

through a change in values, net assets, or other circumstances, more than 15% of the Fund's net assets are held in illiquid assets.

(16) The Fund's investments in derivative instruments will be consistent with the Fund's investment objectives and the 1940 Act and will not be used to seek to achieve a multiple or inverse multiple of the Fund's broad-based securities market index (as defined in Form N-1A).

(17) A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange.

The Exchange represents that all statements and representations made in the filing regarding (a) the description of the portfolio or reference assets, (b) limitations on portfolio holdings or reference assets, (c) dissemination and availability of the reference asset or intraday indicative values, or (d) the applicability of Exchange listing rules shall constitute continued listing requirements for listing the Shares on the Exchange. In addition, the issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will monitor for compliance with the continued listing requirements.⁴⁴ If the Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under the Nasdaq 5800 Series.

This order is based on all of the Exchange's representations, including those set forth above and in Amendments No. 1 and 2. The Commission notes that the Fund and the Shares must comply with the requirements of Nasdaq Rule 5735 for the Shares to be listed and traded on the Exchange.

For the foregoing reasons, the Commission finds that the proposed rule change, as modified by Amendments No. 1 and 2, is consistent with Section 6(b)(5) of the Act⁴⁵ and Section 11A(a)(1)(C)(iii) of the Act.⁴⁶

⁴⁴ The Commission notes that certain other proposals for the listing and trading of Managed Fund Shares include a representation that the exchange will "surveil" for compliance with the continued listing requirements. See, e.g., Securities Exchange Act Release No. 77499 (April 1, 2016), 81 FR 20428 (April 7, 2016) (SR-BATS-2016-04). In the context of this representation, it is the Commission's view that "monitor" and "surveil" both mean ongoing oversight of a fund's compliance with the continued listing requirements. Therefore, the Commission does not view "monitor" as a more or less stringent obligation than "surveil" with respect to the continued listing requirements.

and the rules and regulations thereunder applicable to a national securities exchange.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁴⁷ that the proposed rule change (SR-NASDAQ-2017-033), as modified by Amendments No. 1 and 2, be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁴⁸

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-80751; File No. SR-ISE-2017-41]

Self-Regulatory Organizations; Nasdaq ISE, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Regarding the Opening Process

May 23, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 10, 2017, Nasdaq ISE, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the trading hours and Opening Process of Foreign Currency Index options and also amend a reference to All-or-None Orders.

The text of the proposed rule change is available on the Exchange's Web site at www.ise.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this rule change is to amend: (i) The trading hours, including during the Opening Process, of Foreign Currency Index options; and (ii) a specific rule text reference in Rule 701 related to All-or-None Orders.

Foreign Currency Options

ISE Rule 2008, "Trading Sessions," among other things, governs transactions in Foreign Currency Index options. The rule provides that such product may be effected on the Exchange between the hours of 7:30 a.m. Eastern Time and 4:15 p.m. Eastern Time. ISE Rule 2210, "Trading Sessions," notes that "[e]xcept as otherwise provided in this Rule [2210] or under unusual conditions as may be determined by an Exchange official or his designee, transactions in foreign currency options may be effected on the Exchange between the hours of 7:30 a.m. and 4:15 p.m. Eastern time, except on the last day of trading during expiration week, in which case trading shall cease at 12:00 p.m. Eastern time."

At this time, the Exchange proposes to amend ISE Rules 2008 and 2010 so that Foreign Currency Index options will start trading at 9:30 AM Eastern Time instead of 7:30 a.m. Eastern Time. The purpose of this rule change is to conform the start time for the trading of Foreign Currency Options to that of other products.

Likewise, ISE Rule 701, "Opening," which was recently approved,³ provides that Market Maker Valid Width Quotes and Opening Sweeps received starting at 9:25 a.m. Eastern Time, or 7:25 a.m.

³ See Securities Exchange Act Release No. 80225; (March 13, 2017), 82 FR 14243 (March 17, 2017) (SR-ISE-2017-02) (Order Approving Proposed Rule Change, as Modified by Amendment No. 1, To Amend the Exchange Opening Process).

Eastern Time for U.S. dollar-settled foreign currency options, will be included in the Opening Process. Orders entered at any time before an option series opens are included in the Opening Process. The current Opening Process rule states that the submission of Valid Width Quotes and Opening Sweeps for U.S. dollar-settled foreign currency options may begin at 7:25 a.m. Eastern Time to tie the option Opening Process to quoting in the underlying security;⁴ it presumes that option quotes submitted before any indicative quotes have been disseminated for the underlying security may not be reliable or intentional. The Exchange proposes to amend ISE Rule 701 so that the Opening Process for foreign currency options would initiate on or after 9:30 a.m. Eastern Time and the Market Maker Valid Width Quotes and Opening Sweeps would be considered for the Opening Process starting at 9:25 a.m. Eastern Time for foreign currency options.

All-or-None Orders

The Exchange also proposes to amend ISE Rule 701 to remove a specific reference to the manner in which All-or-None Orders will be treated in the Opening Process. The Exchange recently filed a proposed rule change to amend All-or-None Orders.⁵ The Exchange amended Rule 715(c) to provide that an All-or-None Order may only be entered into the System with a time-in-force designation of Immediate-or-Cancel⁶ Order in connection with the Exchange's technology migration to INET. At the time that SR-ISE-2017-02 was filed, All-or-None Orders were not restricted and could trade as a limit or market order to be executed in its entirety or not at all. With this amendment, an All-or-None Order would not persist in the Order Book and would therefore be treated the same as any other Immediate or Cancel Order. The carve out specified in Rule 701(j)(6)(i) is unnecessary since an All-or-None Order would be executed immediately or cancel similar to other orders which trade in the same manner. The Exchange believes removing this reference will eliminate confusion.

⁴ The underlying security can also be an index.

⁵ See Securities Exchange Act Release No. 80432 (April 11, 2017), 82 FR 18191 (April 17, 2017) (SR-ISE-2017-03) (Order Approving Proposed Rule Change, as Modified by Amendment No. 1, to Amend Various Rules in Connection with a System Migration to Nasdaq INET Technology).

⁶ An Immediate-or-Cancel Order is a limit order that is to be executed in whole or in part upon receipt. Any portion not so executed is to be treated as cancelled.

Implementation

Both SR-ISE-2017-02 and SR-ISE-2017-03 will be implemented in Q2 2017 in connection with a system migration to INET. The migration will be on a symbol by symbol basis, and the Exchange will issue an alert to Members to provide notification of the symbols that will migrate and the relevant dates. The Exchange proposes these amendments to be operative on the same dates as symbols migrate to INET.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest for the reasons stated below.

Foreign Currency Options

The Exchange believes that the proposed rule change is consistent with the Act in that it will remove impediments to and perfect the mechanism of a free and open market and a national market system, to initiate the Opening Process for foreign currency options at 9:30 a.m. Eastern Time and accept Market Maker Valid Width Quotes and Opening Sweeps at 9:25 a.m. Eastern Time for foreign currency options similar to the manner in which other options trade today. Today, on NASDAQ PHLX, LLC ("Phlx"), foreign currency options trade similar to other options.⁹ The Exchange believes that conforming the Opening Process and trading hours for foreign currency options to that of other options will conform the trading rules so all products would trade during the same session. The Exchange believes trading all options on the same Opening Process schedule promotes just and equitable principles of trade because all options will continue to be available to participants for trading on ISE.

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(5).

⁹ See Phlx Rules 1014 and 1017. On Phlx, the Specialist assigned in a particular U.S. dollar-settled FCO must enter a Valid Width Quote not later than 30 seconds after the announced market opening. Also, on Phlx, the Opening Process for an option series will be conducted within two minutes of market opening in the case of U.S. dollar-settled FCO or such shorter time as determined by the Exchange and disseminated to membership on the Exchange's Web site.

All-or-None Orders

The Exchange believes that it is consistent with the Act to remove an unnecessary and confusing reference to Rule 701 in connection with All-or-None Orders, since these orders will now immediately trade or cancel. The Exchange originally made clear the manner in which All-or-None Orders would trade in the Opening Process because this order type trades differently as compared to other order types. That distinction has become unnecessary because All-or-None Orders trade the same as other Immediate or Cancel Orders. By updating the rule to remove an unnecessary distinction will protect investors and the public interest by clarifying the rule.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any undue burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposal does not change the intense competition that exists among the options markets for options business including with respect to transacting foreign currency options. In addition, all market participants submitting All-or-None Orders in the Opening Process will receive similar treatment with respect to those orders.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁰ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹¹

¹⁰ 15 U.S.C. 78s(b)(3)(A)(iii).

¹¹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹² normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹³ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest as it will allow the Exchange to implement the proposed rule change in coordination with a symbol by symbol transition to the INET technology in the second quarter of 2017. Accordingly, the Commission hereby waives the operative delay and designates the proposal operative upon filing.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
