

have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Gap Period Liquidation

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures “gap” period, of the order, if such a gap period is applicable to the POR.

Administrative Protective Orders and Letters of Appearance

Interested parties must submit applications for disclosure under administrative protective orders in accordance with the procedures outlined in the Department’s regulations at 19 CFR 351.305. Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (e.g., the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

Factual Information Requirements

The Department’s regulations identify five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) Evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by the Department; and (v) evidence other than factual information described in (i)–(iv). These regulations require any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The regulations, at 19 CFR 351.301, also provide specific time limits for such factual submissions based on the type of factual information being submitted. Please review the final rule, available at <http://enforcement.trade.gov/frn/2013/>

1304frn/2013-08227.txt, prior to submitting factual information in this segment.

Any party submitting factual information in an antidumping duty or countervailing duty proceeding must certify to the accuracy and completeness of that information.⁴ Parties are hereby reminded that revised certification requirements are in effect for company/government officials as well as their representatives. All segments of any antidumping duty or countervailing duty proceedings initiated on or after August 16, 2013, should use the formats for the revised certifications provided at the end of the *Final Rule*.⁵ The Department intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable revised certification requirements.

Extension of Time Limits Regulation

Parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by the Secretary. See 19 CFR 351.302. In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) Case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning U.S. Customs and Border Protection data; and (5) quantity and value questionnaires. Under certain circumstances, the Department may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, the Department will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by

which extension requests must be filed to be considered timely. This modification also requires that an extension request must be made in a separate, stand-alone submission, and clarifies the circumstances under which the Department will grant untimely-filed requests for the extension of time limits. These modifications are effective for all segments initiated on or after October 21, 2013. Please review the final rule, available at <http://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in these segments.

Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People’s Republic of China: Preliminary Results and Preliminary Rescission of New Shipper Review; 2015–2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review (AR) and a new shipper review (NSR) of the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished (TRBs), from the People’s Republic of China (PRC). The AR covers six exporters, of which the Department selected two mandatory respondents for individual examination (i.e., Zhejiang Zhaofeng Mechanical & Electronic Co, Ltd. (Zhaofeng); and Zhejiang Zhengda Bearing Co., Ltd. (Zhengda)). The NSR covers Zhejiang Jingli Bearing Technology Co., Ltd. (Zhejiang Jingli). The period of review (POR) is June 1, 2015, through May 31, 2016.

We preliminarily determine that sales of subject merchandise have been made below normal value (NV). In addition, we preliminarily determine that Zhejiang Jingli’s sale to the United States is not *bona fide*. Therefore, we are

preliminarily rescinding this NSR. If these preliminary results are adopted in the final results of this review, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Interested parties are invited to comment on these preliminary results.

DATES: Effective July 6, 2017.

FOR FURTHER INFORMATION CONTACT: Andrew Medley or Whitley Herndon, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4987 or (202) 482-6274, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise covered by the order includes tapered roller bearings and parts thereof. The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 8482.20.00, 8482.91.00.50, 8482.99.15, 8482.99.45, 8483.20.40, 8483.20.80, 8483.30.80, 8483.90.20, 8483.90.30, 8483.90.80, 8708.70.6060, 8708.99.2300, 8708.99.4850, 8708.99.6890, 8708.99.8115, and 8708.99.8180. The HTSUS subheadings are provided for convenience and customs purposes only; the written description of the scope of the order is dispositive.¹

Preliminary Rescission of the NSR

As discussed in the Bona Fides Analysis Memorandum,² the Department preliminarily finds that the single sale made by Zhejiang Jingli to the United States during the POR is not a *bona fide* sale, as required by section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act).³ The Department reached this conclusion based on the

¹ For a complete description of the scope of the order, see memorandum from Gary Taverman, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Acting Assistant Secretary for Enforcement and Compliance, entitled "Decision Memorandum for the Preliminary Results of the 2015-2016 Antidumping Duty Administrative Review and New Shipper Review of Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, from the People's Republic of China" (Preliminary Decision Memorandum), issued concurrently with and hereby adopted by this notice.

² See Memorandum, "New Shipper Review of Tapered Roller Bearings and Parts Thereof from the People's Republic of China: Analysis of Zhejiang Jingli Bearing Technology, Ltd.'s Bona Fides as a New Shipper," dated June 29, 2017.

³ On February 24, 2016, the President of the United States signed into law the Trade Facilitation and Trade Enforcement Act of 2015, Public Law 114-125 (February 24, 2016), which made amendments to section 751(a)(2)(B) of the Act. These amendments apply to this determination.

totality of the circumstances surrounding the reported sale, including:

(I) the prices of such sales; (II) whether such sales were made in commercial quantities; (III) the timing of such sales; (IV) the expenses arising from such sales; (V) whether the subject merchandise involved in such sales was resold in the United States at a profit; (VI) whether such sales were made on an arms-length basis; and (VII) any other factor {it} determines to be relevant as to whether such sales are, or are not, likely to be typical of those the exporter or producer will make after completion of the review.⁴

Because the non-*bona fide* sale was the only reported sale of subject merchandise during the POR, and thus there are no reviewable transactions on this record, we are preliminarily rescinding the NSR. Because much of the factual information used in our analysis of Zhejiang Jingli's sale involves business proprietary information, a full discussion of the basis for our preliminary determination is set forth in the Bona Fides Analysis Memorandum.

Methodology

The Department is conducting this review in accordance with section 751(a)(1)(B) of the Act. As noted above, there are two mandatory respondents in this administrative review: Zhaofeng and Zhengda. For Zhaofeng, we calculated export prices in accordance with section 772 of the Act. In addition, we based the preliminary dumping margin for certain unreported sales discovered as a result of verification on adverse facts available (AFA).⁵ Because the PRC is a non-market economy (NME) within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For Zhengda, we preliminarily find that this respondent is ineligible for a separate rate because it has failed to demonstrate an absence of *de facto* government control in this administrative review. Therefore, we did not calculate a separate margin for Zhengda.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).

⁴ See section 751(a)(2)(B)(iv) of the Act.

⁵ See Preliminary Decision Memorandum, at "Application of Facts Available and use of Adverse Inferences."

ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content. A list of the topics discussed in the Preliminary Decision Memorandum is attached as the Appendix to this notice.

Rate for Non-Examined Companies Which Are Eligible for a Separate Rate

As indicated in the "Preliminary Results of Review" section below, we preliminarily determine that a margin of 76.93 percent applies to the three firms not selected for individual review but determined to be eligible for a separate rate. For further information, see the Preliminary Decision Memorandum at "Separate Rate Assigned to Non-Selected Companies."

Preliminary Results of Review

Two companies involved in the administrative review, Zhengda and Yantai CMC Bearing Co. Ltd./CMC Bearing Co. Ltd. (Yantai CMC) did not demonstrate that they were entitled to a separate rate.⁶ Therefore, the Department preliminarily finds Zhengda and Yantai CMC to be part of the PRC-wide entity.⁷ The rate previously established for the PRC-wide entity is 92.84 percent.

The Department preliminarily determines that the following weighted-average dumping margins exist for the period June 1, 2015, through May 31, 2016:

⁶ With respect to Yantai CMC, we note that the *Initiation Notice* listed this company as "Yantai CMC Bearing Co. Ltd./CMC Bearings Co. Ltd." However, the review request was for Yantai CMC Bearing Co. Ltd./CMC Bearing Co. Ltd. This notice corrects the *Initiation Notice* and clarifies that this review covers Yantai CMC Bearing Co. Ltd./CMC Bearing Co. Ltd. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 81 FR 53121 (August 11, 2016) (*Initiation Notice*).

⁷ See Preliminary Decision Memorandum, at 12-13. Pursuant to the Department's change in practice, the Department no longer considers the NME entity as an exporter conditionally subject to administrative reviews. See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963, 65970 (November 4, 2013). Under this practice, the NME entity will not be under review unless a party specifically requests, or the Department self-initiates, a review of the entity. Because no party requested a review of the entity, the entity is not under review and the entity's rate is not subject to change.

Exporters	Weighted-average percent margins
Zhejiang Zhaofeng Mechanical & Electronic Co., Ltd.	76.93
GSP Automotive Group Wenzhou Co., Ltd.*	76.93
Hangzhou Yonggu Auto-Parts C., Ltd.*	76.93
Zhejiang CTL Auto Parts Manufacturing Incorporated Co., Ltd.*	76.93

* This company was not selected as a mandatory respondent but is subject to this administrative review and demonstrated that it qualified for a separate rate in this administrative review.

Disclosure and Public Comment

The Department will disclose calculations performed for these preliminary results to the parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review.⁸ Rebuttals to case briefs may be filed no later than five days after case briefs are filed and all rebuttal briefs must be limited to comments raised in the case briefs.⁹ Parties who submit comments are requested to submit with the argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹⁰

Any interested party may request a hearing within 30 days of publication of this notice.¹¹ Hearing requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs.¹² If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.¹³

All submissions, with limited exceptions, must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by 5 p.m. Eastern Time (ET) on the due date. Documents excepted from the electronic submission requirements must be filed manually (*i.e.*, in paper form) with the APO/ Dockets Unit in Room 18022 and

stamped with the date and time of receipt by 5 p.m. ET on the due date.

Unless otherwise extended, the Department intends to issue the final results of this administrative review, which will include the results of its analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results of the administrative review, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁴ For Zhaofeng, which has a weighted-average dumping margin which is not zero or *de minimis* (*i.e.*, less than 0.5 percent), we will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those sales, in accordance with 19 CFR 351.212(b)(1). For entries that were not reported in the U.S. sales databases submitted by Zhaofeng, the Department will instruct CBP to liquidate such entries at either the AFA rate (related to sales discovered as a result of verification, which will be identified in the liquidation instructions by the applicable customer name)¹⁵ or the PRC-wide rate (for sales made by resellers).

For the respondents which were not selected for individual examination in this administrative review and which qualified for a separate rate, the assessment rate will be equal to the weighted-average dumping margin assigned to Zhaofeng in the final results of this administrative review. For the final results, if we continue to treat Yantai CMC and Zhengda as part of the PRC-wide entity, we will instruct CBP to apply an *ad valorem* assessment rate of 92.84 percent, the current rate established for the PRC-wide entity, to all entries of subject merchandise during the POR which were exported by Yantai CMC and Zhengda.

If we proceed to a final rescission of the NSR, Zhejiang Jingli's entries will be assessed at the rate entered. If we do not proceed to a final rescission of the NSR, pursuant to 19 CFR 351.212(b)(1), we will calculate an importer-specific assessment rate for Zhejiang Jingli. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this NSR if the importer-specific

assessment rate calculated in the final results of this NSR is above *de minimis*.

We intend to issue assessment instructions to CBP 15 days after the publication of the final results of these reviews.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed above which have a separate rate, the cash deposit rate will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, then a cash deposit rate of zero will be established for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the PRC-wide entity, 92.84 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

If the Department proceeds to a final rescission of the NSR, the cash deposit rate will continue to be the PRC-wide rate for Zhejiang Jingli because the Department will not have determined an individual margin of dumping for this company. If the Department issues final results for the NSR, the Department will instruct CBP to collect a cash deposit, effective upon the publication of the final results, at the rate established therein.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before September 5, 2017.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at pracomments@doc.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a current information collection.

The Groundfish Trawl Catcher Processor Economic Data Report (the EDR) collects information for the Gulf of Alaska Trawl Groundfish Economic Data Report Program (GOA Trawl EDR Program) and for Amendment 80 to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area.

The GOA Trawl EDR Program evaluates the economic effects of current and future groundfish and prohibited species catch (PSC) management measures for GOA trawl fisheries. This program provides the National Marine Fisheries Service (NMFS) and the North Pacific Fishery Management Council with baseline information on affected harvesters, crew, processors, and communities in the GOA.

Amendment 80 to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area primarily allocates several BSAI non-pollock trawl groundfish fisheries among fishing sectors, and facilitates the formation of harvesting cooperatives among vessels in the Non-American Fisheries Act (non-AFA) Trawl Catcher/Processor Cooperative Program. This program established a limited access privilege program for the non-AFA trawl catcher/processor sector.

Data collected through the EDR includes labor information, revenues received, capital and operational expenses, and other operational or financial data. This information is used to assess the economic effects of Amendment 80 on vessels or entities regulated by the non-AFA Trawl Catcher/Processor Cooperative Program, and impacts of major changes in the groundfish management regime, including allocation of PSC species and target species to harvesting cooperatives.

The EDR is submitted annually by vessel owners and leaseholders of GOA

trawl vessels, processors receiving deliveries from those trawl vessels, and Amendment 80 catcher/processors harvesting in the GOA and BSAI. Submission of the EDR is mandatory.

II. Method of Collection

The EDR may be submitted online, or by mail or facsimile transmission of paper forms. Pacific States Marine Fisheries Commission (PSMFC) has been designated by NMFS as the Data Collection Agent. PSMFC mails EDR announcements and filing instructions to respondents by April 1 of each year. Respondents are encouraged to complete the form online on the PSMFC Web site at <https://survey.psmfc.org>. The EDR is also available in fillable PDF format on the PSMFC Web site at <http://www.psmfc.org/goatrawl/>.
