II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply, for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

The Agency requests an adjustment increase of 9,546 burden hours (from 66,931 to 76,477 hours). The increase in burden hours results from an increase in the number of construction sites based on updated data. The Agency will summarize the comments submitted in response to this notice and will include this summary in the request to OMB.
