SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-80999; File No. SR-ISE-2017-59]

Self-Regulatory Organizations; Nasdaq ISE, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Section III of the Schedule of Fees

June 22, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 19, 2017, Nasdaq ISE, LLC (“ISE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Section III of the Schedule of Fees to eliminate FX Option fees and rebates for trades executed on June 12–30, 2017.

The text of the proposed rule change is available on the Exchange’s Web site at www.ise.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend Section III of the Schedule of Fees to eliminate FX Option fees and rebates for trades executed on June 12–30, 2017 in connection with the migration of the Exchange’s trading system to the Nasdaq INET technology, which is scheduled to begin on June 12, 2017.³ The Exchange will launch its re-platformed INET trading system beginning with FX Options on June 12, 2017. The Exchange proposes to eliminate fees and rebates for trades in FX Options executed on the INET trading system from June 12–30, 2017. Because the Exchange is eliminating fees and rebates for trades in these products, during this period trades in FX Options will not be counted towards a member’s tier for June activity. The proposed change would allow the Exchange to bill June fees solely based on activity traded on the current T7 trading system,⁴ and is an inducement for members to trade the first symbols launched on the INET trading system as there would be no transaction fees for doing so.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and Section 6(b)(4) of the Act,⁶ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities.

The Exchange believes that it is reasonable and equitable to eliminate fees and rebates for FX Options during the initial launch of the Exchange’s re-platformed trading system. Eliminating FX Option fees and rebates during this period will simplify the Exchange’s billing and serve as an inducement for members to trade the first symbols migrated to the INET trading system. Because the Exchange is offering free executions in these symbols, volume executed in FX Options on June 12–30, 2017 will not be counted towards any

⁴ Additional symbols may be rolled out on the INET trading system later in June. The Exchange intends to eliminate fees and rebates for those symbols in a later proposed rule change to be filed prior to their introduction on INET.

volume based tiers. Similar treatment was afforded to the first symbol launched on the Nasdaq GEMX, LLC INET trading system.⁷ The Exchange believes that these two changes will be attractive to members that trade on the new INET trading system. The Exchange also believes that this proposed change is not unfairly discriminatory as it will apply to FX Options trades that are executed by all members. As noted above, FX Options were selected for this treatment as those products will be the first symbols traded on the INET trading system.

B. Self-Regulatory Organization’s Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁸ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change is intended to ease members’ transition to the re-platformed INET trading system and is not designed to have any significant competitive impact. The Exchange operates in a highly competitive market in which market participants can readily direct their order flow to competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and rebates to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed fee changes reflect this competitive environment.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,⁹ and Rule 19b-4(f)(2)¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of
