SUPPLEMENTARY INFORMATION:

Background

On January 7, 2016, the Department of Commerce (Department) published in the *Federal Register* the *Preliminary Results*.¹ For a history of events that have occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://trade.gov/login.aspx>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Scope of the Order

The merchandise subject to the antidumping duty order is welded austenitic stainless steel pipe that meets the standards and specifications set forth by the American Society for Testing and Materials (ASTM) for the welded form of chromium-nickel pipe designated ASTM A-312. The merchandise covered by the scope of the order also includes austenitic welded stainless steel pipes made according to the standards of other nations which are comparable to ASTM A-312.

antidumping duty order is limited to welded austenitic stainless steel pipes. The HTSUS subheadings are provided for convenience and customs purposes. However, the written description of the scope of the order is dispositive.³

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of issues raised and to which we responded in the Issues and Decision Memorandum is attached to this notice as an Appendix.

Final Determination of No Shipments

The Department preliminarily found that LS Metal had no shipments and, therefore, no reviewable transactions during the POR. The Department received no further comments or information that refute this finding. Thus, the Department continues to find that LS Metal had no reviewable transactions during the POR.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, we have made no change to SeAH's margin calculation.

Final Results of Review

As a result of our review, we determine the following weighted-average dumping margin exists for the period December 1, 2014, through November 30, 2015.

Producer or exporter	Weighted-average dumping margin
SeAH Steel Corporation	1.91

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.212(b)(1), the Department determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise, in accordance with the final results of this review.

The Department will instruct CBP to liquidate entries of merchandise produced and/or exported by the aforementioned companies, and intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review.
