Endangered and Threatened Species; Listing and Recovery Priority Guidelines

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability and request for comment.

SUMMARY: We, NMFS, are proposing to revise the Recovery Plan Preparation and Implementation Priorities and Recovery Plans contained in the 1990 Listing and Recovery Priority Guidelines. We propose to revise the guidelines to better prioritize limited agency resources to advance the recovery of threatened and endangered species guided by the immediacy of the species' overall extinction risk, extent of information regarding major threats, and certainty that management or protective actions can be implemented successfully. We are not proposing changes to the Listing, Reclassification, and Delisting Priorities contained in the 1990 Listing and Recovery Priority Guidelines. We have found those guidelines to be sufficient in prioritizing listing actions and thus do not warrant a revision at this time.

DATES: Comments on the proposed revision must be received by close of business on June 30, 2017.

ADDRESSES: You may submit comments on this document, identified by NOAA-NMFS-2017-0020 by either of the following methods:

SUPPLEMENTARY INFORMATION:

Background

Section 4(f) of the Endangered Species Act (ESA) (16 U.S.C. 1533(f)) requires the Secretary to develop recovery plans for all species listed pursuant to the ESA, unless he/she finds that such a plan will not promote the recovery of the species. Section 4(h) requires the Secretary to establish a system for developing and implementing, on a priority basis, recovery plans under Section 4(f). We finalized guidance for prioritizing recovery plan development and implementation on June 15, 1990 (55 FR 24296). However, through our application of the Recovery Plan Preparation and Implementation Priorities and Recovery Plans (see parts 'B' and 'C' June 15, 1990 55 FR 24296), we have determined that the guidelines contain vague definitions and lack sufficient detail regarding factors that should be considered when evaluating threats and recovery potential. For these reasons, we propose revisions to the Recovery Plan Preparation and Implementation Priorities and Recovery Plan parts of the 1990 Listing and Recovery Priority Guidelines.

The Listing, Reclassification, and Delisting Priorities can be found in the original **Federal Register** notice (see part 'A' June 15, 1990 55 FR 24296). The Listing, Reclassification, and Delisting Priorities remain unchanged and will be repeated in the final notice revising
