDIC-Corporate, in its sole discretion, deems necessary; including but not limited to releases, discharges, satisfactions, endorsements, assignments and deeds.

Effective May 1, 2017, the Receivership Estate has been terminated, the Receiver discharged, and the Receivership Estate has ceased to exist as a legal entity.

Dated: May 2, 2017.

Robert E. Feldman,

Executive Secretary, Federal Deposit Insurance Corporation.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Healthcare Research and Quality

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Agency for Healthcare Research and Quality, HHS.

ACTION: Notice.

SUMMARY: This notice announces the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) approve the proposed information collection project “Implementation of TeamSTEPPS in Primary Care Settings (ITS-PC).”

DATES: Comments on this notice must be received by July 5, 2017.

ADDRESSES: Written comments should be submitted to: Doris Lefkowitz, Reports Clearance Officer, AHRQ, by email at doris.lefkowitz@AHRQ.hhs.gov.

Copies of the proposed collection plans, data collection instruments, and specific details on the estimated burden can be obtained from the AHRQ Reports Clearance Officer.

FOR FURTHER INFORMATION CONTACT: Doris Lefkowitz, AHRQ Reports Clearance Officer, (301) 427-1477, or by emails at doris.lefkowitz@AHRQ.hhs.gov.

SUPPLEMENTARY INFORMATION:

Proposed Project

“Implementation of TeamSTEPPS in Primary Care Settings (ITS-PC)”

In accordance with the Paperwork Reduction Act, 44 U.S.C. 3501-3521, AHRQ invites the public the comment on this proposed information collection. As part of its effort to fulfill its mission goals, AHRQ, in collaboration with the Department of Defense's (DoD) Tricare Management Activity, developed TeamSTEPPS® (Team Strategies and Tools for Enhancing Performance and Patient Safety) to provide an evidence-based suite of tools and strategies for training teamwork-based patient safety to health care professionals. TeamSTEPPS includes multiple toolkits which are all tied to, or are variants of, the core curriculum. In addition to the core curriculum, TeamSTEPPS resources have been developed for primary care, rapid response systems, long-term care, and patients with limited English proficiency.

The main objective of the TeamSTEPPS program is to improve patient safety by training health care staff in various teamwork, communication, and patient safety concepts, tools, and techniques and ultimately helping to build national capacity for supporting teamwork-based patient safety efforts in health care organizations.

Created in 2007, AHRQ's National Implementation Program has trained Master Trainers who have stimulated the use and adoption of TeamSTEPPS in health care delivery systems. These individuals were trained using the TeamSTEPPS core curriculum at regional training centers across the U.S. AHRQ has also provided technical assistance and consultation on implementing TeamSTEPPS and has developed user networks, various educational venues and other channels of learning for continued support and the improvement of teamwork in health care. Since the inception of the National Implementation Program, AHRQ has trained more than 8,000 participants to serve as TeamSTEPPS Master Trainers.

Given the success of the National Implementation Program, AHRQ launched an effort to provide TeamSTEPPS training to primary care health professionals using the TeamSTEPPS in Primary Care version of the curriculum, which is now referred to as “TeamSTEPPS for Office-Based Care.”

Most of the participants in the current National Implementation Program's training come from hospital settings, because the TeamSTEPPS core curriculum is most aligned with that
