Rural Utilities Service

Title: 7 CFR part 1744, subpart B, Lien Accommodations and Subordination Policy.

OMB Control Number: 0572-0126.

Summary of Collection: Recent changes in the telecommunications industry, including deregulation and technological developments, have caused Rural Utilities Service (RUS) borrowers and other organizations providing telecommunications services to consider undertaking projects that provide new telecommunications services and other telecommunications services not ordinarily financed by RUS. The RUS telecommunication program provides loans to borrowers at interest rates and on terms that are more favorable than those generally available from the private sector. To facilitate the financing, RUS will consider accommodating the Federal Government's lien on telecommunications borrowers' systems in an expedited manner based on the financial strength of the borrowers operations as authorized by the Rural Electrification Act of 1936 (RE Act). This collection of information is to ensure that the criteria for fast track lien accommodation are met.

Need and Use of the Information: In order to facilitate supplemental financing for telecommunications services projects, RUS provides fast track lien accommodations to private lenders who propose to lend to RUS borrowers who meet certain financial strength evaluations. Depending on the purposes for which a lien accommodation is sought, RUS will use the information to provide "automatic" approval for borrowers that meet the financial tests. The tests are designed to ensure that the financial strength of the borrower is more than sufficient to protect the government's loan security interests; hence, the lien accommodations will not adversely affect the government's financial interests.

Description of Respondents: Business or other for-profit; Not for-profit institutions.

Number of Respondents: 1.
Frequency of Responses: Reporting: On occasion.
Total Burden Hours: 1.

Charlene Parker,

Departmental Information Collection Clearance Officer.
