[Docket No. NHTSA–2016–0102; Notice 2]

Volkswagen Group of America, Inc., Grant of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Grant of petition.

SUMMARY: Volkswagen Group of America, Inc. (Volkswagen), has determined that certain model year (MY) 2016 Volkswagen eGolf motor vehicles do not fully comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 108, *Lamps, reflective devices and associated equipment*. Volkswagen filed a noncompliance report dated September 16, 2016. Volkswagen then petitioned NHTSA on September 16, 2016, for a decision that the subject noncompliance is inconsequential as it relates to motor vehicle safety.

ADDRESSES: For further information on this decision contact Leroy Angeles, Office of Vehicle Safety Compliance, the National Highway Traffic Safety Administration (NHTSA), telephone (202) 366–5304, facsimile (202) 366–5930.

SUPPLEMENTARY INFORMATION:

I. Overview: Volkswagen Group of America, Inc. (Volkswagen), has determined that certain model year (MY) 2016 Volkswagen eGolf motor vehicles do not fully comply with

paragraph S6.5.3.2 of Federal Motor Vehicle Safety Standard (FMVSS) No. 108, *Lamps, reflective devices and associated equipment*. Volkswagen filed a noncompliance report dated September 16, 2016, pursuant to 49 CFR part 573, *Defect and Noncompliance Responsibility and Reports*. Volkswagen then petitioned NHTSA on September 16, 2016, pursuant to 49 U.S.C. 30118(d) and 30120(h) and their implementing regulations at 49 CFR part 556, for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential as it relates to motor vehicle safety.

Notice of receipt of the petition was published, with a 30-day public comment period on October 26, 2016 in the **Federal Register** (81 FR 74500). No comments were received. To view the petition and all supporting documents log onto the Federal Docket Management System (FDMS) Web page at: <http://www.regulations.gov/>. Then follow the online search instruction to locate docket number “NHTSA–2016–0102.”

II. Vehicles Involved: Affected are 1,967 MY 2016 Volkswagen eGolf motor vehicles manufactured between June 25, 2015, and September 14, 2016.

III. Noncompliance: Volkswagen explains that the noncompliance is due to a labeling error. The affected vehicles are equipped with halogen headlamps that are missing the required operation voltage label on the headlamp assembly and therefore do not meet the requirements specified in paragraph S6.5.3.2 of FMVSS No. 108.

IV. Rule Text: Paragraph S6.5.3.2 of FMVSS No. 108 states:

S6.5.3.2 *Voltage and trade number.* Each original and replacement equipment headlamp, and each original and replacement equipment beam contributor must be marked with its voltage and with its part or trade number.

V. Summary of Volkswagen's Petition: Volkswagen described the subject noncompliance and stated its belief that the noncompliance is inconsequential as it relates to motor vehicle safety.

In support of its petition, Volkswagen stated that the correct halogen bulb specification is denoted on the headlamp glass lens, as required, as well as on the headlamp label and in service literature, etc. The halogen light bulb type implicitly carries the voltage specification, as the designated H7 bulb is always a 12V halogen light bulb. Additionally, the halogen light bulb socket is mechanically coded and will not accept the fitment of a replacement light bulb of incorrect specification. As
