

Lymphatics in Health and Disease in the Digestive System, Kidney and Urinary.

Date: June 2, 2017.

Time: 2:00 p.m. to 3:30 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892 (Telephone Conference Call).

Contact Person: Jianxin Hu, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 2156, Bethesda, MD 20892, 301-827-4417, jianxinh@csr.nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.306, Comparative Medicine; 93.333, Clinical Research, 93.306, 93.333, 93.337, 93.393-93.396, 93.837-93.844, 93.846-93.878, 93.892, 93.893, National Institutes of Health, HHS)

Dated: May 3, 2017.

Natasha M. Copeland,

Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Proposed Project: SAMHSA Checklist for SF-5161 (OMB No. 0930-0367)—REVISION

The Substance Abuse and Mental Health Services Administration (SAMHSA) is requesting a revision from the Office of Management and Budget (OMB) for the SF-5161—Checklist. SAMHSA is requesting approval to only collect information on the Checklist and not the Narrative. The Checklist assists

applicants and recipients to ensure that they have included all required information necessary to process new and continuation applications as well as the name, title, and phone number of the current business official and project director responsible for carrying out the project. Checklist information concerning the type of application is also needed since new, competing continuation; noncompeting continuation and supplemental applications are separated and reviewed differently. The checklist data helps to reduce the time required to process and review grant applications, expediting the issuance of grant awards as well as ensure collection of essential recipient contact information that is not collected elsewhere.

This data collection has been transferred from HHS to SAMHSA.

The checklist is part of the standard application (SF-5161) for State and local governments and for private non-profit and for-profit organizations when applying for health services projects.

Below is the annualized burden table:

Forms	Number of respondents	Response per respondent	Average burden per response (in hours)	Total burden (in hours)
Program Checklist	2,669	1	.3	801

Written comments and recommendations concerning the proposed information collection should be sent by June 7, 2017 to the SAMHSA Desk Officer at the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB). To ensure timely receipt of comments, and to avoid potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, commenters are encouraged to submit their comments to OMB via email to:

OIRA_Submission@omb.eop.gov.

Although commenters are encouraged to send their comments via email, commenters may also fax their comments to: 202-395-7285.

Commenters may also mail them to: Office of Management and Budget, Office of Information and Regulatory Affairs, New Executive Office Building, Room 10102, Washington, DC 20503.

Summer King,

Statistician.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R8-ES-2017-N237; FXES11130800000-178-FF08EVEN00]

Low-Effect Habitat Conservation Plan for the Mount Hermon June Beetle at the Scotts Valley Middle School, Santa Cruz County, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received an application from the Scotts Valley Middle School for a 10-year incidental take permit under the Endangered Species Act of 1973, as amended (Act). The application addresses the potential for "take" of the federally endangered Mount Hermon June beetle likely to occur, incidental to the construction and renovation of buildings and infrastructure at the existing Scotts Valley Middle School in Scotts Valley, Santa Cruz County, California. We invite comments from the public on the

application package, which includes a low-effect habitat conservation plan for the Mount Hermon June Beetle.

DATES: To ensure consideration, please send your written comments by June 7, 2017.

ADDRESSES: You may download a copy of the habitat conservation plan, draft environmental action statement and low-effect screening form, and related documents at <http://www.fws.gov/ventura/>, or you may request copies of the documents by U.S. mail to our Ventura office or by phone (see FOR FURTHER INFORMATION CONTACT). Please address written comments to Stephen P. Henry, Field Supervisor, Ventura Fish and Wildlife Office, U.S. Fish and Wildlife Service, 2493 Portola Road, Suite B, Ventura, CA 93003. You may alternatively send comments by facsimile to (805) 644-3958.

FOR FURTHER INFORMATION CONTACT: Chad Mitcham, Fish and Wildlife Biologist, by U.S. mail to the Ventura office, or by telephone at (805) 644-1766, extension 53328.

SUPPLEMENTARY INFORMATION: We have received an application from the Scotts Valley Middle School for a 10-year

incidental take permit under the Act (16 U.S.C. 1531 *et seq.*). The application addresses the potential for “take” of the federally endangered Mount Hermon June beetle (*Polyphylla barbata*) likely to occur incidental to the construction and renovation of buildings and infrastructure at the existing middle school, at 8 Bean Creek Road (APN: 022-561-03), Scotts Valley, Santa Cruz County, California. We invite comments from the public on the application package, which includes the low-effect habitat conservation plan for the Mount Hermon June Beetle. This proposed action has been determined to be eligible for a categorical exclusion under the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*).

Background

The U.S. Fish and Wildlife Service (Service) listed the Mount Hermon June beetle as endangered on January 24, 1997 (62 FR 3616). Section 9 of the Act (16 U.S.C. 1531 *et seq.*) and its implementing regulations prohibit the take of fish or wildlife species listed as endangered or threatened. “Take” is defined under the Act to include the following activities: “to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct” (16 U.S.C. 1532); however, under section 10(a)(1)(B) of the Act, we may issue permits to authorize incidental take of listed species. The Act defines “incidental take” as take that is not the purpose of carrying out of an otherwise lawful activity. Regulations governing incidental take permits for threatened and endangered species are provided at 50 CFR 17.32 and 17.22, respectively. Issuance of an incidental take permit must not jeopardize the existence of federally listed fish, wildlife, or plant species.

Take of listed plants is not prohibited under the Act unless such take would violate State law. As such, take of plants cannot be authorized under an incidental take permit. Plant species may be included on a permit in recognition of the conservation benefits provided them under a habitat conservation plan. All species, including plants, covered by the incidental take permit receive assurances under our “No Surprises” regulations (50 CFR 17.22(b)(5) and 17.32(b)(5)). In addition to meeting other specific criteria, actions undertaken through implementation of the habitat conservation plan (HCP) must not jeopardize the continued existence of federally listed animal or plant species.

Applicant's Proposal

The Scotts Valley Middle School (hereafter, the applicant) has submitted a low-effect HCP in support of their application for an incidental take permit (ITP) to address take of the Mount Hermon June beetle that is likely to occur as the result of direct impacts on up to 1.479 acres (ac) (64,456 square feet (sf)) of degraded sandhills habitat occupied by the species. Take would be associated with the construction and renovation of buildings and infrastructure on an existing parcel legally described as Assessor Parcel Number 022-561-03. The current site address is 8 Bean Creek Road in Scotts Valley, Santa Cruz County, California. The applicant is requesting a permit for take of Mount Hermon June beetle that would result from “covered activities” that are related to the construction and renovation of buildings and infrastructure at the existing middle school.

The applicant proposes to avoid, minimize, and mitigate take of Mount Hermon June beetle associated with the covered activities by fully implementing the HCP. The following measures will be implemented: (1) Temporary fencing and signs will be installed to clearly delineate the boundaries of the project; (2) if construction occurs during the flight season (considered to be between May and August, annually), exposed soils will be covered with erosion control fabric or other impervious materials to prevent any dispersing Mount Hermon June beetles from burrowing into exposed soil at the construction site; (3) employment of a Service-approved entomologist to capture and relocate into suitable habitat and out of harm's way any Mount Hermon June beetle unearthed or observed during construction activities; (4) implementation of dust control measures, such as periodically wetting down work areas, will be used as necessary during construction and excavation to reduce impacts to the Mount Hermon June beetle; and (5) secure off-site mitigation at a ratio of 1:1 to mitigate for habitat impacts through the acquisition of 1.479 ac (64,456 sf) of conservation credits at the Zayante Sandhills Conservation Bank. The applicant will fund up to \$1,012,085 to ensure implementation of all minimization measures, monitoring, and reporting requirements identified in the HCP.

In the proposed HCP, the applicant considers two alternatives to the proposed action: “No Action” and “Original Project.” Under the “No Action” alternative, an ITP for the

modernization project would not be issued. Proposed improvements to the middle school campus would not be conducted, and the purchase of conservation credits would not be provided to effect recovery actions for Mount Hermon June beetle. The “No Action” alternative would not result in necessary improvements to the middle school campus and would not result in a net benefit for the covered species; therefore, the “No Action” alternative has been rejected. Under the “Original Project” alternative, the project included additional improvements to the athletic field, significantly increasing impacts to existing suitable habitat for the species. Under this alternative approximately 3.973 acres of degraded habitat for the species would be impacted; thus, 3.973 acres of conservation credits would be required for purchase. Scotts Valley Middle School concluded that expending funds associated with mitigating impacts were impractical; therefore, the “Original Project” alternative has also been rejected.

Our Preliminary Determination

We are requesting comments on our preliminary determination that the applicant's proposal will have a minor or negligible effect on the Mount Hermon June beetle and that the plan qualifies as a low-effect HCP as defined by our Habitat Conservation Planning Handbook. We base our determinations on three criteria: (1) Implementation of the proposed project as described in the HCP would result in minor or negligible effects on federally listed, proposed, and/or candidate species and their habitats; (2) implementation of the HCP would result in minor or negligible effects on other environmental values or resources; and (3) HCP impacts, considered together with those of other past, present, and reasonably foreseeable future projects, would not result in cumulatively significant effects. In our analysis of these criteria, we have made a preliminary determination that the approval of the HCP and issuance of an ITP qualify for categorical exclusion under the National Environmental Policy Act (NEPA) (42 U.S.C. 4321 *et seq.*), as provided by the Department of the Interior implementing regulations in part 46 of title 43 of the Code of Federal Regulations (43 CFR 46.205, 46.210, and 46.215). However, based upon our review of public comments that we receive in response to this notice, this preliminary determination may be revised.

Next Steps

We will evaluate the permit application, including the plan and comments we receive, to determine whether the application meets the requirements of section 10(a)(1)(B) of the Act. We will also evaluate whether issuance of the ITP would comply with section 7(a)(2) of the Act by conducting an intra-Service Section 7 consultation.

Public Review

We provide this notice under section 10(c) of the Act and the National Environmental Policy Act of 1969, as amended (NEPA), NEPA's public involvement regulations (40 CFR 1500.1(b), 1500.2(d), and 1506.6). We are requesting comments on our determination that the applicants' proposal will have a minor or negligible effect on the Mount Hermon June beetle and that the plan qualifies as a low-effect HCP as defined by our 1996 Habitat Conservation Planning Handbook. We will evaluate the permit application, including the plan and comments we receive, to determine whether the application meets the requirements of section 10(a)(1)(B) of the Act. We will use the results of our internal Service consultation, in combination with the above findings, in our final analysis to determine whether to issue the permits. If the requirements are met, we will issue an ITP to the applicant for the incidental take of Mount Hermon June beetle. We will make the final permit decision no sooner than 30 days after the date of this notice.

Public Comments

If you wish to comment on the permit application, plans, and associated documents, you may submit comments by any one of the methods in **ADDRESSES**.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public view, we cannot guarantee that we will be able to do so.

Authority

We provide this notice under section 10 of the Act (16 U.S.C. 1531 *et seq.*) and NEPA regulations (40 CFR 1506.6).

Dated: May 2, 2017.

Stephen P. Henry,

Field Supervisor, Ventura Fish and Wildlife Office, Ventura, California.

BILLING CODE 4333-15-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 332-562 and Investigation No. 332-563]

Global Digital Trade 2: The Business-to-Business Market, Key Foreign Trade Restrictions, and U.S. Competitiveness; and Global Digital Trade 3: The Business-to-Consumer Market, Key Foreign Trade Restrictions, and U.S. Competitiveness; Institution of investigations

AGENCY: United States International Trade Commission.

ACTION: Institution of two additional investigations.

SUMMARY: In response to the request from the U.S. Trade Representative (USTR) dated January 13, 2017 under section 332(g) of the Tariff Act of 1930, the U.S. International Trade Commission has instituted the second and third of three investigations on global digital trade: investigation No. 332-562, *Global Digital Trade 2: The Business-to-Business Market, Key Foreign Trade Restrictions, and U.S. Competitiveness*; and investigation No. 332-563, *Global Digital Trade 3: The Business-to-Consumer Market, Key Foreign Trade Restrictions, and U.S. Competitiveness*. The Commission will schedule a public hearing and provide opportunity for the public to file written submissions in connection with both investigations, with dates and procedures relating to both announced in a later notice.

DATES:

October 29, 2018: Expected transmittal of the *Global Digital Trade 2* report to the USTR.

March 29, 2019: Expected transmittal of the *Global Digital Trade 3* report to the USTR.

FOR FURTHER INFORMATION CONTACT: For information relating to *Global Digital Trade 2*, contact co-Project Leaders Dan Kim (202-205-3234 or dan.kim@usitc.gov) and Alissa Tafti (202-205-3244 or alissa.tafti@usitc.gov); and for information relating to *Global Digital Trade 3*, contact Project Leader Ricky Ubee (202-205-3493 or ravinder.ubee@usitc.gov) or Deputy Project Leader Christopher Robinson (202-205-2602 or

christopher.robinson@usitc.gov). For information on the legal aspects of these investigations, contact William Gearhart of the Commission's Office of the General Counsel (202-205-3091 or william.gearhart@usitc.gov). The media should contact Margaret O'Laughlin, Office of External Relations (202-205-1819 or margaret.olaughlin@usitc.gov). Hearing-impaired individuals may obtain information on this matter by contacting the Commission's TDD terminal at 202-205-1810. General information concerning the Commission may also be obtained by accessing its Web site (<https://www.usitc.gov>). Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2002.

SUPPLEMENTARY INFORMATION:

Background: As indicated above, in his letter on January 13, 2017, the USTR requested that the Commission conduct three investigations and prepare three reports relating to global digital trade. The Commission instituted the first of these investigations, *Global Digital Trade 1: Market Opportunities and Key Foreign Trade Restrictions*, on February 6, 2017 and published notice of the investigation in the **Federal Register** on February 10, 2017 (82 FR 10397). The Commission held a public hearing in the first investigation on April 4, 2017, and is to transmit its report in that investigation to the USTR by August 29, 2017. For more information about the first investigation, including deadlines for filing briefs, statements, and other written submissions in that investigation, see the Commission's notice published in the **Federal Register** and posted on the Commission's Web site at <http://www.usitc.gov>.

The Commission is now announcing the institution of the second and third investigations in this series. As requested by the USTR, the Commission's report on the second investigation, titled *Global Digital Trade 2: The Business-to-Business Market, Key Foreign Trade Restrictions, and U.S. Competitiveness*, will build on the first report to:

- Provide qualitative, and to the extent possible, quantitative analysis of measures in key foreign markets (identified in the first report) that affect the ability of U.S. firms to develop and/or supply business-to-business digital products and services abroad; and
- Assess, using case studies or other qualitative and quantitative methods, the impact of these measures on the competitiveness of U.S. firms engaged in the sale of digital products and
