Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Project: Evaluation of the Cooperative Agreements to Benefit Homeless Individuals (CABHI) Program (OMB No. 0930-0320)—Revision

SAMHSA is conducting a cross-site evaluation of the FY2016 cohort of the CABHI grant program. The CABHI Evaluation builds on a previous evaluation of SAMHSA's 2009-2012 homeless services grant programs (*i.e.*, Grants for the Benefit of Homeless Individuals, Services in Supportive Housing, and CABHI), under which the approved data collection tools were developed and implemented. SAMHSA is requesting approval from OMB to revise the burden inventory, which has been calculated based on the number of FY2016 CABHI grantees and potential future cohorts of grantees to be awarded in FY2017, and to revise some of the measures used on current tools.

In 2016, SAMHSA awarded 30 CABHI grants across three levels: States (up to \$1.5 million per year), local governments (up to \$800,000 per year), and communities (up to \$400,000 per year). The grantees are united by the goal of enhancing and expanding

infrastructure and capacity for mental health and substance abuse treatment and related support services for individuals experiencing chronic homelessness or veterans, families, or youth experiencing homelessness as a result of these conditions. This is accomplished through the provision of permanent supportive housing, behavioral health treatment, and recovery support services, and enrollment in health insurance, Medicaid, or other mainstream benefit programs. Potential grantees awarded in FY2017 will have the same funding options and grant requirements.

The primary task of the CABHI evaluation is to conduct a comprehensive process and outcome evaluation, addressing questions related to the implementation of the CABHI grant projects and the extent to which they were able to meet the program's goals. Process evaluation primarily represents what is done to and for the client (*e.g.*, services provided); this aspect of the evaluation will also include a focus on structure, or the resources available in the service
