

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.¹⁵

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change will become operative immediately upon filing. In support of its request, the Exchange stated that waiver of the operative delay would continue to enable the Exchange to grant small firms exemptions from the OATS requirements as those firms are preparing to report information to the CAT Central Repository, thereby avoiding potentially unnecessary expense or hardship on firms that qualify for the exemption.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Absent such action, a small firm that otherwise would qualify for an exemption would have to comply with the Exchange requirements to record and report manual orders to OATS because the Exchange would not have the authority to grant an exemption during the 30-day pre-operative period. The Commission agrees with the Exchange that waiving the 30-day operative delay would enable

the Exchange, in appropriate cases, to prevent unnecessary expense being imposed on small firms. Therefore, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹⁶

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) of the Act¹⁷ to determine whether the proposed rule change should be approved or disapproved.

Rule 15c2-11; SEC File No. 270-196, OMB Control No. 3235-0202

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 15c2-11, (17 CFR 240.15c2-11), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act").

Rule 15c2-11 under the Exchange Act regulates the initiation or resumption of quotations in a quotation medium by a broker-dealer for over-the-counter ("OTC") securities. The Rule was designed primarily to prevent certain manipulative and fraudulent trading schemes that had arisen in connection with the distribution and trading of unregistered securities issued by shell

¹⁴ 17 CFR 240.19b-4(f)(6).

¹⁵ In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to provide the Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has complied with this requirement.

¹⁶ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

companies or other companies having outstanding but infrequently traded securities. Subject to certain exceptions, the Rule prohibits broker-dealers from publishing a quotation for a security, or submitting a quotation for publication, in a quotation medium unless they have reviewed specified information concerning the security and the issuer.

Based on information provided by Financial Industry Regulatory Authority, Inc. (“FINRA”), in the 2016 calendar year, FINRA received approximately 461 applications from broker-dealers to initiate or resume publication of quotes of covered OTC securities on the OTC Bulletin Board and/or OTC Link or other quotation mediums. We estimate that (i) 195 of the covered OTC securities were issued by reporting issuers, while the other 266 were issued by non-reporting issuers, and (ii) it will take a broker-dealer about 4 hours to review, record and retain the information pertaining to a reporting issuer, and about 8 hours to review, record and retain the information pertaining to a non-reporting issuer.

We therefore estimate that broker-dealers who initiate or resume publication of quotations for covered OTC securities of reporting issuers will require 780 hours (195 × 4) to review, record and retain the information required by the Rule. We estimate that broker-dealers who initiate or resume publication of quotations for covered OTC securities of non-reporting issuers will require 2,128 hours (266 × 8) to review, record and retain the information required by the Rule. Thus, we estimate the total annual burden hours for broker-dealers to initiate or resume publication of quotations of covered OTC securities to be 2908 hours (780 + 2,128). The Commission believes that the compliance costs for these 2,908 hours would be borne by internal staff working at a rate of \$57 per hour.¹

Subject to certain exceptions, the Rule prohibits broker-dealers from publishing a quotation for a security, or submitting a quotation for publication, in a quotation medium unless they have reviewed specified information concerning the security and the issuer. The broker-dealer must also make the information reasonably available upon request to any person expressing an interest in a proposed transaction in the security with such broker or dealer. The collection of information that is submitted to FINRA for review and

approval is currently not available to the public from FINRA.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

The public may view background documentation for this information collection at the following Web site, *www.reginfo.gov*. Comments should be directed to: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503, or by sending an email to: *Shagufta.Ahmed@omb.eop.gov*; and (ii) Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, or by sending an email to: *PRA_Mailbox@sec.gov*. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange’s Rule 7400 Series consists of NYSE Rules 7410 through 7470 and sets forth the recording and reporting requirements of the Order Audit Trail System (“OATS”) Rules. The OATS Rules require all Exchange member organizations and associated persons to record in electronic form and report to the Financial Industry Regulatory Authority, Inc. Rule 7470 provides the Exchange with the authority to exempt certain members from the recording and reporting requirements and from the recording and order data transmission requirements of Rules 7440 and 7450, respectively, for manual orders if such exemption is consistent with the protection of investors and the public interest, and the member organization
