Additionally, the submitter should type "Business Confidential GSP Review of Bolivia" in the "Type Comment" field. Filers of submissions containing business confidential information also must submit a public version of their comments that we will place in the docket for public inspection. The file name of the public version should begin with the character "P". The "BC" and "P" should be followed by the name of the person or entity submitting the comments. Filers submitting comments containing no business confidential information should name their file using the name of the person or entity submitting the comments.

You will receive a submission tracking number upon completion of the submissions procedure at <https://www.regulations.gov>. The tracking number is your confirmation that the submission was received into <https://www.regulations.gov>. The GSP Subcommittee is not able to provide technical assistance for the Web site. The GSP Subcommittee may not consider documents that are not submitted in accordance with these instructions.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2017–0175]

Hours of Service of Drivers: Application for Exemption; Pipe Line Contractors Association (PLCA)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that the Pipe Line Contractors Association (PLCA) has requested an exemption from the requirement that a motor carrier install and require each of its drivers to use an electronic logging device (ELD) to record the driver's hours-of-service (HOS) no later than December 18, 2017. PLCA requests the exemption for all pipeline contractor vehicle drivers. These drivers typically utilize the short-haul exception to the logging requirement, which also exempts them from using ELDs.

Sometimes, however, they may exceed the conditions of the short-haul exception more than 8 days in a 30-day period, which would subject them to the ELD rule. PLCA's exemption request is addressed to that situation. These drivers would remain subject to the standard HOS limits and maintain a paper record of duty status (RODS) for HOS compliance. PLCA believes that the exemption, if granted, will achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent the exemption. The term of the requested exemption is 5 years. FMCSA requests public comment on PLCA's application for exemption.

DATES: Comments must be received on or before August 9, 2017.

ADDRESSES: You may submit comments identified by Federal Docket Management System (FDMS) Number FMCSA–2017–0175 by any of the following methods:
