

for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenter will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

[Project No. 2743-079]

Kodiak Electric Association, Inc.; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 Code of Federal Regulations part 380, Commission staff has reviewed the Kodiak Electric Association, Inc.'s application for amendment of license for the Terror

Lake Hydroelectric Project (FERC Project No. 2743) and has prepared an environmental assessment (EA). The project is located on the Terror and Kizhuyak Rivers in Kodiak Island Borough, Alaska. The project occupies federal lands administered by the U.S. Coast Guard, Bureau of Land Management, and the U.S. Fish and Wildlife Service within the Kodiak National Wildlife Refuge.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed construction of two diversion dams within the Upper Hidden Basin Creek drainage, a 1.7-mile-long tunnel and canal system diverting water to Terror Lake, and a 4-mile-long spur road, and concludes that authorizing the amendment, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room, or it may be viewed on the Commission's Web site at <http://www.ferc.gov> using the e-Library link. Enter the docket number (P-2743) in the docket number field to access the document.
