Information Collection Request Title: THCGME Reconciliation Tool for the Teaching Health Center Graduate Medical Education Program, OMB No. 0915–0342—Extension

Abstract: The Teaching Health Center Graduate Medical Education (THCGME) program, as authorized by section 340H of the Public Health Service (PHS) Act, awards payment for both direct and indirect expenses to support training for primary care residents in community based ambulatory patient care settings. Direct medical expenses payments are designed to compensate eligible teaching health centers for those expenses directly associated with resident training, while indirect medical expenses payments are intended to compensate for the additional costs of training residents in such programs.

Need and Proposed Use of the Information: THCGME program payments are prospective payments, and the statute provides for a reconciliation process, through which overpayments may be recouped and underpayments may be adjusted at the end of the fiscal year. This data collection instrument gathers information relating to the number of resident full-time equivalents (FTEs) in THC training programs in order to reconcile payments for both direct and indirect expenses.
