The ENS, designated by FEMA Directive 262–3 as the agency solution for all notification and alerts activities, sends electronic notifications and relays messages, whether critical in nature, routine, or for testing purposes with appropriate authorization, to DHS employees and contractors, as well as emergency response personnel. In accordance with Executive Order 12656, as amended, Presidential Policy Directive 40, and Federal Continuity Directive (FCD)-1, all DHS organizational components must have in place a viable Continuity of Operations Planning (COOP) capability and plan that ensures the performance of their essential functions during any emergency or situation that could disrupt normal operations.
