SUPPLEMENTARY INFORMATION

I. Abstract

The United States Patent and Trademark Office (USPTO) administers the Trademark Act, 15 U.S.C. 1051 et seq., which provides for the Federal registration of trademarks, service marks, collective trademarks and service marks, collective membership marks, and certification marks. Individuals and businesses that use or intend to use such marks in commerce may file an application to register their marks with the USPTO.

Such individuals and business may also submit various communications to the USPTO regarding their pending applications or registered trademarks, including providing additional information needed to process a pending application, filing amendments to the applications, or filing the papers necessary to keep a trademark in force. In the majority of circumstances, individuals and business retain attorneys to handle these matters. As such, these parties may also submit communications to the USPTO regarding the appointment of attorneys to represent applicants or registrants in the application and post-registration processes or, in the case of applicants or registrants who are not domiciled in the United States, the appointment of domestic representatives on whom may be served notices of process in proceedings affecting the mark, the revocation of an attorney’s or domestic representative’s appointment, and requests for permission to withdraw from representation.

The rules implementing the Act are set forth in 37 CFR part 2. In addition to governing the registration of trademarks, the Act and rules also govern the appointment and revocation of attorneys and domestic representatives and provide the specifics for filing requests for permission to withdraw as the attorney of record. The information in this collection is available to the public.

The information in this collection can be submitted in paper form or electronically through the Trademark Electronic Application System (TEAS). The information in this collection can be collected in three different formats: paper format, electronically using TEAS forms with dedicated data fields, or electronically using the TEAS Global Form format. The TEAS Global Form format permits the USPTO to collect information electronically when a TEAS form having dedicated data fields is not yet available.

This collection currently has two TEAS forms and two TEAS Global Forms. There are no official paper forms for the items in this collection.

II. Method of Collection

The forms in this collection are available in electronic format through TEAS, which may be accessed on the USPTO Web site. TEAS Global Forms are available for the items where a TEAS form with dedicated data fields is not yet available. Applicants may also submit the information in paper form by mail, fax, or hand delivery.

Estimated Time per Response: The USPTO estimates that the response time for activities related to this collection will take the public approximately 5 to 30 minutes (0.08 to 0.50 hours) to complete this information (See Table 1). This includes the time to gather the necessary information, prepare the requests, and submit them to the USPTO. The time estimates shown for the electronic forms in this collection are based on the average amount of time needed to complete and electronically file the associated form.

Estimated Time Annual Burden Hours: 7,840.77 hours.

Estimated Total Annual Respondent (Hourly) Cost Burden: $3,214,715.70

The USPTO expects that attorneys will complete these applications. The professional hourly rate for attorneys is $410. The rate is established by estimates in the 2015 Report on the Economic Survey, published by the Committee on Economics of Legal Practice of the American Intellectual Property Law Association. Using this hourly rate, the USPTO estimates that the total respondent burden for this collection is $3,214,715.70 per year.

Estimated Total Annual (Non-Hour) Respondent Cost Burden: There are no filing fees or capital start-up, maintenance, operation, or recordkeeping costs associated with this information collection. However, this collection does have postage costs associated with it. Applicants incur postage costs when submitting the information in paper format to the USPTO by mail through the United States Postal Service. The USPTO estimates that the majority (98%) of the paper forms are submitted to the USPTO via first-class mail. The USPTO estimates that 289 paper submissions will be mailed for a total non-hour respondent cost burden of $82.81.
