

specific way that would require a rulemaking regardless of the outcome of the negotiated rulemaking. On the contrary, Congress specifically directed that the final rule must result from the negotiated rulemaking, which will likely simplify the comment process enough to enable the agency to meet these relatively short deadlines.

By establishing the Committee in today's Notice, EPA is fulfilling the Lautenberg Act's requirement to "enter into a negotiated rulemaking pursuant to" the NRA to develop and publish a proposed rule. 15 U.S.C. 2607(a)(6)(A). When viewed under the lens of the statutory structure, any requirement for EPA to actually "develop and publish" a proposed rule must necessarily also result from consensus being reached by the Committee.

For these reasons, EPA respectfully disagrees with the commenter. If consensus cannot be reached, and there is no agreement upon which to base a proposal, then there is no further statutory obligation to issue a proposal or a final rule. However, as noted in the December 15, 2016, Notice, EPA commits to working in good faith to seek consensus on a proposal that is consistent with the legal mandate of TSCA.

D. Definition of Consensus Should Not Require Unanimous Concurrence of the Committee

The commenter recommended that the Committee use a definition of consensus that does not require unanimous concurrence among the Committee, citing the potential for one Committee member's veto to result in no agreement. The NRA defines consensus as unanimous concurrence, unless the Committee agrees otherwise. 5 U.S.C. 562. A unanimous concurrence definition is important in ensuring no one interest or group of interests is able to control the process. While EPA believes that unanimous concurrence is not an unreasonably high bar, particularly with the assistance of a highly skilled neutral facilitator with expertise in building consensus, the Committee has the power under the NRA to agree to another definition of consensus.

Authority: 15 U.S.C. 2601 *et seq.*

Dated: May 24, 2017.

Wendy Cleland-Hamnett,

Acting Assistant Administrator, Office of Chemical Safety and Pollution Prevention.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[19961-58-OEI]

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of Utah

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval of the State of Utah's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA's approval is effective June 5, 2017.

FOR FURTHER INFORMATION CONTACT:

Karen Seeh, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW., Washington, DC 20460, (202) 566-1175, seeh.karen@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On March 28, 2017, the Utah Department of Environmental Quality (UT DEQ) submitted an application titled "NPDES e-Reporting Tool" for revisions/modifications to its EPA-approved programs under title 40 CFR to allow new electronic reporting. EPA reviewed UT DEQ's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Utah's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 122, 125, 403-471, 501, and 503, is being published in the **Federal Register**:

Part 123—EPA Administered Permit Programs: The National Pollutant Discharge Elimination System;

Part 403—General Pretreatment Regulations for Existing and New Sources of Pollution; and

Part 501—State Sludge Management Program Regulations.

UT DEQ was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Matthew Leopard,

Director, Office of Information Management.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-xxxx and 3060-0029]

Information Collections Being Submitted for Review and Approval to the Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility;

the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments should be submitted on or before July 5, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, OMB, via email Nicholas.A.Fraser@omb.eop.gov; and to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418-2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <<http://www.reginfo.gov/public/do/PRAMain>>, (2) look for the section of the Web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, (6) when the list of FCC ICRs currently under review appears, look for the OMB control number of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or the Commission) invites the general

public and other Federal agencies to take this opportunity to comment on the following information collection.

Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

OMB Control Number: 3060-xxxx.

Title: First Amendment to Nationwide Programmatic Agreement for the Collocation of Wireless Antennas.

Form Number: Not applicable.

Type of Review: New collection.

Respondents: Business or other for-profit entities, not-for-profit institutions, and State, local, or Tribal governments.

Number of Respondents and Responses: 71 respondents; 765 responses.

Estimated Time per Response: 1 hour-5 hours.

Frequency of Response: Third party disclosure reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in Sections 1, 2, 4(i), 7, 301, 303, 309, and 332 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 157, 301, 303, 309, 332, and Section 106 of the National Historic Preservation Act of 1966, 54 U.S.C. 306108.

Total Annual Burden: 2,869 hours.

Total Annual Cost: \$82,285.

Privacy Impact Assessment: There are no impacts under the Privacy Act.

Nature and Extent of Confidentiality: No known confidentiality between third parties.

Needs and Uses: The Commission will submit this information collection for approval after the comment period to obtain the full three year clearance from the Office of Management and Budget (OMB). The Commission is requesting OMB approval for new disclosure requirements pertaining to the First Amendment to Nationwide Programmatic Agreement for the Collocation of Wireless Antennas (First Amendment) to address the review of deployments of small wireless antennas and associated equipment under Section 106 of the National Historic

Preservation Act (NHPA) (54 U.S.C. 306108 (formerly codified at 16 U.S.C. 470f)). The FCC, the Advisory Council on Historic Preservation (Council), and the National Conference of State Historic Preservation Officers (NCSHPO) agreed to amend the Nationwide Programmatic Agreement for the Collocation of Wireless Antennas (Collocation Agreement) to account for the limited potential of small wireless antennas and associated equipment, including Distributed Antenna Systems (DAS) and small cell facilities, to affect historic properties. The Collocation Agreement addresses historic preservation review for collocations on existing towers, buildings, and other non-tower structures. Under the Collocation Agreement, most antenna collocations on existing structures are excluded from Section 106 historic preservation review, with a few exceptions defined to address potentially problematic situations. On August 3, 2016, the Commission's Wireless Telecommunications Bureau, ACHP, and NCSHPO finalized and executed the First Amendment to the Collocation Agreement, to tailor the Section 106 process for small wireless deployments by excluding deployments that have minimal potential for adverse effects on historic properties.

The following are the information collection requirements in connection with the amended provisions of Appendix B of Part 1 of the Commission's rules (47 CFR part 1, App. B):

- Stipulation VII.C of the amended Collocation Agreement provides that proposals to mount a small antenna on a traffic control structure (*i.e.*, traffic light) or on a light pole, lamp post or other structure whose primary purpose is to provide public lighting, where the structure is located inside or within 250 feet of the boundary of a historic district, are generally subject to review through the Section 106 process. These proposed collocations will be excluded from such review on a case-by-case basis, if (1) the collocation licensee or the owner of the structure has not received written or electronic notification that the FCC is in receipt of a complaint from a member of the public, an Indian Tribe, a SHPO or the Council, that the collocation has an adverse effect on one or more historic properties; and (2) the structure is not historic (not a designated National Historic Landmark or a property listed in or eligible for listing in the National Register of Historic Places) or considered a contributing or compatible element within the historic district, under certain procedures. These

procedures require that applicant must request in writing that the SHPO concur with the applicant's determination that the structure is not a contributing or compatible element within the historic district, and the applicant's written request must specify the traffic control structure, light pole, or lamp post on which the applicant proposes to collocate and explain why the structure is not a contributing element based on the age and type of structure, as well as other relevant factors. The SHPO has thirty days from its receipt of such written notice to inform the applicant whether it disagrees with the applicant's determination that the structure is not a contributing or compatible element within the historic district. If within the thirty-day period, the SHPO informs the applicant that the structure is a contributing element or compatible element within the historic district or that the applicant has not provided sufficient information for a determination, the applicant may not deploy its facilities on that structure without completing the Section 106 review process. If, within the thirty day period, the SHPO either informs the applicant that the structure is not a contributing or compatible element within the historic district, or the SHPO fails to respond to the applicant within the thirty-day period, the applicant has no further Section 106 review obligations, provided that the collocation meets the certain volumetric and ground disturbance provisions.

The First Amendment to the Collocation Agreement establishes new exclusions from the Section 106 review process for physically small deployments like DAS and small cells, fulfilling a directive in the Commission's Infrastructure Report and Order, 80 FR 1238, Jan. 8, 2015, to further streamline review of these installations. These new exclusions will reduce the cost, time, and burden associated with deploying small facilities in many settings, and provide opportunities to increase densification at low cost and with very little impact on historic properties. Facilitating these deployments thus directly advances efforts to roll out 5G service in communities across the country.

OMB Control Number: 3060-0029.

Title: Application for Construction Permit for Reserved Channel Noncommercial Educational Broadcast Station, FCC Form 340.

Form Number: FCC Form 340.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities, not for profit institutions and State, local or Tribal Government.

Number of Respondents and Responses: 2,765 respondents; 2,765 responses.

Estimated Time per Response: 1-6 hours.

Frequency of Response: On occasion reporting requirement and Third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in Sections 154(i), 303 and 308 of the Communications Act of 1934, as amended.

Total Annual Burden: 7,150 hours.

Total Annual Cost: \$29,079,700.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: FCC Form 340 is used by licensees and permittees to apply for authority to construct a new noncommercial educational ("NCE") FM and DTV broadcast station (including a DTS facility), or to make changes in the existing facilities of such a station. FCC Form 340 is only used if the station will operate on a channel that is reserved exclusively for NCE use, or in the situation where applications for NCE stations on non-reserved channels are mutually exclusive only with one another. Also, FCC Form 340 is used by Native American Tribes and Alaska Native Villages ("Tribes"), tribal consortia, or entities owned or controlled by Tribes when qualifying for the "Tribal Priority" under 47 CFR 73.7000, 73.7002.

FCC Form 340 also contains a third party disclosure requirement, pursuant to Section 73.3580. This rule requires a party applying for a new broadcast station, or making a major change to an existing station, to give local public notice of this filing in a newspaper of general circulation in the community in which the station is located. This local public notice must be completed within 30 days of tendering the application. This notice must be published at least twice a week for two consecutive weeks in a three-week period. In addition, a copy of this notice must be placed in the station's public inspection file along with the application, pursuant to Section 73.3527. This recordkeeping information collection requirement is contained in OMB Control No. 3060-0214, which covers Section 73.3527. Federal Communications Commission.

Katura Jackson,

Federal Register Liaison Officer, Office of the Secretary.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0773, 3060-0805]

Information Collections Being Submitted for Review and Approval to the Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments should be submitted on or before July 5, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, OMB, via email Nicholas_A_Fraser@omb.eop.gov; and to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Nicole
