

representative of an organization will be allowed to present oral comments in any given meeting; other representatives of the same group may provide written comments. If the oral comment session is full, individuals who could not be accommodated are welcome to provide written comments instead. Comments to be read or presented in the meeting will be assigned a 3–5 minute time slot depending on the number of comments, but a longer version may be submitted in writing for the record. Commenters going beyond their allotted time in the meeting may be asked to conclude immediately in order to allow other comments and presentations to proceed on schedule. Any interested person may submit written public comments to the IACC prior to the meeting by emailing the comments to IACCPublicInquiries@mail.nih.gov or by submitting comments at the web link: <https://iacc.hhs.gov/meetings/public-comments/submit/index.jsp> by 5:00 p.m. ET on Tuesday, October 17, 2017. The comments should include the name, address, telephone number, and when applicable, the business or professional affiliation of the interested person. NIMH anticipates written public comments received by 5:00 p.m. ET on Tuesday, October 17, 2017 will be presented to the Committee prior to the meeting for the Committee's consideration. Any written comments received after the 5:00 p.m. ET, October 17, 2017 deadline through October 23, 2017 will be provided to the Committee either before or after the meeting, depending on the volume of comments received and the time required to process them in accordance with privacy regulations and other applicable Federal policies. All written public comments and oral public comment statements received by the deadlines for both oral and written public comments will be provided to the IACC for their consideration and will become part of the public record. Attachments of copyrighted publications are not permitted, but web links or citations for any copyrighted works cited may be provided.

In the 2009 IACC Strategic Plan, the IACC listed the "Spirit of Collaboration" as one of its core values, stating that, "We will treat others with respect, listen to diverse views with open minds, discuss submitted public comments, and foster discussions where participants can comfortably offer opposing opinions." In keeping with this core value, the IACC and the NIMH Office of Autism Research Coordination (OARC) ask that members of the public who provide public comments or participate in meetings of the IACC also

seek to treat others with respect and consideration in their communications and actions, even when discussing issues of genuine concern or disagreement.

Remote Access

The meeting will be open to the public through a conference call phone number and webcast live on the Internet. Members of the public who participate using the conference call phone number will be able to listen to the meeting but will not be heard. If you experience any technical problems with the webcast or conference call, please send an email to IACCPublicInquiries@mail.nih.gov.

Individuals wishing to participate in person or by using these electronic services and who need special assistance, such as captioning of the conference call or other reasonable accommodations, should submit a request to the Contact Person listed on this notice at least five days prior to the meeting.

Security

Visitors will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit. Also as a part of security procedures, attendees should be prepared to present a photo ID at the meeting registration desk during the check-in process. Pre-registration is recommended. Seating will be limited to the room capacity and seats will be on a first come, first served basis, with expedited check-in for those who are pre-registered. Meeting schedule subject to change.

Transportation Security Administration

Revision of Agency Information Collection Activity Under OMB Review: Sensitive Security Information Threat Assessments

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-Day notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0042, abstracted below to OMB for review and approval of a revision of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on November 25, 2016. The collection involves TSA determining whether individuals seeking access to sensitive security information (SSI) may be granted access to the SSI.

DATES: Send your comments by July 19, 2017. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to Desk Officer, Department of Homeland Security/TSA, and sent via electronic mail to dhsdeskofficer@omb.eop.gov or faxed to (202) 395-6974.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh, TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011; telephone (571) 227-2062; email TSAPRA@tsa.dhs.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

Title: Sensitive Security Information Threat Assessments.

Type of Request: Revision of a currently approved collection.

OMB Control Number: 1652-0042.

Forms(s): TSA 2211.

Affected Public: Individuals seeking access to SSI Information.

Abstract: TSA has implemented sec. 525(d) of the DHS Appropriations Act, 2007 (Pub. L. 109-295, 120 Stat 1355, 1382, Oct. 4, 2006), as reenacted,¹ by establishing a process whereby a party seeking access to SSI in a civil proceeding in Federal court that demonstrates a substantial need for relevant SSI in preparation of the party's case may request that the party's representative or court reporter be granted access to the SSI. Under §§ 1520.11 and 1520.15 of 49 CFR, TSA has also extended this process to include a prospective bidder who is seeking to submit a proposal in response to a request for proposal issued by TSA; an individual involved in the performance of contractual agreements (for example, bailments), or other transaction agreements, or an individual receiving access to SSI under 49 CFR 1520.15(e), other conditional disclosure.

Pursuant to sec. 114 of the Aviation and Transportation Security Act, Pub. L. 107-71 (115 Stat. 597, Nov. 19, 2001), and 49 CFR 1520.11(c), TSA may make an individual's access to SSI contingent upon satisfactory completion of a security threat assessment (STA), including a criminal history records check (CHRC); and/or a name-based check against Federal law enforcement, terrorism, and immigration databases; and/or other procedures and requirements for safeguarding SSI that are satisfactory to TSA. TSA collects identifying information, an explanation supporting the individuals' need for the information, and other information related to safeguarding SSI to conduct the threat assessments. TSA uses the results of the STA to make a final determination on whether the individual may be granted access to SSI. TSA also uses the information to determine whether provision of access to specific SSI would present a risk of harm to the nation.

¹ Consolidated and Further Continuing Appropriations Act, 2013, Pub. L. 113-6, Div. D., Title V., sec. 510 (127 Stat. 198, 368, Mar. 26, 2013).

TSA is revising the collection of information to allow individuals who are members of the TSA PreV[®] Application Program, to provide a known traveler number (KTN) to facilitate the security threat assessment. Under that Program, individuals submit identifying information and fingerprints for a CHRC to help TSA determine eligibility for the Program, very similar to what TSA requires before providing SSI to an individual. TSA will use the information provided as part of the TSA PreV[®] Application Program as part of its determination of an individual's eligibility to be granted access to SSI.

Number of Respondents: 263.²

Estimated Annual Burden Hours: An estimated 275 hours annually.

Dated: June 8, 2017.

Christina A. Walsh,

TSA Paperwork Reduction Act Officer, Office of Information Technology.
