Executive Order (E.O.) 13175 Consultation and Coordination With Indian Tribal Governments

This Executive Order imposes requirements on Rural Development in the development of regulatory policies that have tribal implications or preempt tribal laws. Rural Development has determined that this Notice does not have a substantial direct effect on one or more Indian tribes or on either the relationship or the distribution of powers and responsibilities between the
Federal Government and the Indian tribes. Thus, this Notice is not subject to the requirements of Executive Order 13175. Tribal Consultation inquiries and comments should be directed to RD’s Native American Coordinator at aian@wdc.usda.gov or (720) 544–2911.

Paperwork Reduction Act

The Paperwork Reduction Act requires Federal agencies to seek and obtain Office of Management and Budget (OMB) approval before undertaking a collection of information directed to ten or more persons. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Agency conducted an analysis to determine the number of applications the Agency estimates that it will receive under the DHCS grant program. It was determined that the estimated number of applications was fewer than nine and in accordance with 5 CFR 1320, thus no OMB approval is necessary at this time.

A. Program Description

This Notice announces the availability of funds for the DHCS grant program, which is authorized under Section 379G of the Consolidated Farm and Rural Development Act (7 U.S.C. 2008a), as amended by the Agricultural Act of 2014 (Pub. The primary objective of the program is to provide financial assistance to address the continued unmet health needs in the Delta Region through cooperation among health care professionals, institutions of higher education, research institutions, and other individuals and entities in the Delta Region. Grants are awarded on a competitive basis. The maximum award amount per grant is $1,000,000.

Regarding use of both grant and matching funds, Federal procurement standards prohibit transactions that involve a real or apparent conflict of interest for owners, employees, officers, agents, or their immediate family members having a financial or other interest in the outcome of the Project; or that restrict open and free competition for unrestrained trade. Specifically, Project funds may not be used for services or goods going to, or coming from, a person or entity with a real or apparent conflict of interest, including, but not limited to, owner(s) and their immediate family members. C. Eligibility Information

Applicants must meet all of the following eligibility requirements. Your application will not be considered for funding if it does not provide sufficient information to determine eligibility or is missing required elements. Applicants that fail to submit the required elements by the application deadline will be deemed ineligible and will not be evaluated further. Information submitted after the application deadline will not be accepted.

1. Eligible Applicants

Grants funded through DHCS may be made to a Consortium as defined in Paragraph A of this Notice. Consortiums are eligible to receive funding through this Notice. One member of the Consortium must be designated as the lead entity by the other members of the Consortium and have legal authority to contract with the Federal Government. The lead entity is the recipient (see 2 CFR 200.86) of the DHCS grant funds and accountable for monitoring and reporting on the Project performance and financial management of the grant. In addition, the lead entity (recipient) is responsible for subrecipient monitoring and management in accordance with 2 CFR 200.330 and 200.331, respectively. The remaining consortium members are subrecipients (see 2 CFR 200.93). They may receive subawards (see 2 CFR 200.94) from the recipient and are responsible for monitoring and reporting the Project performance and financial management of their subaward to the recipient.

(a) An applicant is ineligible if they do not submit “Evidence of Eligibility” and “Consortium Agreements” as described in Section D.2. of this Notice.

(b) An applicant is ineligible if they have been debarred or suspended or otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.” The Agency will check the System for Award Management (SAM) to determine if the applicant has been debarred or suspended. In addition, an applicant will be considered ineligible for a grant due to an outstanding judgment obtained by the U.S. in a Federal Court (other than U.S. Tax Court), is delinquent on the payment of Federal income taxes, or is delinquent on Federal debt. The applicant must certify as part of the application that they do not have an outstanding judgment against them. The Agency will check the Credit Alert Interactive Voice Response System (CAIVRS) to verify this.

(c) Sections 743, 744, 745, and 746 of the Consolidated Appropriations Act, 2016 (Pub. L. 114–113) apply. Any corporation (i) that has been convicted of a felony criminal violation under any Federal law within the past 24 months or (ii) that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, is not eligible for financial assistance provided with funds, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government. In addition, none of the funds appropriated or otherwise made available by this or any other Act may be available for a contract, grant, or cooperative agreement with an entity that requires employees or contractors of such entity seeking to report fraud, waste, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or contractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information. Additionally, no funds appropriated in this or any other Act may be used to implement or enforce the agreements in Standard Forms 312 and 4414 of the Government or any other nondisclosure policy, form, or agreement if such policy, form, or agreement does not contain the following provisions: “These provisions are consistent with and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by existing statute or Executive order relating to (1) classified information, (2) communications to Congress, (3) the reporting to an Inspector General of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety, or (4) any other whistleblower protection.

(d) Applications will be deemed ineligible if the application includes any funding restrictions identified under Section D.6.

(e) Applications will be deemed ineligible if the application is not complete in accordance with the requirements stated in Section C.3.g.

2. Cost Sharing or Matching

Matching funds are not required. However, if you are adding any other contributions to the proposed Project, you must provide documentation indicating who will be providing the matching funds, the amount of funds, when those funds will be provided, and how the funds will be utilized in the Project. Examples of acceptable documentation include: A signed letter from the source of funds stating the amount of funds, when the funds will be provided, and what the funds can be used for or a signed resolution from your governing board authorizing the use of a specified amount of funds for specific components of the Project. The matching funds you identify must be for eligible purposes and included in your work plan and budget. Additionally, expected program income may not be used as matching funds at the time you submit your application. However, if you have a contract to provide services in place at the time you submit your application, you can verify the amount of the contract as matching funds. If you choose, you may use a template to summarize the matching funds. The template is available either from your State Office or the program Web site at: http://www.rd.usda.gov/programs-services/delta-health-care-services-grants.

3. Other Eligibility Requirements

The following additional eligibility requirements apply to this program:

(a) Use of Funds. An application must propose to use Project funds, including grant and other contributions committed under the evaluation criteria for eligible purposes. Eligible Project purposes include the development of:

• Health care services;
• Health education programs;
• Health care job training programs; and
• the development and expansion of public health-related facilities in the Delta Region.

(b) Project Area. The proposed Project must take place in a rural area within the Delta Region as defined in this Notice. However, the applicant need not propose to serve the entire Delta Region.

(c) Project Input. Your proposed Project must be developed based on input from local governments, public health care providers, and other entities in the Delta Region.

(d) Grant Period. All awards are limited to up to a 24-month grant period based upon the complexity of the Project. Your proposed grant period should begin no earlier than October 1, 2017, and should end no later than 24
months following that date. If you receive an award, your grant period will be revised to begin on the actual date of award—the date the grant agreement is executed by the Agency—and your grant period end date will be adjusted accordingly. Your Project activities must begin within 90 days of the date of award. If you request funds for a time period beginning before October 1, 2017, and/or ending later than 24 months from that date, your application will be ineligible. The length of your grant period should be based on your Project’s complexity, as indicated in your application work plan.

(e) Multiple Grant Requests. The Consortium, including its members, is limited to submitting one application for funding under this Notice. We will not accept applications from Consortiums that include members who are also members of other Consortiums that have submitted applications for funding under this Notice. If we discover that a Consortium member is a member of multiple Consortiums with applications submitted for funding under this Notice, all applications will be considered ineligible for funding.

(f) Performance on Existing DHCS Awards. If the lead entity, or any of its Consortium members, has an existing DHCS award, they must be performing satisfactorily to be considered eligible for a funding under this Notice. Satisfactory performance includes, but is not limited to, being up-to-date on all financial and performance reports and being current on all tasks as approved in the work plan. The Agency will use its discretion to make this determination.

(g) Completeness. Your application must provide all of the information requested in Section D.2. of this Notice. Applications lacking sufficient information to determine eligibility and scoring will be deemed ineligible and will not be considered for scoring.

(h) Indirect Costs. Your negotiated indirect cost rate approval does not need to be included in your application, but you will be required to provide it if a grant is awarded. Approval for indirect costs that are requested in an application without an approved indirect cost rate agreement is at the discretion of the Agency.

you intend to use the grant funds. Limit two pages.

(b) Evidence of eligibility. You must provide evidence of the Consortium’s eligibility to apply under this Notice. This section must include a detailed summary demonstrating how each Consortium member meets the definition of an eligible entity as defined under Definitions of this Notice.

(i) Consortium agreements. The application must include a formal written agreement with each Consortium member that addresses the negotiated arrangements for administering the Project to meet Project goals, the Consortium member’s responsibilities to comply with administrative, financial, and reporting requirements of the grant, including those necessary to ensure compliance with all applicable Federal regulations and policies, and facilitate a smooth functioning collaborative venture. Under the agreement, each Consortium member must perform a substantive role in the Project and not merely serve as a conduit of funds to another party or parties. This agreement must be signed by an authorized representative of the lead entity and an authorized representative of each partnering consortium entity.

(j) Scoring documentation. You must address and provide documentation for each scoring criterion, specifically (1) the rurality of the Project area and communities served, (2) the community needs and benefits derived from the Project, and (3) Project management and organization capability. See Section E.1.

(k) Work Plan and Budget. You must provide a work plan and budget that includes the following: (1) The specific activities, such as programs, services, trainings, and/or construction-related activities for a facility to be performed under the Project; (2) the estimated line item costs associated with each activity, including grant funds and other necessary sources of funds; (3) the key personnel who will carry out each activity (including each Consortium member’s role); and (4) the specific time frames for completion of each activity.

An eligible start and end date for the Project and for individual Project tasks must be clearly shown and may not exceed Agency specified timeframes for the grant period. You must show the source and use of both grant and other contributions for all tasks. Other contributions must be spent at a rate equal to, or in advance of, grant funds.

(l) Performance Measures. The Agency has established annual performance measures to evaluate the DHCS program. You must provide estimates on the following performance measures as part of your application:

- Number of businesses assisted;
- Number of jobs created;
- Number of jobs saved;
- Number of individuals assisted/trained.

It is permissible to have a zero in a performance element. When you calculate jobs created, estimates should be based upon actual jobs to be created by your organization as a result of the DHCS funding or actual jobs to be created by businesses as a result of assistance from your organization. When you calculate jobs saved, estimates should be based only on actual jobs that would have been lost if your organization did not receive DHCS funding or actual jobs that would have been lost without assistance from your organization.

You can also suggest additional performance elements for example where job creation or jobs saved may not be a relevant indicator. These additional elements should be specific, measurable performance elements that could be included in an award document.

(m) Financial information and sustainability. You must provide current financial statements and a narrative description demonstrating sustainability of the Project, all of which show sufficient resources and expertise to undertake and complete the Project and how the Project will be sustained following completion. Applicants must provide 3 years of pro-forma financial statements for the Project.

(n) Evidence of legal authority and existence. The lead entity must provide evidence of its legal existence and authority to enter into a grant agreement with the Agency and perform the activities proposed under the grant application.

(o) Evidence of input solicited from local stakeholders. The application must include documentation detailing support solicited from local government, public health care providers, and other entities in the Delta Region. Evidence of support can include; but is not limited to surveys conducted amongst rural residents and stakeholders, notes from focus groups, or letters of support from local entities.

(p) Service area maps. You must provide maps with sufficient detail to show the area that will benefit from the proposed facilities and services and the location of the facilities improved or purchased with grant funds if applicable.

(q) Form AD–3030. Form AD–3030, “Representations Regarding Felony Conviction and Tax Delinquent Status for Corporate Applicants,” if you are a corporation. A corporation is any entity that has filed articles of incorporation in one of the 50 States, the District of Columbia, the Federated States of Micronesia, the Republic of Palau, and the Republic of the Marshall Islands, or the various territories of the United States including American Samoa, Guam, Midway Islands, the Commonwealth of the Northern Mariana Islands, Puerto Rico, or the U.S. Virgin Islands. Corporations include both for profit and non-profit entities.

(c) Certification of no current outstanding Federal judgment. You must certify that there are no current outstanding Federal judgments against your property and that you will not use grant funds to pay for any judgment obtained by the United States. You must also certify that you are not delinquent on the payment of Federal income taxes, or any Federal debt. To satisfy the Certification requirement, you should include this statement in your application: “[INSERT NAME OF APPLICANT] certifies that the United States has not obtained an unsatisfied judgment against its property, is not delinquent on the payment of Federal income taxes, or any Federal debt, and will not use grant funds to pay any judgments obtained by the United States.” A separate signature is not required.

(s) Environmental information necessary to support the Agency’s environmental finding. Required information can be found in 7 CFR part 1970, specifically in Subpart B, Exhibit Subpart C, Exhibit B. These documents can be found here: http://www.rd.usda.gov/publications/ regulations-guidelines/instructions. Non-construction Projects applying under this Notice are hereby classified as Categorical Exclusions according to 7 CFR 1970.53(b), the award of financial assistance for planning purposes, management and feasibility studies, or environmental impact analyses, which do not require any additional documentation.

3. DUNS Number and SAM Registration

In order to be eligible (unless you are exempted under 2 CFR 25.110(b), (c) or (d), you are required to:

(a) Provide a valid DUNS number in your application, which can be obtained at no cost via a toll-free request line at (866) 705–5711;

(b) Register in SAM before submitting your application. You may register in SAM at no cost at https://www.sam.gov/portal/public/SAM/; and

(c) Continue to maintain an active SAM registration with current
information at all times during which you have an active Federal award or an application or plan under consideration by a Federal awarding agency. The Agency may not make a Federal award to you until you have complied with all applicable DUNS and SAM requirements. If you have not fully complied with requirements by the time the Agency is ready to make a Federal award, the Agency may determine that the applicant is not qualified to receive a Federal award and the Agency may use this determination as a basis for making an award to another applicant.

4. Submission Date and Time

Application Deadline Date: Paper: Monday, July 24, 2017; Electronic: Monday, July 17, 2017. Explanation of Deadlines: Complete paper applications must be postmarked and mailed, shipped, or sent overnight by Monday, July 24, 2017. The Agency will determine whether your application is late based on the date shown on the postmark or shipping invoice. You may also hand carry your application to one of our field offices, but it must be received by close of business on the deadline date. If the due date falls on a Saturday, Sunday, or Federal holiday, the reporting package is due the next business day. Late applications are not eligible for funding.

Electronic applications must be RECEIVED by http://www.grants.gov by midnight Eastern time Monday, July 17, 2017, to be eligible for funding. Please review the Grants.gov Web site at http://grants.gov/applicants/organization_registration.jsp for instructions on the process of registering your organization as soon as possible to ensure you are able to meet the electronic application deadline. Grants.gov will not accept applications submitted after the deadline.

5. Intergovernmental Review

Executive Order (E.O.) 12372, Intergovernmental Review of Federal Programs, applies to this program. This E.O. requires that Federal agencies provide opportunities for consultation on proposed assistance with State and local governments. Many States have established a Single Point of Contact (SPOC) to facilitate this consultation. A list of States that maintain a SPOC may be obtained at http://www.whitehouse.gov/omb/grants_spc. If your State has a SPOC, you may submit your application directly for review. Any comments obtained through the SPOC must be provided to Rural Development for consideration as part of your application. If your State has not established a SPOC or you do not want to submit your application to the SPOC, Rural Development will submit your application to the SPOC or other appropriate agency or agencies.

You are also encouraged to contact Cooperative Programs at 202–690–1374 or cpgrants@wdc.usda.gov if you have questions about this process.

6. Funding Restrictions

The use of Project funds, including grant funds and other contributions, cannot be used for ineligible purposes. In addition, you shall not use Project funds for the following:

(a) To duplicate current services or to replace or to substitute support previously provided. However, Project funds may be used to expand the level of effort or a service beyond what is currently being provided;

(b) To pay for costs to prepare the application for funding under this Notice;

(c) To pay for costs of the Project incurred prior to the effective date of the period of performance;

(d) To pay expenses for applicant employee training;

(e) Fund political activities;

(f) To pay for assistance to any private business enterprise which does not have at least 51 percent ownership by those who are either citizens of the United States or reside in the United States after being legally admitted for permanent residence;

(g) To pay any judgment or debt owed to the United States;

(h) Engage in any activities that are considered a Conflict of Interest, as defined by this Notice; or

(i) Fund any activities prohibited by 2 CFR 200;

In addition, your application will not be considered for funding if it does any of the following:

- Requests more than the maximum grant amount: or
- Proposes ineligible costs that equal more than 10 percent of the Project funds.

If you include funds in your budget that are for ineligible purposes, we will consider the application for funding if the ineligible purposes total 10 percent or less of an applicant’s Project funds. However, if the application is successful, those ineligible costs must be removed from the work plan and budget and replaced with eligible costs before we will make the grant award, or the grant award will be reduced accordingly. If we cannot determine the percentage of ineligible costs, the application will not be considered for funding.

7. Other Submission Requirements

(a) You should not submit your application in more than one format. You must choose whether to submit your application in hard copy or electronically. Applications submitted in hard copy should be mailed or hand-delivered to the State Office where the Project will primarily take place. You can find State Office contact information at: http://www.rd.usda.gov/contact-us/state-offices. To submit an application electronically, you must follow the instructions for this funding announcement at http://www.grants.gov. A password is not required to access the Web site.

(b) National Environmental Policy Act.

This Notice has been reviewed in accordance with 7 CFR part 1970, “Environmental Policies and Procedures.” We have determined that an Environmental Impact Statement is not required because the issuance of regulations and instructions, as well as amendments to them, describing administrative and financial procedures for processing, approving, and implementing the Agency’s financial programs is categorically excluded in the Agency’s National Environmental Policy Act regulation found at 7 CFR 1970.53(f). “Environmental Policies and Procedures.” We have determined that this Notice does not constitute a major Federal action significantly affecting the quality of the human environment.

The Agency will review each grant application to determine its compliance with 7 CFR part 1970. The applicant may be asked to provide additional information or documentation to assist the Agency with this determination.

(c) Civil Rights Compliance Requirements.

All grants made under this Notice are subject to Title VI of the Civil Rights Act of 1964 as required by the USDA (7 CFR part 15, subpart A) and Section 504 of the Rehabilitation Act of 1973, Title VIII of the Civil Rights Act of 1968, Title IX, Executive Order 13166 (Limited English Proficiency), Executive Order 11246, and the Equal Credit Opportunity Act of 1974.

E. Application Review Information

We will review your application to determine if it is complete and eligible. If at any time we determine that your application is ineligible, you will be notified in writing as to the reasons it was determined ineligible and you will be informed of your review and appeal rights.

We will only score applications in which the lead entity, partnering
Consolidated member entities, and the Project are eligible. The applications must also be complete and sufficiently responsive to program requirements.

We will review each application to determine if it is eligible for funding and complete, based on the requirements of this Notice as well as other applicable Federal regulations.

Applications that are determined to be eligible and complete will be evaluated based on the criteria described below.

1. Criteria

For each criterion, you must show how the Project has merit and why it is likely to be successful. If you do not address all parts of a criterion your application will be deemed ineligible. If you do not sufficiently communicate relevant Project information, you will receive lower scores. DHCS is a competitive program, so you will receive scores based on the quality of your responses. Simply addressing the criteria will not guarantee higher scores. Evaluators will base scores only on the information provided or cross-referenced by page number in each individual evaluation criterion. The maximum number of points that can be awarded to your application is 100. The minimum score requirement for funding is 60 points. It is at the Agency's discretion to fund applications with a score of 59 points or less if it is in the best interest of the Federal Government.

The evaluation criteria are detailed in the DHCS Grant Application Guide which can be found at http://www.rd.usda.gov/programs-services/delta-health-care-services-grants. You must address each evaluation criterion outlined in this Notice. Any criterion not substantively addressed will receive zero points. There are three criteria totaling 100 points. They are listed below:

(a) Rurality of the Project and communities served (maximum of 30 points)—The rurality of the communities served by the Project is an objective criterion that measures the rurality of the Project’s service area. It is determined by the population of the community based upon the 2010 U.S. Census data available on the American Fact Finder Web site—http://www.factfinder.census.gov. If you have multiple addresses in the same community (city, town, or census designated place), please only list the community once when preparing your rurality calculation. The rurality calculation provided in the application will be checked and, if necessary, corrected by us.

(b) The Community Needs and Benefits derived from the Project (maximum of 30 points)—We will assess how the Project will benefit the residents in the Delta Region. This criterion will be scored based on the documentation in support of the community needs for health services and public health-related facilities and the benefits to people living in Delta Regional derived from the implementation of the proposed Project. It should lead clearly to the identification of the Project participant pool and the target population for the Project, and provide convincing links between the Project and the benefits to the community to address its health needs. The Agency will consider:

(1) The extent of the applicant’s documentation explaining the health care needs, issues, and challenges facing the service area. Include what problems the residents face and how the Project will benefit the residents in the region.

(2) The extent to which the applicant is able to show the relationship between the Project’s design, outcome, and benefits.

(3) The extent to which the applicant explains the Project and its implementation and provides milestones which are well-defined and can be realistically completed.

(4) The extent to which the applicant clearly outlines a plan to track, report, and evaluate performance outcomes.

Applicants should attempt to quantify benefits in terms of outcomes from the Project; that is, ways in which peoples’ lives, or the community, will be improved. Provide estimates of the number of people affected by the benefits arising from the Project.

(c) The Project Management and Organization Capability (maximum of 40 points)—We will evaluate the Consortium’s experience, past performance, and accomplishments addressing health care issues to ensure effective Project implementation. This criterion will be scored based on the documentation of the Project’s management and organizational capability. The Agency will consider:

(1) The degree to which the organization has a sound management and fiscal structure including: Well-defined roles for administrators, staff, and established financial management systems.

(2) The extent to which the applicant identifies and demonstrates that qualifications, capabilities, and educational background of the identified key personnel (at a minimum the Project Manager) who will manage and implement programs are relevant and will contribute to the success of the Project.

(3) The extent to which the applicant demonstrates current successful and effective experience (or demonstrated experience within the past 5 years) addressing the health care issues in the Delta Region.

(4) The extent to which the applicant has experience managing grant-funded programs.

(5) The extent to which the applicant is able to correlate and support the budget to the Project phases and implementation timeline.

(6) The extent to which administrative/management costs are balanced with funds designated for the provision of programs and services.

(7) The extent and diversity of eligible entity types within the applicant’s Consortium of regional institutions of higher education, academic health and research institutes, and economic development entities located in the Delta Region.

2. Review and Selection Process

The State Offices will review applications to determine if they are eligible for assistance based on requirements in this Notice and other applicable Federal regulations. If determined eligible, your application will be scored by a panel of National
and State Office employees in accordance with the point allocation specified in this Notice. A recommendation will be submitted to the Administrator to fund applications in highest ranking order, subject to availability of funds. It is at the Agency’s discretion to fund applications with a score of 59 points or less if it is in the best interest of the Federal Government. If your application is evaluated, but not funded, it will not be carried forward into the next competition.

F. Federal Award Administration Information

1. Federal Award Notices

If you are selected for funding, you will receive a signed notice of Federal award by postal mail from the State Office where your application was submitted, containing instructions on requirements necessary to proceed with execution and performance of the award.
