

Renewal grants are awarded for a three-year operating period. Currently, there are 82 eligible renewal grantees. The number of respondents listed for HOPWA renewal applications represents one-third of the renewal grantees, or the estimated number of grantees projected to renew HOPWA grants each year. The number of respondents listed for HOPWA competitive applications represents the number of respondents expected to submit an application if funding becomes available in the next three years. Form HUD-40110-C, the APR is submitted by all renewal and competitive grantees on an annual basis. The number of respondents for the APR include 82 renewal grantees, eight (8) current HOPWA competitive grantees, and nine (9) potential competitive grantees, if funding becomes available.

HOPWA grantees and applicants may be required to respond to more than one piece of information collection. The total number of respondents include: 82 Renewal grantees, eight (8) current HOPWA competitive grantees, 40 potential competitive applicants, and 128 current HOPWA formula grantees. The total of 552 total annual responses captures each unique response from the 258 respondents. All annualized costs reflect staff time spent on tasks in the table. The hourly rate is based on a GS-9 for Rest of United States. 26,713 hours * \$23.85 = \$637,105.05.

A. Overview of Information Collection

Title of Information Collection: HUD Environmental Review Online System (HEROS).

OMB Approval Number: 2506-0202.

Type of Request: Extension of currently approved collection.

Form Number: None.

Description of the need for the information and proposed use: 24 CFR part 58, "Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities" requires units of general local government receiving HUD assistance to maintain a written environmental review record for all projects receiving HUD funding documenting compliance with the National Environmental Policy Act (NEPA), the regulations of the Council on Environmental Quality, related federal environmental laws, executive orders, and authorities, and Part 58 procedure. Various laws that authorize this procedure are listed in 24 CFR 58.1(b). 24 CFR part 50, "Protection and Enhancement of Environmental Quality," implements procedures for HUD to perform environmental reviews for projects where Part 58 is not permitted by law. Under Part 50, HUD staff complete the environmental review records, but they may use any information supplied by an applicant or contractor, provided HUD independently evaluates the information and is responsible for its accuracy and prepares the environmental finding. The HUD Environmental Review Online System (HEROS) allows users to complete, store, and submit their environmental review records and documents online. HEROS is currently optional for Responsible Entity and other non-HUD users, who may continue to use paper-based environmental review formats; however, HUD staff in many offices are required to use HEROS to complete their environmental reviews.

Respondents (i.e. affected public): The respondents are state and local governments receiving HUD funding who are required to complete environmental reviews.

Estimated Number of Respondents: 3,932.

Estimated Number of Responses: 1.
Frequency of Response: 3,932.

subject to the related laws (CEST) or require an Environmental Assessment

(EA) take an average of 4 hours to complete.

Total Estimated Burdens: 7,752 hours or \$258,391.

Description of the need for the information and proposed use: The Department's Office of Policy Development and Coordination administers congressionally mandated grants, known as earmarks. Respondents are initially identified by congress and generally fall into two categories: Economic Development Initiative-Special Project (EDI-SP) grantees and Neighborhood Initiative (NI) grantees.
