## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-81069; File No. SR-Phlx-2017-49]

### Self-Regulatory Organizations; NASDAQ PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Regarding Delivery of Options Disclosure Documents and Special Statement for Uncovered Options Writers

June 30, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

(“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on June 20, 2017 NASDAQ PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 1029, Delivery of Options Disclosure Documents.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchanges proposes to amend Rule 1029 in two respects, first in connection with the required delivery to customers of any amended Options Disclosure Document (“ODD”), and second to set forth for the use of members and member organizations a Special Statement for Uncovered Options Writers for delivery to customers.

###### Delivery of Amended Options Disclosure Documents

Rule 1029 currently requires every member and member organization to deliver a current ODD to each customer at or prior to the time such customer's

account is approved for options trading. The rule also contains a requirement that each amended ODD shall be distributed to every customer having an account approved for trading the options class(es) to which such ODD relates, or, the alternative, shall be distributed not later than the time a confirmation of a transaction is delivered to each customer who enters into an option transaction pertaining to such an options class. The language concerning amended Options Disclosure Documents is somewhat awkward and cumbersome, with the required *timing* of the provision of the amended ODD presented as “an alternative” to a requirement that the amended ODD be distributed in the first place to every customer having an account approved for trading the options classes(es) to which such ODD relates. The Exchange proposes to delete this language, and to replace it with more straightforward language requiring a copy of each amendment to an ODD to be furnished to each customer who was previously furnished the ODD to which the amendment pertains, not later than the time a confirmation of a transaction in the category of options to which the amendment pertains is delivered to such customer. This language is based upon comparable language in Chapter 11, Section 15(a)(ii), of the Nasdaq Options Market rules, Nasdaq ISE Rule 616(a)(2), and Chicago Board Options Exchange (“CBOE”) Rule 9.15(a). The Exchange is also making a minor edit to the introductory sentence, substituting the word “transactions” for the word “trading” in order to conform to the terminology used by the foregoing exchanges.

###### Special Statement for Uncovered Options Writers

Rule 1024(c)(v) requires every member organization transacting business with the public in uncovered option contracts develop, implement and maintain specific written procedures governing the conduct of such business, including requirements that customers approved for writing uncovered short options transactions be provided with a special written description of the risks inherent in writing uncovered short option transactions, at or prior to the initial uncovered short option transaction. This written disclosure document must be furnished to customers in addition to the ODD required to be provided to customers trading in options pursuant to Rule 1029(a). Current Rule 1029(b) states that the written description of risks required by Rule 1024(c)(v) shall be in a format prescribed by the

<sup>1</sup> 15 U.S.C. 78s(b)(1).
