### 40 CFR Part 52

[EPA-R09-OAR-2016-0409; FRL-9955-66-Region 9]

### Approval of California Air Plan Revisions, Great Basin Unified Air Pollution Control District and Town of Mammoth Lakes

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is proposing to approve revisions to the Great Basin Unified Air Pollution Control District (GBUAPCD) and the Town of Mammoth Lakes portion of the California State Implementation Plan (SIP). These revisions concern particulate matter (PM) emissions from wood burning devices and road dust in the Town of Mammoth Lakes. We are proposing to approve local rules to regulate these emission sources under the Clean Air Act (CAA or the Act).

**DATES:** Any comments on this proposal must arrive by July 31, 2017.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-R09-OAR-2016-0409 at <http://www.regulations.gov>, or via email to Andrew Steckel, Rulemaking Office Chief at [Steckel.Andrew@epa.gov](mailto:Steckel.Andrew@epa.gov). For comments submitted at [Regulations.gov](http://www.regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be removed or edited from [Regulations.gov](http://www.regulations.gov). For either manner of submission, the EPA may publish any comment received to its public docket.

Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the Web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section. For the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

#### SUPPLEMENTARY INFORMATION:

Throughout this document, “we,” “us” and “our” refer to the EPA. This proposal addresses the following local rules:

- GBUAPCD Rule 431, Particulate Matter (except paragraphs M and N).
- Town of Mammoth Lakes Municipal Code Chapter 8.30, Particulate Emissions Regulations (except paragraphs 8.30.110 and 8.30.120).

In the Rules and Regulations section of this **Federal Register**, we are approving these local rules in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comment on a particular rule, we may adopt as final the rule that is not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: November 14, 2016.

**Alexis Strauss,**

*Acting Regional Administrator, Region IX.*

**Editorial note:** This document was received for publication by the Office of the Federal Register on June 20, 2017.

### National Oil and Hazardous Substances Pollution Contingency Plan National Priorities List: Partial Deletion of the Mystery Bridge Road/U.S. Highway 20 Superfund Site

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule; notice of intent.

**SUMMARY:** The Environmental Protection Agency (EPA) Region 8 is issuing a notice of Intent to Partially Delete the property currently owned by Tallgrass Energy Partners, LP (formerly owned by KM Upstream LLC and hereinafter referred to as the former KMI Property), on the Mystery Bridge Road/U.S. Highway 20 Site (Site) from the National Priorities List (NPL). The Site is located in Natrona County, northeast of Casper, Wyoming. EPA requests public comment on this proposed action. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution and Contingency Plan (NCP). The EPA and the State of Wyoming, through the Wyoming Department of Environmental Quality (WDEQ), have determined that all appropriate response actions, other than maintenance of institutional controls and five-year reviews, have been completed for the former KMI source area and the resultant groundwater contamination. However, this deletion does not preclude future actions under Superfund.

This partial deletion pertains to the former KMI Property of OU1 and OU2 formerly containing the benzene, toluene, ethylbenzene, and total xylenes (collectively known as BTEX) groundwater plume and source soils, respectively. The remaining area and media of both OU1 and OU2 containing the volatile halogenated organic chemicals (VHOs) source soils and
