

Environmental Policy Act (NEPA) on a proposal to improve access between the Hunts Point Peninsula and the Sheridan and Bruckner Expressways (I-895 and I-278).

The Hunts Point Peninsula is located in the South Bronx, New York, and is home to the Hunts Point Food Distribution Center, the largest food distribution facility in the nation. The Hunts Point Peninsula is also home to many industrial and commercial properties outside of the food distribution center. There is also a residential area in the northeastern portion of the peninsula. To access the food distribution center, vehicles must exit the interstate highway network and use local streets. The needs for the project are to improve access to and from the Hunts Point Peninsula and the Hunts Point Food Distribution Center/commercial establishments, to address the existing non-standard geometric features of the Bruckner/Sheridan Interchange to improve operations, and to address infrastructure deficiencies on the Bruckner Expressway viaduct and ramps and truss bridge carrying westbound Bruckner Expressway and Bruckner Boulevard over Amtrak.

The purpose of the project is to provide improved access between the Hunts Point Peninsula and the Sheridan and Bruckner Expressways for automobiles and trucks traveling to and from the commercial businesses located on the peninsula. In addition, the project will address structural and operational deficiencies related to the existing infrastructure within the established project limits.

A reasonable range of alternatives is currently being developed and will be refined during the NEPA scoping process in consideration of agency and public comments received.

Letters describing the proposed action and soliciting comments will be sent to Cooperating and Participating Agencies. Public and agency outreach will include a formal public scoping meeting, a public hearing, and meetings with Cooperating and Participating Agencies. Public notice will be given of the date, time, and location of the scoping meeting and hearing. To assist in determining the scope of issues to be addressed and identifying the significant issues related to the proposed action, the general public will have the opportunity to submit written comments at the scoping meeting and during a scoping comment period. The draft EIS will be available for public and agency review and comment prior to the public hearing.

Comments or questions concerning this proposed action should be directed

to the NYSDOT and FHWA at the addresses provided above.

Issued on: May 8, 2017.

### Federal Railroad Administration

[Docket No. FRA-2017-0002-N-15]

#### Survey of Plant and Insular Tourist Railroads Subject to FRA Bridge Safety Standards

**AGENCY:** Federal Railroad Administration (FRA) Department of Transportation (DOT).

**ACTION:** Notice and request for information.

**SUMMARY:** FRA is issuing this notice to supplement a prior notice and request for comments by which FRA requested railroads serving a plant, and moving railroad equipment over bridges within the plant, or the plant itself, to advise FRA by email or telephone if there are railroad bridges within the plant potentially subject to FRA Bridge Safety Standards. FRA also requested insular tourist railroads with tracks supported by one or more bridges to advise FRA of the existence of their bridges by email or telephone. This notice provides the email address railroads should use and extends the date to submit comments in response to the prior notice.

**DATES:** Comments must be received no later than July 21, 2017.

**FOR FURTHER INFORMATION CONTACT:**

David Killingbeck, Chief Engineer—Structures, Bridge & Structures Division, Office of Technical Oversight, FRA, 1200 New Jersey Avenue SE., 3rd Floor—West, Washington, DC, 20590, (202) 493-6251.

**SUPPLEMENTARY INFORMATION:** Email notifications responding to FRA's notice and request for information published April 11, 2017 (*see* 82 FR 17498) should be sent to [FRAPlantTouristSurvey@dot.gov](mailto:FRAPlantTouristSurvey@dot.gov) and include the name of the plant or insular tourist railroad, that entity's address (including city and State), and a contact name, telephone number, and email address. Notification may also be made by telephone to David Killingbeck at (202) 493-6251. The date for comments in response to the notice and request for information published in the **Federal Register** on April 11,

2017, has been extended to the date listed in the **DATES** section above.

### Office of the Secretary

[OST Docket No. DOT-OST-2010-0140]

#### Notice of Submission of Proposed Information Collection to OMB

**AGENCY:** Office of the Secretary, Department of Transportation (DOT).

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 this notice announces the Department of Transportation's (Department) intention to reinstate an Office of Management and Budget (OMB) control number for the collection and posting of certain aviation consumer protection-related information from U.S. carriers and foreign carriers. On April 25, 2011, the DOT issued a final rule that, among other things, extended existing consumer protection requirements that previously applied only to U.S. carriers to foreign carriers and required that certain U.S. and foreign air carriers report tarmac delay information to the DOT for passenger operations that experience a tarmac delay time of 3 hours or more at a U.S. airport (*See*, DOT-OST-2010-0140). This request seeks to reinstate the control number that is associated with the information collection requirements in that rule, OMB Control Number 2105-0561.

**DATES:** Comments on this notice must be received by July 21, 2017. Interested persons are invited to submit comments regarding this proposal.

**ADDRESSES:** To ensure that you do not duplicate your docket submissions, please submit them by only one of the following means:
