LIBRARY OF CONGRESS

U.S. Copyright Office

37 CFR Parts 201 and 202

[Docket No. 2017-6]

Designation of Agent To Receive Notification of Claimed Infringement

AGENCY: U.S. Copyright Office, Library of Congress.

ACTION: Final rule.

SUMMARY: This final rule makes non-substantive technical amendments to the U.S. Copyright Office's regulations governing the submission of designated agent and service provider information to the Office pursuant to the Digital Millennium Copyright Act ("DMCA").

DATES: Effective May 10, 2017.

FOR FURTHER INFORMATION CONTACT: Sarang V. Damle, General Counsel and

Associate Register of Copyrights, by email at *sdam@loc.gov*, or Jason E. Sloan, Attorney-Advisor, by email at *jslo@loc.gov*. Each can be contacted by telephone by calling (202) 707-8350.

SUPPLEMENTARY INFORMATION: Effective December 1, 2016, the Copyright Office adopted new regulations governing the submission of designated agent and service provider information to the Office pursuant to the Digital Millennium Copyright Act ("DMCA") in connection with the implementation of a new electronic registration system launched the same day.¹ Under that rule, a person creating a user account for the electronic registration system is required to provide contact information for two people—a primary contact and secondary contact. Once the user account is set up, the user can then submit service provider and designated agent contact information. The contact information for the user account is collected by the Copyright Office solely for "administrative purposes,"² e.g., for Office correspondence, and is not made public; it is distinct from the information that must be provided for each service provider and designated agent.

As a result of user feedback about the new system, the Office has reconsidered the need for some of the contact information required to be provided under the current rule as part of the user account creation process. Specifically, the Office has been informed that in some cases smaller service providers have either been confused by some of the requirements or have had difficulty following them. For example, a service provider who is an individual blogger, acting as his or her own primary point of contact for communications with the Office, may not have a positional/title or organization, or may have difficulty finding someone to act as a secondary point of contact.

Upon further reflection, the Office believes that some of the currently required information, while helpful, is not essential to facilitating efficient communication with the Office, and on balance need not be collected. Consequently, the Office has determined that in connection with the user account creation process, it will no longer be mandatory to provide the position or title, organization, or physical mail address for the individual named as the primary point of contact for communications with the Office. The Office will also stop requiring users to provide a secondary point of contact for communications with the Office.
