### Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On May 17, 2017, the Department of Justice lodged a proposed consent decree with the United States District Court for the Southern District of Texas in the lawsuit entitled *United States and State of Texas v. Vopak Terminal Deer Park Inc. and Vopak Logistics Services USA Inc.*, Civil Action No. 4:17-cv-1518.

In this action, the United States, on behalf of the U.S. Environmental Protection Agency, together with the State of Texas, filed a Complaint and proposed Consent Decree pertaining to Clean Air Act violations at a bulk chemical storage tank facility located on the Houston Ship Channel that is owned and operated by Vopak Terminals North America Inc. and Vopak Logistic Services USA Inc. (collectively, "Vopak"). In the joint Complaint, the U.S. and the State of Texas allege violations of (1) the New Source Performance Standards ("NSPS") requirements under Section 111 of the Clean Air Act ("CAA") and the implementing regulations, promulgated at 40 CFR part 60, subparts A, Ka, and Kb; (2) the National Emission Standards for Hazardous Air Pollutants requirements under Section 112 of the CAA, 42 U.S.C. 7412, and the implementing regulations promulgated at 40 CFR part 63, subparts A, DD, and EEEE; (3) the operating permit requirements of Title V of the CAA, and the implementing regulations; (4) the federally enforceable Texas State Implementation Plan; and (5) the Facility's operating permit, issued by the Texas Commission on Environmental Quality.

Under the proposed settlement, Vopak agrees to pay \$2.5 million in civil penalties, split evenly between the United States and the State of Texas and \$40,000 in attorney's fees to the State of Texas. In addition, the settlement requires Vopak to implement a range of injunctive relief measures, including: (1) Constructing and operating a flare and other emission controls at its wastewater treatment system; (2) implementing an advanced tank inspection program at its tank terminal; (3) engaging a third party auditor to review Vopak's waste minimization practices and to monitor Vopak's compliance with the settlement; and (4) undertaking various other measures to bring the facility into compliance with the Clean Air Act.

The publication of this notice opens a period for public comment on the consent decree. Comments should be addressed to the Acting Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and State of Texas v. ## DEPARTMENT OF LABOR

### Employment and Training Administration

#### Workforce Innovation and Opportunity Act (WIOA) 2017; Lower Living Standard Income Level (LLSIL)

**AGENCY:** Employment and Training Administration (ETA), Labor.

**ACTION:** Notice.

**SUMMARY:** Title I of the Workforce Innovation and Opportunity Act (WIOA) requires the U.S. Secretary of Labor (Secretary) to update and publish the LLSIL tables annually, for uses described in the law (including determining eligibility for youth). WIOA defines the term "low income individual" as one who qualifies under various criteria, including an individual in a family with total family income for a six-month period that does not exceed the higher level of the poverty line or 70 percent of the LLSIL. This issuance provides the Secretary's annual LLSIL for 2017 and references the current 2017 Health and Human Services "Poverty Guidelines."

**DATES:** This issuance is effective May 23, 2017.

*For Further Information or Questions on LLSIL:* Please contact Samuel Wright,

Department of Labor, Employment and Training Administration, 200 Constitution Avenue NW., Room C-4526, Washington, DC 20210; Telephone: 202-693-2870; Fax: 202-693-3015 (these are not toll-free numbers); Email address: [wright.samuel.e@dol.gov](mailto:wright.samuel.e@dol.gov). **SUPPLEMENTARY INFORMATION:** The purpose of WIOA (Pub. L. 113-128) is to provide workforce investment activities through statewide and local workforce investment systems that increase the employment, retention, and earnings of participants. WIOA programs are intended to increase the occupational skill attainment by participants and the quality of the workforce, thereby reducing welfare dependency and enhancing the productivity and competitiveness of the Nation.

LLSIL is used for several purposes under the WIOA. Specifically, WIOA SEC.3(36)(A)(B) defines the term "low income individual" for eligibility purposes, and SEC.127(b)(2)(c), SEC.132(b)(1)(B)(IV), (V)(bb) define the terms "disadvantaged youth" and "disadvantaged adult" in terms of the poverty line or LLSIL for State formula allotments. The governor and state/local workforce development boards (WDB) use the LLSIL for determining eligibility for youth and adults for certain services. ETA encourages governors and State/local boards to consult the WIOA Final Rule, for more specific guidance in applying LLSIL to program requirements. The U.S. Department of Health and Human Services (HHS) published the most current poverty-level guidelines in the **Federal Register** on January 31, 2017 (Volume 82, Number 19), pp. 8831-8832. The HHS 2017 Poverty guidelines may also be found on the Internet at <https://>

[aspe.hhs.gov/poverty-guidelines](https://aspe.hhs.gov/poverty-guidelines). ETA plans to have the 2017 LLSIL available on its Web site at <http://www.doleta.gov/llsil>.

WIOA Section 3(36)(B) defines LLSIL as "that income level (adjusted for regional, metropolitan, urban and rural differences and family size) determined annually by the Secretary [of Labor] based on the most recent lower living family budget issued by the Secretary." The most recent lower living family budget was issued by the Secretary in fall 1981. The four-person urban family budget estimates, previously published by the U.S. Bureau of Labor Statistics (BLS), provided the basis for the Secretary to determine the LLSIL. BLS terminated the four-person family budget series in 1982, after publication of the fall 1981 estimates. Currently, BLS provides data to ETA, which ETA then uses to develop the LLSIL tables, as provided in the Appendices to this **Federal Register** notice.

ETA published the 2016 updates to the LLSIL in the **Federal Register** of March 25, 2016, at Vol. 81, No. 58 pp. 16217-16223. This notice updates the LLSIL to reflect cost of living increases for 2016, by calculating the percentage change in the most recent 2015 Consumer Price Index for All Urban Consumers (CPI-U) for an area to the 2016 CPI-U, and then applying this calculation to each of the March 25, 2016 LLSIL figures.

The updated figures for a four-person family are listed in Appendix A, Table 1, by region for both metropolitan and non-metropolitan areas. Numbers in all of the Appendix tables are rounded up to the nearest dollar. Since program eligibility for low-income individuals, "disadvantaged adults," and "disadvantaged youth" may be determined by family income at 70 percent of the LLSIL, pursuant to WIOA Section 3(36)(A)(ii) and Section 3(36)(B), respectively, those figures are listed as well.

#### I. Jurisdictions

Jurisdictions included in the various regions, based generally on the Census Regions of the U.S. Department of Commerce, are as follows:

##### A. Northeast

Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virgin Islands.

##### B. Midwest

Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, Wisconsin.

##### C. South

Alabama, American Samoa, Arkansas, Delaware, District of Columbia, Florida, Georgia, Northern Marianas, Oklahoma, Palau, Puerto Rico, South Carolina, Kentucky, Louisiana, Marshall Islands, Maryland, Micronesia, Mississippi, North Carolina, Tennessee, Texas, Virginia, West Virginia.

##### D. West

Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming.

Additionally, separate figures have been provided for Alaska, Hawaii, and Guam as indicated in Appendix B, Table 2.

For Alaska, Hawaii, and Guam, the year 2017 figures were updated from the 2016 "State Index" based on the ratio of the urban change in the state (using Anchorage for Alaska and Honolulu for Hawaii and Guam) compared to the West regional metropolitan change, and then applying that index to the West regional metropolitan change.

Data on 23 selected Metropolitan Statistical Areas (MSAs) are also available. These are based on annual average CPI-U changes for a 12-month period ending in December 2016. The updated LLSIL figures for these MSAs and 70 percent of LLSIL are reported in Appendix C, Table 3.

Appendix D, Table 4 lists each of the various figures at 70 percent of the updated 2016 LLSIL for family sizes of one to six persons. Because Tables 1-3 only list the LLSIL for a family of four, Table 4 can be used to separately determine the LLSIL for families of between one and six persons. For families larger than six persons, an amount equal to the difference between the six-person and the five-person family income levels should be added to the six-person family income level for each additional person in the family. Where the poverty level for a particular family size is greater than the corresponding 70 percent of the LLSIL figure, the figure is shaded. On the ETA LLSIL Web site at <http://www.doleta.gov/llsil>, a modified Microsoft Excel version of Appendix D, Table 4, with the area names and the LLSILs, that are lower than the Poverty level at a given family size will be shaded; will be available. Appendix E, Table 5, indicates 100 percent of LLSIL for family sizes of one to six, and is used to determine self-sufficiency as noted at Section 3(36)(a)(ii) and Section 3(36)(B), (C)(ii) in WIOA.

#### II. Use of These Data

Governors should designate the appropriate LLSILs for use within the

State from Appendices A, B, and C, containing Tables 1 through 3. Appendices D and E, which contain Tables 4 and 5, which adjust a family of four figure for larger and smaller families, may be used with any LLSIL designated area. The governor's designation may be provided by disseminating information on MSAs and metropolitan and non-metropolitan areas within the state or it may involve further calculations. For example, the State of New Jersey may have four or more LLSIL figures for Northeast metropolitan, Northeast non-metropolitan, portions of the state in the

New York City MSA, and those in the Philadelphia MSA. If a workforce investment area includes areas that would be covered by more than one LLSIL figure, the governor may determine which is to be used.

A state's policies and measures for the workforce investment system shall be accepted by the Secretary to the extent that they are consistent with WIOA and WIOA regulations.

**III. Disclaimer on Statistical Uses**

It should be noted that publication of these figures is only for the purpose of meeting the requirements specified by WIOA as defined in the law and

regulations. BLS has not revised the lower living family budget since 1981, and has no plans to do so. The four-person urban family budget estimates series has been terminated. The CPI-U adjustments used to update LLSIL for this publication are not precisely comparable, most notably because certain tax items were included in the 1981 LLSIL, but are not in the CPI-U. Thus, these figures should not be used for any statistical purposes, and are valid only for those purposes under WIOA as defined in the law and regulations.

**Table 4: 70 Percent of Updated 2016 Lower Living Standard Income Level (LLSIL), by Family Size**

To use the 70 percent LLSIL value, where it is stipulated for the WIOA programs, begin by locating the region or metropolitan area where the program applicant resides. These are listed in Tables 1, 2 and 3. After locating the appropriate region or metropolitan statistical area, find the 70 percent LLSIL amount for that location. The 70 percent LLSIL figures are listed in the last column to the right on each of the three tables. These

figures apply to a family of four. Larger and smaller family eligibility is based on a percentage of the family of four. To determine eligibility for other size families consult Table 4 and the instructions below.

To use Table 4, locate the 70 percent LLSIL value that applies to the individual’s region or metropolitan area from Tables 1, 2 or 3. Find the same number in the “family of four” column of Table 4. Move left or right across that row to the size that corresponds to the individual’s family unit. That figure is the maximum household income the individual is permitted in order to qualify as

economically disadvantaged under the WIOA.

Where the HHS poverty level for a particular family size is greater than the corresponding LLSIL figure, the LLSIL figure appears in a shaded block. Individuals from these size families may consult the 2017 HHS poverty guidelines found on the Health and Human Services Web site at <https://aspe.hhs.gov/poverty-guidelines> to find the higher eligibility standard. Individuals from Alaska and Hawaii should consult the HHS guidelines for the generally higher poverty levels that apply in their States.

**Table 5: Updated 2015 LLSIL (100 percent), by Family Size**

To use the LLSIL to determine the minimum level for establishing self-sufficiency criteria at the State or local level,

begin by locating the metropolitan area or region from Table 1, 2 or 3. Then locate the appropriate region or metropolitan statistical area and then find the 2017 adjusted LLSIL amount for that location. These figures apply to a family of four. Locate the corresponding number in the family of four in the column

below. Move left or right across that row to the size that corresponds to the individual's family unit. That figure is the minimum figure that States must set for determining whether employment leads to self-sufficiency under WIOA programs.

**SUPPLEMENTARY INFORMATION:**

**Background:** The WIAC is an important component of the Workforce Innovation and Opportunity Act (Pub. L. 113-128), which amends section 15 of the Wagner-Peyser Act of 1933 (29 U.S.C. 491-2). The WIAC is a Federal Advisory Committee of workforce and labor market information experts representing a broad range of national, State, and local data and information users and producers. The purpose of the WIAC is to provide recommendations to the Secretary of Labor, working jointly through the Assistant Secretary for Employment and Training and the Commissioner of Labor Statistics, to address: (1) The evaluation and improvement of the nationwide workforce and labor market information (WLMI) system and statewide systems that comprise the nationwide system; and (2) how the Department and the States will cooperate in the management of those systems. These systems include programs to produce employment-related statistics and State and local workforce and labor market information. The Department of Labor anticipates the WIAC will accomplish its objectives by: (1) Studying workforce and labor market information issues; (2) seeking and sharing information on innovative approaches, new technologies, and data to inform employment, skills training, and workforce and economic development decision making and policy; and (3) advising the Secretary on how the workforce and labor market information system can best support workforce development, planning, and program development. Additional information is available at [www.doleta.gov/wioa/wiac/](http://www.doleta.gov/wioa/wiac/).

**Purpose:** The WIAC is currently in the process of identifying and reviewing issues and aspects of the WLMI system and statewide systems that comprise the nationwide system and how the Department and the States will cooperate in the management of those systems. As part of this process, the Advisory Council meets to gather information and to engage in deliberative and planning activities to facilitate the development and provision of its recommendations to the Secretary in a timely manner.

**Agenda:** Beginning at 8:30 a.m. on June 21, 2017, the Advisory Council will briefly review the minutes of the previous meeting held February 8, 2017. The Advisory Council will then hear briefings from the sub-committees and

their proposed recommendations for the entire WIAC to consider. The meeting will end for the day 4:30 p.m.

The meeting will resume at 8:30 a.m. on June 22, 2017. The second day will continue the previous day's discussions, with the goal of all four sub-committees presenting their proposed recommendations. The WIAC chair will open the floor for public comment at 1:00 p.m. on June 22, 2017. However, the precise schedule of events is subject to change and an up-to-date agenda will be available on WIAC's Web page (see URL below) prior to the meeting. The second day will conclude with a discussion of next steps, including action items and planning for the next meeting of the Advisory Council. The meeting will adjourn at 4:30 p.m. The full agenda for the meeting, and changes or updates to the agenda, will be posted on the WIAC's Web page, [www.doleta.gov/wioa/wiac/](http://www.doleta.gov/wioa/wiac/).
