Any party interested in filing a license application (*i.e.*, potential applicant) for the Lower Mousam Project No. 5362 must file a Notice of Intent (NOI)³ and pre-application document (PAD).⁴ Additionally, while the integrated licensing process (ILP) is the default process for preparing an application for a subsequent license, a potential applicant may request to use alternative licensing procedures when it files its NOI.⁵

The deadline for potential applicants, other than the existing licensee, to file NOIs, PADs, and requests to use an alternative licensing process is 120 days from the issuance date of this notice.

Applications for a subsequent license from potential applicants, other than the existing licensee, must be filed with the Commission at least 24 months prior to the expiration of the existing license.⁶ Because the existing license expires on March 31, 2022, applications for license for this project must be filed by March 31, 2020.⁷

SUPPLEMENTARY INFORMATION: In the Notice, the Wireless Telecommunications Bureau invites interested parties to update the record in the WRS Reform NPRM and Order proceeding, which the Commission initiated in May 2010. In the NPRM, the Commission proposed new renewal standards designed to “create consistent requirements for renewal of licenses and consistent consequences for discontinuance of service, and to clarify construction obligations for spectrum licenses that have been divided, by geographic partitioning or disaggregation of the spectrum.” In addition, the Commission proposed to prohibit the filing of mutually exclusive, *i.e.*, competing, renewal applications and imposed a freeze on the filing of such competing applications. While the Commission already has a robust record in this proceeding, including filings made during the initial comment and reply period, it provided an opportunity for stakeholders to update the record with new information or arguments that may be relevant to the Commission’s consideration of what action may be appropriate in this proceeding.

Pursuant to sections 1.415 and 1.419 of the Commission’s rules, 47 CFR 1.415, 1.419, interested parties may file comments and reply comments on or before the dates indicated on the first page of this document.
