DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 17

RIN 2900–AO15

Use of Medicare Procedures To Enter Into Provider Agreements for Extended Care Services

AGENCY: Department of Veterans Affairs.
ACTION: Withdrawal of proposed rule.

SUMMARY: The Department of Veterans Affairs (VA) published a notice of proposed rulemaking in the **Federal Register** on February 13, 2013, that proposed amending its regulations to allow VA to enter into provider agreements to obtain extended care services for Veterans from community providers. Since publication of that proposed rule, further review has led VA to conclude VA cannot achieve the proposal's goals without a statutory change. For this reason, VA withdraws the proposed rule.

DATES: This proposed rule is withdrawn as of May 10, 2017.

FOR FURTHER INFORMATION CONTACT: Daniel Schoeps, Office of Geriatrics and Extended Care (10P4G), Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420; (202) 461–6763 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: VA published a notice of proposed rulemaking in the **Federal Register** on February 13, 2013, that proposed to allow VA to enter into provider agreements to obtain extended care services for Veterans from community providers under 38 U.S.C. 1720(c)(1) (see 78 FR 10117). Since publication of that proposed rule, further review has led VA to conclude the goals of this regulation cannot be achieved without a statutory change. For this reason, VA withdraws the proposed rule. VA has proposed and continues to support legislation that would authorize VA to use provider agreements to purchase care in the community.

After publication of the proposed rule, section 101 of the Veterans Access, Choice, and Accountability Act of 2014 (Pub. L. 113–146, 128 Stat. 1754, hereafter referred to as “the Choice Act”) created the Veterans Choice Program, which provides legal authority for VA to enter into provider agreements to obtain certain extended care services for Veterans. The Veterans Choice Program also has regulations, at 38 CFR 17.1500, *et seq.*, that are currently operational and have criteria similar to those in the proposed rule AO15, including eligibility standards for non-

VA providers and standards for payment rates.

Although the Choice Act provider agreements are similar in kind, and might seem to provide the same authority, they do not. Proposed AO15 would have authorized the use of provider agreements to provide “extended care services,” defined as “geriatric evaluation; nursing home care; domiciliary services; adult day-health care; noninstitutional palliative care, noninstitutional hospice care, and home health care when they are noninstitutional alternatives to nursing home care; and respite care” (see 70 FR 10121 (Feb. 13, 2013)). Although the Choice Act provides clear legal authority for VA to enter into provider agreements, the authority is limited to care authorized under the Veterans Choice Program for eligible Veterans and furnished by Choice-eligible providers. Further, the Veterans Choice Program covers only hospital care and medical services in VA’s medical benefits package (see 38 CFR 17.38); this captures some extended care services (noninstitutional alternatives to nursing home care like adult day-health care and respite care) but not the full scope of services proposed AO15 would have covered. Finally, the Veterans Choice Program will expire when the Choice Fund, established under section 802 of the Choice Act, has been exhausted. VA will continue to use provider agreements authorized by the Choice Act until the Veterans Choice Program expires, but to accomplish the goals of the proposed rule, Congress would need to enact a provider agreement provision authorizing VA to use provider agreements to purchase care in the community. For these reasons, VA withdraws the proposed rule.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R05-OAR-2016-0645 FRL-9962-10-Region 5]

Air Plan Approval; Indiana; Commissioner’s Orders for SABIC Innovative Plastics

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve as a revision to the Indiana State Implementation Plan (SIP) a submittal from the Indiana Department of Environmental Management (IDEM) to EPA, dated December 5, 2016. The submittal consists of an order issued by the Commissioner of IDEM that establishes permanent and enforceable sulfur dioxide (SO₂) emission limits for SABIC Innovative Plastics (SABIC). IDEM submitted this order so the area near SABIC can be designated “attainment” of the 2010 primary SO₂ National Ambient Air Quality Standards, a matter that will be addressed in a separate future rulemaking. EPA’s approval of this order would make these SO₂ emission limits and applicable reporting, recordkeeping, and compliance demonstration requirements part of the federally enforceable Indiana SIP.

DATES: Comments must be received on or before June 9, 2017.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R05-OAR-2016-0645 at <http://www.regulations.gov> or via email to aburano.douglas@epa.gov. For comments submitted at *Regulations.gov*, follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. For either manner of submission, EPA may publish any

comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section. SUPPLEMENTARY INFORMATION: In the Final Rules section of this **Federal Register**, EPA is approving the State’s SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the Rules section of this **Federal Register**.
