SUPPLEMENTARY INFORMATION:

I. Abstract

The mission of EDA is to lead the federal economic development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy. EDA accomplishes

this mission by helping our partners across the nation, including states, regions, and communities create wealth and minimize poverty by promoting a favorable business environment to attract private capital investment and jobs through world-class capacity building, planning, infrastructure, research grants, and strategic initiatives. Further information on EDA's program and grant opportunities can be found at www.eda.gov.

In order to effectively administer and monitor its economic development assistance programs, and to comply with the requirements of the Government Performance and Results Act of 1993 (GPRA; Pub. L. 103-62), EDA must collect specific data from its grant recipients to report on the Agency's performance in meeting its stated goals and objectives. The purpose of this notice is to seek comments from the public and other Federal agencies on a request for an extension of EDA's currently approved GPRA collection forms which are scheduled to expire on November 30, 2017.

II. Method of Collection

EDA collects performance data through a series of four program specific forms (information on EDA's Public Works, Economic Adjustment Assistance, and Revolving Loan programs are collected via form ED-915; information from Economic Development Districts and Indian Tribes are collected via the ED-916; University Centers are required to report on the ED-917; and, Trade Adjustment Assistance Centers are required to fill out a ED-918) that ask respondents to report on items such as the number of jobs created and retained as well as the private investment generated per EDA investment. Respondents are required to submit the applicable form to the EDA Regional Office for compilation and transmission to EDA headquarters.

As a part of this renewal process, EDA plans to make minor clarifying edits to some of the questions on the ED-916, ED-917, and ED-918 and to the instruction sections of the ED-915, ED-916, and ED-917. None of these minor edits are expected to increase the time burden on the respondent nor do the modifications change the type or amount of collected information.
