Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Project: Mental Health Block Grant Ten Percent Set Aside Evaluation of First Episode Psychosis—NEW

The Substance Abuse and Mental Health Services Administration (SAMHSA) is directed by Congress through its FY 2016 Omnibus bill, Public Law 114-113, to set aside ten percent of the Mental Health Block Grant (MHBG) allocation for each state to support evidence-based programs that provide treatment for those with early serious mental illness (SMI) and a first episode psychosis (FEP)—an increase from the previous five percent set aside.

The purpose of this 3-year evaluation is to assess the relationship between fidelity of selected coordinated specialty care (CSC) programs supported with Mental Health Block Grant (MHBG) Ten Percent Set Aside funding and participant outcomes. There are approximately 250 sites implementing CSC programs with MHBG ten percent set aside funding. All 250 sites will be

asked to report on their implementation through an online survey. Up to 32 CSC sites across the nation will be recruited to participate in a process and outcome evaluation. The data collection activities for the Mental Health Block Grant Ten Percent Set Aside Evaluation will include the following seven data collection activities:

- *Site Survey:* This is a one-time online survey with site directors of all 250 centers using MHBG ten percent set aside funding (not just those included in the evaluation). The survey focuses on how centers across the U.S. are providing services to individuals with First Episode Psychosis (FEP) in their communities.

- *Agency Director/Administrator Interview:* This semi-structured interview will be conducted twice with Agency Director/Administrators at each of the 32 CSC sites in the evaluation about the successes and challenges involved in implementing the CSC program.

- *Coordinated Specialty Care (CSC) Staff Interview:* This semi-structured interview will be conducted twice with CSC Staff at each of the 32 CSC sites in the evaluation about the successes and challenges involved in implementing the CSC program.

- *Coordinated Specialty Care (CSC) Participant Interview:* This semi-structured interview will be conducted twice with participants involved in programs at the 32 CSC sites in the evaluation. The purpose of the interview is to gather participant input on how CSC programs are operating and their thoughts and opinions about successes and challenges while participating in the CSC program.

- *State Mental Health Authority Interview:* This is a one-time semi-structured interview with state mental health leadership in the states where the 32 sites in the evaluation are located. The interview focuses on their thoughts and opinions about context in which CSC programs are implemented within their state and the state's role in the implementation of the CSC programs.

- *Fidelity Interview:* This interview will be conducted twice during the evaluation with up to four CSC staff at each site. The phone interview is designed to be used in conjunction with the First Episode Psychosis Fidelity Scale (FEPS-FS) to examine whether elements of CSC are implemented at the sites.

- *Possible Administrative Data Elements:* Each site will provide the evaluation team with administrative data elements on participant demographics and outcomes. To minimize burden and maximize the number of sites reporting outcome measures, we will seek sites that are already collecting the individual level outcome measures identified for this study including quality of life, symptomology, employment status, educational status, and living situation. These administrative data elements are included in the core collection of measures recommended by the Mental Health Research Panel through the PhenX Toolkit (www.phenxtoolkit.org) for use by all mental health researchers. Thus, we expect that majority of the sites will already be collecting these measures as a part of their routine practice.

TABLE 1—ESTIMATED BURDEN HOURS

Data collection activity	Number of respondents	Responses per respondent	Total responses	Average burden per response (in hours)	Total burden (in hours)
Site Survey	250	1	250	0.2	50
Agency Director/Administrator Interview	64	1	64	2.0	128
Coordinated Specialty Care (CSC) Staff Interview	192	1	192	2.0	384
Coordinated Specialty Care (CSC) Participant Interview	128	1	128	1.0	128
State Mental Health Authority Interview	32	1	32	2.0	64
Fidelity Interview	64	4	256	4.0	1,024
Possible Administrative Data Elements	32	18	576	5.0	2,880
Total	762	1,498	4,658

Please note this notice supersedes the one that was published on 6/12/15.

Written comments and recommendations concerning the proposed information collection should be sent by July 21, 2017 to the SAMHSA Desk Officer at the Office of Information

and Regulatory Affairs, Office of Management and Budget (OMB). To ensure timely receipt of comments, and to avoid potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, commenters are encouraged to submit

their comments to OMB via email to: OIRA_Submission@omb.eop.gov. Although commenters are encouraged to send their comments via email, commenters may also fax their comments to: 202-395-7285. Commenters may also mail them to:

Office of Management and Budget,
Office of Information and Regulatory
Affairs, New Executive Office Building,
Room 10102, Washington, DC 20503.

Project: 2018 National Survey on Drug Use and Health (OMB No. 0930-0110)—Revision

The National Survey on Drug Use and Health (NSDUH) is a survey of the U.S. civilian, non-institutionalized population aged 12 years old or older. The data are used to determine the prevalence of use of tobacco products, alcohol, illicit substances, and illicit use of prescription drugs. The results are used by SAMHSA, the Office of National Drug Control Policy (ONDCP), federal government agencies, and other organizations and researchers to establish policy, direct program activities, and better allocate resources.

While NSDUH must be updated periodically to reflect changing substance use and mental health issues and to continue producing current data, for the 2018 NSDUH only the following minor changes are planned: (1) At the request of ONDCP, re-inserted the marijuana marketplace module, previously included in the 2014 NSDUH (as well as prior years), into the respondent-administered portion of the

2018 questionnaire; (2) the addition of four new questions, asked only of respondents age 18 and older, about the perception of problems with and recovery from drug/alcohol and mental health problems; and (3) included other minor wording changes to improve the flow of the interview, increase respondent comprehension or to be consistent with text in other questions.

The marijuana marketplace module consists of a series of questions that seek to gather data such as the location, quantity, cost and type of marijuana being purchased across the nation. This module is unchanged from the version last included in the 2014 NSDUH. As with all NSDUH/NHSDA surveys conducted since 1999, the sample size of the survey for 2018 will be sufficient to permit prevalence estimates for each of the fifty states and the District of Columbia. Prior to 2002, the NSDUH was referred to as the National Household Survey on Drug Abuse (NHSDA).

The total annual burden estimate is shown below.

ANNUALIZED ESTIMATED BURDEN FOR 2018 NSDUH

Instrument	Number of respondents	Responses per respondent	Total number of responses	Hours per response	Total burden hours
Household Screening	133,586	1	133,586	0.083	11,088
Interview	67,507	1	67,507	1.000	67,507
Screening Verification	4,008	1	4,008	0.067	269
Interview Verification	10,126	1	10,126	0.067	678
Total	133,586	215,227	79,542

**DEPARTMENT OF HOUSING AND
URBAN DEVELOPMENT**

[Docket No. FR-6038-N-01]

**Authority To Accept Unsolicited
Proposals for Research Partnerships**

AGENCY: Office of the Assistant Secretary for Policy Development and Research, HUD.

ACTION: Notice.

SUMMARY: This notice announces that HUD's Office of Policy Development and Research (PD&R) has the authority to accept unsolicited research proposals that address current research priorities.

In accordance with statutory requirements, the research projects must be funded at least 50 percent by philanthropic entities or Federal, state, or local government agencies. This notice announces that HUD is accepting research proposals and provides a general description of information that should be included in any research proposal.

DATES: Proposals may be submitted at any time and will be evaluated as they are received. Available funds will be awarded as proposals are received, evaluated, and approved, until funds are exhausted.

ADDRESSES: You may submit comments, identified by docket number and title, by email, at: ResearchPartnerships@hud.gov, or by mail, at: Attention: Housing and Urban Development, Office of University Partnerships, 451 7th Street SW., Room 8226, Washington, DC 20410.
