**FOR FURTHER INFORMATION CONTACT:** Fred Baker, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-2924.

**SUPPLEMENTARY INFORMATION:****Background**

On September 8, 2016, the Department published in the **Federal Register** a notice of “Opportunity to Request Administrative Review” of the antidumping duty order on OCTG from Vietnam for the period of September 1, 2015, through August 31, 2016.<sup>1</sup> On September 30, 2016, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b), the Department received a timely request from the petitioners to conduct an administrative review of the antidumping duty order on OCTG from Vietnam manufactured or exported by Hoa Phat Steel Pipe Co., Ltd., Hot Rolling Pipe Co., Ltd., SeAH Steel Corporation, SeAH Steel VINA Corporation, and Vina One Steel Manufacturing.<sup>2</sup>

On November 9, 2016, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order for Hoa Phat Steel Pipe Co., Ltd., Hot Rolling Pipe Co., Ltd., SeAH Steel

Corporation, SeAH Steel VINA Corporation, and Vina One Steel Manufacturing.<sup>3</sup> On February 7, 2017, the petitioners timely withdrew their request for an administrative review for all companies under review.<sup>4</sup>

**Rescission of Review**

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. The petitioners withdrew their request within the 90-day deadline. No other party requested an administrative review of the antidumping duty order. Therefore, in response to the timely withdrawal of the review request, the Department is rescinding in its entirety the administrative review of the antidumping duty order on OCTG from Vietnam.

**Assessment**

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice in the **Federal Register**.

**Notification to Importers**

This notice serves as the only reminder to importers whose entries will be liquidated, as a result of this rescission, of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement may result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

**Notification Regarding Administrative Protective Order**

This notice serves as the only reminder to parties subject to the

administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

#### SUPPLEMENTARY INFORMATION:

##### Background

On July 6, 2016, the Alabama TIG initiated a 30-day formal scoping and public comment period for this RP/EIS (81 FR 44007–44008) through a Notice of Intent (NOI) to Prepare a RP/EIS, and to Conduct Scoping. The Alabama TIG conducted the scoping in accordance with OPA (15 CFR 990.14(d)), NEPA (40 CFR 1501.7), and State authorities. That NOI requested public input to identify restoration approaches and restoration projects that could be used to compensate the public for lost recreational use opportunities in Alabama caused by the *Deepwater Horizon* oil spill in the Gulf of Mexico.

Notice of availability of the Draft RP/EIS was published in the **Federal Register** on December 16, 2016 (81 FR 91138). The Draft RP/EIS provided the Alabama TIG's analysis of projects to address lost recreational shoreline use under both OPA and NEPA and identified the projects that were proposed as preferred for implementation. The Alabama TIG provided the public with 45 days to review and comment on the Draft RP/EIS. The Alabama TIG also held public meetings in Dauphin Island, AL, and Gulf Shores, AL, to facilitate public understanding of the document and provide opportunity for public comment. The Alabama TIG actively solicited public input through a variety of mechanisms, including convening public meetings, distributing electronic communications, and using the Trustee-wide public Web site and database to share information and receive public input. The Alabama TIG considered the public comments received, which informed the Alabama TIG's analysis of alternatives in the Final RP/EIS. A summary of the public comments received and the Alabama TIG's responses to those comments are addressed in Chapter 9 of the Final RP/EIS and all correspondence received are provided Appendix B.

In the Final RP/EIS, the Alabama TIG presented to the public its plan for providing for compensation for lost recreational shoreline use in Alabama. The Final RP/EIS presented ten
