Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: NAS Data Release Request

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew a previously approved information collection. The information enables the FAA to evaluate the validity of the user's request for National Airspace (NAS) data from FAA systems and equipment.

DATES: Written comments should be submitted by August 18, 2017.

ADDRESSES: Send comments to the FAA at the following address: Ronda Thompson, Federal Aviation Administration, ASP-110, 800 Independence Ave. SW., Washington, DC 20591.

PUBLIC COMMENTS INVITED: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

FOR FURTHER INFORMATION CONTACT: Ronda Thompson by email at: Ronda.Thompson@faa.gov; phone: 202-267-1416.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 2120-0668.

Title: NAS Data Release Request.

Form Numbers: FAA Form 1200-5.

Type of Review: Renewal of an information collection.

Background: This data collection is the genesis for granting approval to release filtered NAS data. The information provided sets the criteria for the FAA Data Release Request Committee (DRRC) to approve or disapprove individual requests for NAS data. The information submitted by the requestor determines the requestor's eligibility to use FAA NAS data. The agency currently uses the collected information to determine suitability for procuring NAS data for use in various evaluations.

Respondents: Approximately 9 data requestors annually.

Frequency: On occasion.

Estimated Average Burden per Response: 3 hours.

Estimated Total Annual Burden: 27 hours.

Issued in Washington, DC, on June 5, 2017.

Ronda L. Thompson,

FAA Information Collection Clearance Officer, Performance, Policy, and Records Management Branch, ASP-110.

SUPPLEMENTARY INFORMATION:

Title: Inventory of State Compliance on Serious Injury Reporting Using the Model Minimum Uniform Crash Criteria 4th Edition

Type of request: New information collection requirement.

Background: The Federal Highway Administration (FHWA) Office of Safety's mission is to exercise leadership throughout the highway community to make the Nation's roadways safer by developing, evaluating, and deploying life-saving countermeasures; advancing the use of scientific methods and data-driven decisions, fostering a safety culture, and promoting an integrated, multidisciplinary 4 E's (Engineering, Education, Enforcement, Education) approach to safety. The mission is carried out through the Highway Safety Improvement Program (HSIP), a data driven strategic approach to improving highway safety on all public roads that focuses on performance. The goal of the program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands.

In keeping with that mission, the United States Congress on June 29, 2012 passed the Moving Ahead for Progress in the 21st Century Act (MAP-21), which was signed into law (Pub. L. 112-141) on July 6, 2012 by President Barack Obama and continued in the Fixing America's Surface Transportation Act (FAST Act). MAP-21 is a milestone for the U.S. economy and the Nation's surface transportation program as it transformed the policy and programmatic framework for investments to guide the system's growth and development and created a streamlined performance-based surface transportation program. The FHWA defines Transportation Performance Management (TPM) as a strategic approach that uses system information to make investment and policy decisions to achieve national performance goals.

MAP-21 required the Secretary of Transportation to establish performance measures for States to use to assess
