(c) Absent exceptional circumstances, as determined by the Commission or its designee, the Commission will not entertain a request either to agree to indemnify or to settle a personal damage claim before entry of an adverse verdict, judgment, or monetary award.

(d) When an employee of the Federal Trade Commission becomes aware that an action may be or has been filed against the employee in his or her individual capacity as a result of conduct taken within the scope of his or her employment, the employee shall immediately notify his or her supervisor that such an action is pending or threatened. The supervisor shall promptly thereafter notify the Office of the General Counsel. Employees may be authorized to receive legal representation by the Office of General Counsel. Employees may be authorized to receive legal representation by the Department of Justice in accordance with 28 CFR 50.15.

(e)(1) The employee may, thereafter, request either:

(i) Indemnification to satisfy a verdict, judgment or award entered against the employee; or

(ii) Payment to satisfy the requirements of a settlement proposal.

(2) The employee shall submit a written request, with documentation including copies of the verdict, judgment, award, or settlement proposal, as appropriate, to the head of his or her division or office, who thereupon shall submit to the General Counsel, in a timely manner, a recommended disposition of the request. The General Counsel may also seek the views of the Department of Justice. The failure of an employee to provide notification under paragraph (d) of this section or make a request under this paragraph (e) shall not impair the agency’s ability to provide indemnification or payment under this section if it determines it is appropriate to do so.

(f) Any amount paid under this section either to indemnify a Federal Trade Commission employee or to settle a personal damage claim shall be contingent upon the availability of appropriated funds of the Federal Trade Commission.

By direction of the Commission.

Donald S. Clark,
Secretary.

DEPARTMENT OF DEFENSE

Department of the Navy

32 CFR Part 706

Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972

AGENCY: Department of the Navy, DoD.

ACTION: Final rule.

SUMMARY: The Department of the Navy (DoN) is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (DAJAG) (Admiralty and Maritime Law) has determined that USS RALPH JOHNSON (DDG 114) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with certain provisions of the 72 COLREGS without interfering with its special function as a naval ship. The intended effect of this rule is to warn mariners in waters where 72 COLREGS apply.

DATES: This rule is effective July 5, 2017 and is applicable beginning June 23, 2017.

SUPPLEMENTARY INFORMATION: Pursuant to the authority granted in 33 U.S.C. 1605, the DoN amends 32 CFR part 706. This amendment provides notice that the DAJAG (Admiralty and Maritime Law), under authority delegated by the Secretary of the Navy, has certified that USS RALPH JOHNSON (DDG 114) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provisions of 72 COLREGS without interfering with its special function as a naval ship: Annex I, paragraph 3(a), pertaining to the location of the forward masthead light in the forward quarter of the ship, and the horizontal distance between the forward and after masthead lights; Annex I, paragraph 3(c), pertaining to placement of task lights not less than two meters from the fore and aft centerline of the ship in the athwartship direction; Annex I, paragraph 2(f)(ii), pertaining to the placement of the masthead light or lights above and clear of all other lights and obstructions; and Annex I, paragraph 2(f)(iii), pertaining to the vertical placement of task lights. The DAJAG (Admiralty and Maritime Law) has also certified that the lights involved are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner differently from that prescribed herein will adversely affect the vessel’s ability to perform its military functions.

List of Subjects in 32 CFR Part 706

Marine safety, Navigation (water), Vessels.

For the reasons set forth in the preamble, the DoN amends part 706 of title 32 of the Code of Federal Regulations as follows:

PART 706—CERTIFICATIONS AND EXEMPTIONS UNDER THE INTERNATIONAL REGULATIONS FOR PREVENTING COLLISIONS AT SEA, 1972

1. The authority citation for part 706 continues to read:

2. Section 706.2 is amended by:

a. In Table Four, paragraph 15, adding, in alpha numerical order, by vessel number, an entry for USS RALPH JOHNSON (DDG 114); and

b. In Table Five, by adding, in alpha numerical order, by vessel number, an entry for USS RALPH JOHNSON (DDG 114).

The additions read as follows:

§ 706.2 Certifications of the Secretary of the Navy under Executive Order 11964 and 33 U.S.C. 1605.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG–2017–0510]

Drawbridge Operation Regulation; Sacramento River, Rio Vista, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation; modification.

SUMMARY: The Coast Guard has modified a temporary deviation from the operating schedule that governs the Rio Vista Drawbridge across Sacramento River, mile 12.8, at Rio Vista, CA. The modified deviation extends the period the bridge may open with one hour advance notice and is necessary to allow the bridge owner to make necessary emergency repairs to the bridge.

DATES: This modified deviation is effective without actual notice from July 5, 2017 through 4 a.m. on July 15, 2017. For the purposes of enforcement actual notice will be used from June 28, 2017 until July 5, 2017.

ADDRESSES: The docket for this deviation, [USCG–2017–0510], is available at http://www.regulations.gov. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Carl T. Hausner, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510–437–3516; email Carl.T.Hausner@uscg.mil.

SUPPLEMENTAL INFORMATION: On June 15, 2017, the Coast Guard published a temporary deviation entitled “Drawbridge Operation Regulation; Sacramento River, Rio Vista, California” in the Federal Register (82 FR 27423). That temporary deviation, from 7 p.m. on June 16, 2017 to 4 a.m. on July 1, 2017, allows the drawspan to open on one hour advance notice at three specified time periods. The bridge owner, California Department of Transportation, has requested a modification of the currently published deviation to extend from 4 a.m. on July 1, 2017 to 4 a.m. on July 15, 2017 in order to complete the necessary repairs to the bridge deck.

The Rio Vista Drawbridge, mile 12.8, across the Sacramento River, has a vertical clearance of 18 feet above Mean High Water in the closed-to-navigation position. In accordance with 33 CFR 117.5, the draw opens on signal. Navigation on the waterway is commercial, search and rescue, law enforcement, and recreational.

The drawspan will require a one hour advance notice at one specified period: From 6 p.m. on July 14, 2017 to 4 a.m. on July 15, 2017. A one hour advance notice will give enough time for the contractor to clear away equipment and workers before the drawspan can safely open for transiting vessels. Scaffolding will be installed below the bridge deck from July 1, 2017 through July 15, 2017, reducing the vertical clearance by 4 feet, and will extend from the west tower 48 feet into the navigational channel. This temporary deviation modification has been coordinated with the waterway users. No objections to the proposed temporary deviation modification were raised.

Approved: June 23, 2017.

A.S. Janin,
Captain, JAGC, U.S. Navy, Deputy Assistant Judge Advocate, General (Admiralty and Maritime Law).
